We are under obligations to Mr. Child, for early garden seeds from the Agricultural Bureau, Washington.

The late Fresh Air, having attained a height of over twenty-one inches higher than the great flood of 1846, the Susquehanna commenced to fall, and that too, rapidly. It was at its highest point about noon on Saturday last.

A mark had been made on the key hole of the river, or outside door, of the Pilot warehouse, situated between the canal and river, marking the height of the '46 flood, and at noon on Saturday a party went out in a skiff and found that mark covered by over 21 inches. It remained stationary for several hours, when it commenced to fall, and in a short time Front street was cleared of the much dreaded invader.

On Sunday several excursions were made up and down Front street in skiffs. Nearly all of the canal bridge abutments, which were just being put up, preparatory to the removal of the tow path to the lower side of the canal, in order to allow the present tow path to be used for the second railroad track, about to be laid, were much damaged and some of the bridges swept away.

The bottom of the canal and many points along Front street are now literally piled up with round and square timber, trees, and debris of every description, and many are busy cutting up everything into stove wood, verifying the old saw "that it is an ill wind that blows nobody good," as nearly every person on Front street has a huge pile of wood. The injury done the railroad and canal has been very great. No trains for five or six days passed up or down the road; on Sunday, however, the Pennsylvania railroad company commenced repairing—all the hands that could be got were put to work.

The railroad bridge across Chiques creek had been moved several feet from its foundation—the track near the Henry Clay furnace for several hundred yards had been entirely swept into the canal and a long stretch of the tow path and the high wall below Chiques was washed even with the canal bottom, into the river. On Wednesday evening freight trains began to run. Telegraph communication—east and west—for several days had been cut off, and for our mails we had to send private conveyances to Columbia, and thus, for nearly a week, we appeared to be cut off "from all the world and the rest of mankind."

Alas we are now busy at work on the railroad and canal and the work of repair will be vigorously pushed forward. A large saw mill, said to have come from Little Island, near Middletown, lodged across the canal near Musser & Miller's mill—one end resting on the tow path and the other on the bank of the canal—a log is on the carriage way and the saw set; at the other end of the mill is a large pile of tobacco as if just being prepared for market, indicating clearly that the mill had been hastily abandoned. The work of pumping out the cellars on Front street is now being generally done.

Marcellus Jerome Clark, alias "Sue Mundy," was hung in Louisville, Ky., on the 15th instant. Dr. Grove of this borough, now stationed at one of the Hospitals in that city, sent us a copy of the Louisville Journal, containing a full description of the execution. Clark was very young—not twenty-one until August next, and had been a guerrilla for over three years. He said on the gallows that he had not perpetrated the fourth of the crimes attributed to him, more than enough, however, to have long since deserved death.

Mr. Editor:—During the past winter—from the 18th of November to the present date—the musical class of Dr. and Mrs. Worrall, held in the M. E. Church, has been an entire success; and at the close of the second session, many friends of music were present and were delighted at hearing such charming music. Rev. Mr. Gregg made his farewell address to the class, which will long be remembered by all present. The third session has just commenced, which in future will be known as the "Musical Union of Marietta," enters with increased numbers. It is to be hoped our citizens will soon hear them in a public concert.

The "Viv! America Troupe" gave a couple of concerts in the Town Hall, on Wednesday and Thursday evenings. The singing was very fine—the bass particularly so—whilst Mons. Dubois with his budget of French, English and American blunders kept the house continually in a roar of laughter. They will visit us again and deserve a better audience.

The closing exercises of the Marietta High school, took place on Thursday evening last. We could not be present, but learn that everything passed off much to the credit of Mr. Hoffmeier, the principal, and the pupils. Mr. H. will open a select summer school, commencing on the 10th of April. See his card in another column.

In looking over the last number of the Middletown Journal, we find our former townsman, William D. Hendrickson, has been elected one of the Council men of that place. W. D. is a loyal and an energetic young gentleman and will make a progressive member of that body.

BROWNING'S Excelsior Coffee.

Whilst trying Coffee of all the various brands. Remember "BROWNING'S EXCELSIOR"—at the head it stands. True, it's not like others that are "SOLD EVERYWHERE." (But a stretch like this—"sold everywhere"—is very apt to tear.) Now, I can safely say, without any hesitation. There's none like "BROWNING'S EXCELSIOR" in this enlightened age. Skilled chemists have not found a Coffee from any store Possessing the same ingredients as "Browning's Excelsior." Nor is there any one, in or out of the Coffee

Who knows the articles from which "Browning's Excelsior" is made, I'm told it's made from barley, rye, wheat, beans, and peas; Name a dozen other things—but the RIGHT ONE if you please. But with the Coffee—men I will not hold contention For the many, many things they say—too numerous to mention. Whilst they're engaged in running round from store to store. To learn the current wholesale price of "Browning's Excelsior." Some who know my Coffee gives perfect satisfaction. Have no other plan by which they hope to cause a quick reaction. The case—"tis with a few; no doubt 'twill be more—"

To name their Coffee after mine, (BROWNING'S) EXCELSIOR." Some say they'll "swear-brant" that will stand a ready test. Now, try a little of them all—see which you like the best. Three years have passed away since I first sold a single pound of good strong coffee. Never have I in your paper advertised before; Nor would I now, or ever consent to publish more. If like some used by "everybody," "sold everywhere," "in every store." A trade name that does not wish; the orders I could not fill; The factory all Jersey's hand would take—leave not a foot to tilt. My trade is not so very large; still I think I have my share; But, as you may rest assured, "tis NOT "SOLD EVERYWHERE."

Manufactured and for Sale by the writer, GEORGE L. BROWNING, No. 20 Market street Camden, New Jersey. This coffee is not composed of poisonous drugs it contains nothing deleterious; many persons use this Coffee that cannot use the pure coffee; it takes but one and a half cents to make a quart of good strong coffee, that being just one-half the quantity it takes of Java Coffee, and always less than half the price. RETAIL DEALERS may purchase it in less quantities than I can gross at my prices from the Wholesale Grocers of Philadelphia. Orders by mail from Wholesale Dealers promptly attended to. [28-3m]

AGRICULTURAL CHEMICAL COMPANY'S Cheap Fertilizers. THE FERTILIZERS prepared by the Agricultural Chemical Company, [a company chartered by the legislature of Pennsylvania with a capital of \$250,000] have been proved in practice to be the cheapest, most profitable and best, for the Farmer, Gardener and Fruit Grower, of all concentrated manures now offered in any market. U. S. 7-30 LOAN.

By authority of the Secretary of the Treasury, the undersigned has assumed the General Subscription Agency for the sale of United States Treasury Notes, bearing seven and three tenths per cent. interest, per annum, known as the SEVEN-THIRTY LOAN. These Notes are issued under date of August 15th, 1864, and are payable three years from that time, in currency, or are convertible at the option of the holder into U. S. 5-20 SIX PER CENT. GOLD-BEARING BONDS. These bonds are now worth a premium of nine per cent. including gold interest from Nov., which makes the actual profit on the 7-30 loan, at current rates, including interest, about ten per cent. per annum, besides its exemption from State and municipal taxation, which adds from one to three per cent. more, according to the rate levied on other property. The interest is paid semi-annually by coupons attached to each note, which may be cut off and sold to any bank or banker.

The interest amounts to One cent per day on a \$50 note Two cents " " " \$100 " Ten " " " " \$500 " 20 " " " " \$1000 " \$1 " " " " \$5000 "

Notes of all the denominations named will be promptly furnished upon receipt of subscriptions. This is The Only Loan in Market now offered by the Government, and it is confidently expected that its superior advantages will make it the Great Popular Loan of the People. Less than \$200,000,000 remain unsold, which will probably be disposed of within the next 60 or 90 days, when the notes will undoubtedly command a premium, as has uniformly been the case on closing the subscriptions to other Loans.

In order that citizens of every town and section of the country may be afforded facilities for taking the loan, the National Banks, State Banks, and Private Banks throughout the country have generally agreed to receive subscriptions at par. Subscribers will select their own agents, in whom they have confidence, and who only are to be responsible for the delivery of the notes for which they receive orders. JAY COOKE, SUBSCRIPTION AGENT, Philadelphia. Subscriptions will be received by The First National Bank of Marietta.

PORCELAIN SALE. Gold and Silver Watches, Jewelry, &c. ON THE ONE DOLLAR PLAN. The entire stock of one Gold and Silver Watch Manufactory, Two Immense Jewelry Establishments, One Silver Plating Warehouse, One Gold Pen and Pencil Maker, AND BE DISPOSED OF WITH DISPATCH WITHOUT REGARD TO COST! The Goods are of fashionable styles and most excellent workmanship, and are sacrificed in this manner to relieve the proprietors from embarrassment occasioned by a distracting civil war. It should be prominently stated, also, that they are ALL AMERICAN MANUFACTURE and therefore greatly superior to the goods imported from abroad and hawked about as the cheapest ever sold. The simple duty on imported goods and the high premium on Gold (all foreign bills are payable in gold), amount to more than the entire cost of many of the articles offered by us to the public. To facilitate the sale ONLY ONE DOLLAR will be charged for any article on our list, and this sum the purchaser need not pay until he knows what he is to get! This plan accords with the method recently become so popular for disposing of large stocks of Jewelry and similar productions. THE PLAN IS SIMPLE! The name of each article offered for sale—as "Gold Hunting Watch," "Gold Oval-Band Bracelet," "Pearl Breastpin and Ear-Drops," "Hold Enamelled Ring," "Silver Plated Cake Basket," &c., is written on a card and enclosed in a sealed envelope; these envelopes are then placed in a drawer and well mixed; then as an order is received, with twenty-five cents for return postage and other charges, one of the cards or certificates is taken at random and sent by first mail to the customer, who will see at once what he can get for One Dollar. If he is pleased with his fortune he can forward the money according to directions on the certificate and secure the prize. If the article awarded should be unsuited to the purchaser—as for example, a set of Pearl Ear Drops and Breastpin to a young man who could not wear them, and had no one to give them to—we will send any other article on the catalogue of equal price which may be preferred. Or, if, for any reason, you choose to venture no further, then you can let the matter drop where it is and spend no more. Examine carefully our Catalogue!
