S. 7-80 LOAN.

The Secretary of the Treasury gives notice that subscriptions will be received for Coupon Treasury Notes, payable three years from August 15th, 1864 with semi annual interest at the rate of seven and three-tenths per-cent

per annum,—principal and interest both to be paid in lawful money.

These notes will be convertible at the option of the holder at maturity, into six per cent. gold bearing bonds, payable not less than five nor more than twenty years from their date, as the Government may elect. They will be issued in denominations of \$50, \$100, \$500, \$1,000 and \$5,000, and all subscriptions mus for fifty dollars or some multiple of fifty lollars.

The notes will be transmitted to the owners free of transportation charges as soon after the receipt of the original Certificates of Deposit as they can be prepared

As the notes draw interest from August 15, persons making deposits subsequent to that

persons making deposits subsequent to that date must pay the interest accrued from date of note to date of deposit.

Parties depositing twenty-five thousand dollars and upwards for these notes at any one time, will be allowed a commission of one quarter of one per cent. which will be paid by the Treasury Department upon the receipt of a bill for the amount, certified to by the officer with whom the deposit was made. No deductions for commissions must be made from the deposits.

· Special Advantages of this Loan. It is a National Savings Bank, offering a higher rate of interest than any other, and the best security. Any savings bank which pays its depositors in U. S. Notes, considers that it is payinn best circulating medium of the country, and it cannot pay in anything bester, for its own assets are either in government security in the country of the countr curities or in notes or bonds payable in govern nent paper.

It is equally convenient as a temporary or

permanent investment. The notes can always be sold for within a fraction of their face and accumulated interest, and are the best security with banks as coluterals for discounts.

Convertable into a Six per cent, 5-20 Gold Bond.In addition to the very liberal interest on the

notes for three years, this privilege of convers-ion is now worth about 3 per cent. per an-num, for the current rate for 5-20 Bonds is not less than 9 per cent. premium, and before the war the premium on 6 per cent. U. S. Stocks was over 20 per cent. It will be seen that the actual profit on this loan, at the present market rate, is not less than ten per cent. per an um. Its exemption From State or Municipal Taxation.

But aside from all the advantages we have enumerated, a special Act of Congress exempts all Bonds and Treasury Notes from local tax-ation. On the sverage, this exemption is worth about two per cent. per annum, according to the rate of taxation in various parts of

ne country.

It is believed that no securities offer so great inducements to lenders as those issued by the government. In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or seperate communities, on-ly, is pledged for payment, while the whole property of the country is held to secure the ischarge of all the obligations of the United While the government offers the most liber-

al terms for its loans, it believes that the ver strongest appeal will be to the loyalty and patriotism of the people.

Duplicate certificates will be issued for all Duplicate certificates will be issued for all deposits. The pastry depositing must endorse upon the original certificate the denomination of notes required, and whether they are to be issued in blank or payable to order. When so endorsed it must be left with the officer receiving the deposit, to be forwarded to the

Treasury Department.

Supscriptions will be received by the Treasurer of the United States, at Washington, the Several Assistant Treasurers and designated Depositaries, and by the

First National Bank of Marietta, and by all National Banks which are depositaries of public money, and all respectable BANKS AND BANKERS throughout the country will give further information and afford every facility to subscribers

Many are aware of the cause of their suffer-ing, but none will confess the records of the Insane Asylums.

Melancholy deaths by Consumption bear ample witness to the truth of the assertion.

The Constitution once effected with Organic weakness requires the aid of medicine to strengthen and invigorate the system, which HELMBOLD'S EXTRACT BUCHU

in variably does. A trial will convince the most skeptical.

FEMALES—FEMALES. In many affections peculiar to females the Extract Buchu is uneaqualed by any other remedy, as in Chlorosis or Retention, Irregularity, Painfulness or suppression of customary evacuations, Ulcerated or Scirrhous state of the Uterus, Leuchorrhoea or Whites, Sternlity, and for all complaints incident to the sex, whether arising from indirections.

As Kunkel's Bitter Wine of Iron is the only sure and effectual remedy in the known world for the permanent cure of Dyspepsia and Debility, and as there are a number of imitations offerer to the public, we would caution the community to purchase none but the genuine article, manufactured by S. The very fact that others are attempting to imitate this valuable remedy, proves its worth and speaks volumes in its tawn.

The Bitter Wine of Iron is put up in 75 cent and \$1 00 bottles, and sold by all respectable druggists throughout the country. Be particular that every bottle bears the fac simile of the proprietor's signature.

This Wine includes the most agreeable and

I do this more readily in regard to Hoofland's German Bitters, prepared by Dr. C. M. Jackson because I was prejudized against them for a number of years, under the impression that they were chiefly an alcoholic mixture. I am indebted to my friend Rob't Shoemaker, esq. for the removal of this prejudice by proper tests, and for encouragement to try them, when suffering from great and long debility. The use of three bottles of these bitters, at the be-ginning of the present year, was followed by evident relief, and restoration to a degree of bodily and mental vigor which I had not felt for six months before, and had aimost dispaired of regaming. I therefore thank God and my friend for directing me to the use of them.
