The "Lady's Friend" for January is out, which fully bears out its high reputation; it has now entered its second year. The leading steel engraving, "Hush! it is Asleep," is a beautiful picture, and will doubtless go right to the hearts of the ladies. The Fashion Plate-a double one, as usual-is very handsome indeed, admirably engraved on steel, and richly colored. Then there is a colored design of a Work Table Companion, a very useful lady, as she seems, in red and yellow and blue; and numerous other engravings of the Fashions. Work Table Department, &c. The Music of this number is a piece entitled "I stood within our Cottage Hall." The literary contents are excellent. Now is the time to commence subscriptions. Price \$2:50, or 2 copies for \$4; 9 for \$16; 21 for \$35. Specimen numbers will be sent to those desirous of making up clubs for 15 cts. Wheeler & Wilson's celebrated Sewing Machines are furpished as Premiums. Address Deacon & Peterson, 319 Walnut street, Philadelphia.

Analysis of the Mass. State Assayer. [1858.] When evaporated through clean linen it left when experient mough clean much rich no oil or offensive matter. In every respect it is a fure spirituous liquor. The oil which gives to this Brandy its flavor and aroma, is wholly unlike fusil or grain oil. Its odor partakes of both the fruit and oil of grapes. With acids it produces ethers of a high fragrance. The substitution of this Brandy for Cognac Brandy will do away with the manufacture of ricritrious spirits, sold under this name both at home and abroad. Respectfully,

A. A. HAYES, M. D., State Assayer, 16 Boyleston-st.

By the same, in 1864. I have analysed "L. Lyons' Pure Catawba Brandy," with reference to its composition and character, being the same as that produced in character, being the same as that produced in past years. A sample taken from ten casks afforded the same results with regard to purity; a slightly increased amount of the principle on which its flavor depends was determined by comparison with former samples.

The indications of analysis show that this Brandy is produced by the same process as most of the imported Brandy.

Respectfully, A. A. HAYES, M. D.,
