of the holder at maturity, into six per cent of the holder at maturity, into a large property of the holder at maturity, into the nor more than twenty years from their date, as the Government may elect. They will be issued in denominations of \$50, \$100, \$100, \$100, \$1.000 and \$5,000, and all subscriptions must be a subscription of \$60. for fifty dollars or some multiple of fifty

The notes will be transmitted to the owners free of transportation charges as soon after the receipt of the original Certificates of De-posit as they can be prepared As the notes draw interest from August 15,

As the notes draw interest from August 15, persons making deposits subsequent to that date must pay the interest accrued from date of note to date of deposit.

Parties depositing twenty-five thousand dollars and upwards for these notes at any one time will be allowed a commission of one quarter of one per cent. which will be paid by the Treasury Denattment upon the receint by the Treasury Department upon the receipt of a bill for the amount, certified to by the officer with whom the deposit was made. No deductions for commissions must be made

Special Advantages of this Loan. It is a National Savings Bank; offering a higher rate of interest than any other, and the best security. Any savings bank which pays its depositors in U. S. Notes, considers that it is payinn best circulating medium of the country, and it cannot pay in anything better, for its own assets are either in government services are in setter or bands now the line government services. curities or in notes or bonds payable in govern-

ment paper.

It is equally convenient as a temporary or ermanent investment. The notes can always a sold for within a fraction of their face and accumulated interest, and are the best security with banks as colaterals for discounts.

Convertable into a Six per cent, 5-20 Gold Bond.

In addition to the very liberal interest on the notes for three years, this privilege of convers-ion is now worth about 3 per eent. per an-num, for the current rate for 5-20 Bonds is not num, for the current rate for 3-20 honous is not less than 9 per cent. premium, and before the war the premium on 6 per cent. U. S. Stocks was over 20 per cent. It will be seen that the actual profit on this loan, at the present market rate, is not less than ten per cent. per annum. Its exemption

From State or Municipal Taxation. But aside from all the advantages we have enumerated, a special Act of Congress exempts all Bonds and Treasury Notes from local tax-ation. On the average, this exemption is worth about two per cent. per annum, accordng to the rate of taxation in various parts of

e country.
It is believed that no securities offer so great inducements to lenders as those issued by the government. In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or seperate communities, only, is pledged for payment, while the whole property of the country is held to secure the discharge of all the obligations of the United

States.

While the government offers the most liberat terms for its loans, it believes that the very strongest appeal will be to the loyalty; and patriotism of the people.

patriotism of the people.

Duplicate certificates will be issued for all deposits. The party depositing must endorse upon the original certificate the denomination of notes required, and whether they are to be issued in blank or payable to order. When so endorsed it must be left with the officer recivies the denomination for provided to the

reasury Department.
Supscriptions will be received by the Treasurer of the United States at Washington, the several Assistant Treasurers and designated Depositaries, and by the

First National Bank of Marietta, and by all National Banks which are deposi BANKS AND BANKERS

throughout the country will give further infor-mation and afford every facility to subscribers.

Wringer is us near iperfect as possible, and l can cheerfully recommend it to bethe best in us. Respectfully yours.

business'entitle me' to inflorse the above statements incall panticulurs.?

JAO. C. LEFFERTS, 100 Beekman St.

New York, January, 1864.

We have tested Pittnam's Clothes Wringer by, practical working, and know that it will do. It is cheap; it is simple; if requires to room, whether at work or at rest; a child can operate it; it does its duty thoroughly: it saves time and it saves wear and tear. We earnestly advise all who have much washing to do, with all intelligent persons who have any, to buy this Wringer. It will pay for itself in a year at most. HORACE GREEKY.
