

PUTNAM'S CLOTHES WRINGER.

It is the only reliable self-adjusting wringer.

No wood-work to swell or split. No thumb-screws to get out of order.

Warranted with or without Cog-Wheels. It took the First Premium at Fifty-seven State and County Fairs in 1864, and is without an exception, the best Wringer ever made.

Patented in the United States, England, Canada, and Australia. Agents wanted in every town.

Enormous agents can make from 3 to 10 Dollars per day.

WHAT EVERYBODY KNOWS, viz: That iron well galvanized will not rust;

That a simple machine is better than a complicated one;

That a Wringer should be self-adjusting, durable, and efficient;

That Thumb-Screws, and Fastenings cause delay and trouble to regulate and keep in order;

That wood soaked in hot water will swell, shrink and split;

That wood bearings for the shaft to run in will wear out;

That the Putnam Wringer, with or without cog-wheels, will not tear the clothes;

That cog-wheel regulators are not essential;

That the Putnam Wringer has all the advantages, and not one of the disadvantages above named;

That all who have tested it, pronounce it the best Wringer ever made;

That it will wring anything from a thread to a bed quilt without alteration;

That it is the only paper with testimonials, but insert only a few to convince the skeptical, if such there be; and we say to all, test Putnam's Wringer.

Test it thoroughly with any and all others, and if not fully satisfactory, return it.

Putnam Manufacturing Co.

GENTLEMEN: I know from practical experience that iron well galvanized with zinc will not oxidize or rust on a particle. The Putnam Wringer is as perfect as possible, and I can, cheerfully recommend it to be the best in use.

Respectfully yours,

J. W. WHEELER.

Cleveland, Ohio.

Many years' experience in the galvanizing business enable me to endorse the above statements in all particulars.

J. C. LEFFERS, 100 Beckman-St. New York, January, 1864.

We have tested Putnam's Clothes Wringer by practical working, and know that it will not, it is cheap; it is simple; it requires no room, whether at work or at rest; a child can operate it; it does its duty thoroughly; it saves time and it saves wear and tear.

We earnestly advise all who have much washing to do, with all intelligent persons who have any, to buy this Wringer. It will pay for itself in a year at most.

HOACRE GREENE. PRICES—\$8, \$9, and \$10. Sample Wringer sent and express paid on receipt of price.

In support of the above statements, are presented the Certificates of Dr. James R. Chittenden, New-York; Dr. Hiram Cox, Chemical Inspector, Ohio; Dr. James R. Nichols, Chemist, Boston; Dr. E. N. Jones, Chemical Inspector, Circleville, Ohio; Prof. C. T. Jackson, Chemist, Boston; Dr. Charles Upman Shepard, Charleston, S. C.; and J. V. Z. Blaney, and G. A. Mariner, Consulting Chemist, Chicago, all of whom have analyzed the Catawba Brandy, and commended it in the highest terms for medicinal use.

Analysis of the Mass. State Assayer. [1858.] When evaporated through clean linen it lets no oil or offensive matter. In every respect it is a pure spirituous liquor. The oil which gives to this Brandy its flavor and aroma, is wholly unlike that of grain oil. Its odor partakes of both the fruit and of grapes. With acids it produces ethers of a big fragrance. The substitution of this Brandy for Cognac Brandy will do away with the manufacture of fictitious spirits, sold under this name both at home and abroad. Respectfully,

A. A. HAYES, M. D., State Assayer, 16 Boylston-st.

By the same, in 1864. I have analyzed "L. Lyons' Pure Catawba Brandy" with reference to its composition and character, being the same as that produced in past years. A sample taken from ten casks affords the same results with regard to purity; a slightly increased amount of the principle on which its flavor depends was determined by comparison with former samples. The indications of analysis show that this Brandy is produced by the same process as most of the imported brands. Respectfully,

A. A. HAYES, M. D., State Assayer, 16 Boylston-st. [Mass.]

MRS. WALLACE E. MAXWELL.

Her hair is four feet and ten inches in length—the result of using Reeves' Ambrosia about two years. These photographs taken from life, have been awarded to extend the knowledge of the merits of this wonderful discovery. Hundreds have seen these ladies and heard the facts from their own lips.

Mrs. Maxwell's Testimonial.

New-York, December 23, 1862.

Knowing positively that Reeves' Ambrosia produced a beautiful head of hair for my friend, I was induced, thereby, to use it thoroughly. I needed something for my hair, it being short and thin; I had used one half-dozen bottles when I could plainly notice an increase in its length, strength and beauty. An experience of about two years has proved a complete success. My hair, is now, by measurement, four feet ten inches in length, reaching nearly to the floor. I have allowed my photograph to proclaim the merits of

REEVES' AMBROSIA TO THE WORLD.

Mrs. WALLACE E. MAXWELL.

All enterprising Druggists have these Photographs and keep for sale

REEVES' AMBROSIA AT 75 CENTS PER BOTTLE.
