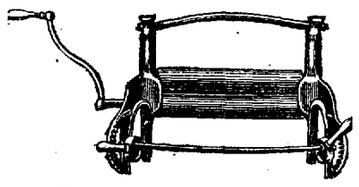
PUTNAM'S CLOTHES WRINGER.

It is the only reliable self-adjusting

Wringer.



NO WOOD WORK TO SWELL OR SPLIT.

No Thumb-screws to get out of order.

Warranted with or with-out Cog-Wheels.

It took the First Premium at Fifty-seven State and County Fairs in 1864, and is, *without an exception, the best* Wringer ever made.

Patented in the United States, England, Canada, and Australia. Agents wanted in every town.

Energetic agents can make from 3 to 10 Dollars per day.

WHAT EVERYBODY KNOWS, viz:

That Iron well galvanized *will not rust;*

That a *simple* machine is better than a complicated one;

That a Wringer should be *self-adjusting, durable, and efficient;*

That *Thumb-Screws;* and *Fastenings* cause *delay* and *trouble* to regulate and keep in order;

That wood soaked in hot water *will swell, shrink and split;*

That wood bearings for the shaft to run in *will wear out;*

That the Putnam Wringer, with or without cog-wheels, will *not tear the clothes;*

That cog-wheel regulators are not essential;

That the Putnam Wringer has *all* the advantages, and *not one* of the disadvantages above named;

That all who have tested it, pronounce it the *best* Wringer ever made;

That it will wring anything from a *thread* to a *bed quilt* without alteration;

We might fill the paper with testimonials, but insert only a few to convince the skeptical, if such there be; and we say to all, *test* Putnam's Wringer.

Test it *thoroughly* with *any* and ALL others, and if not entirely satisfactory, return it.

Putnam Manufacturing Co:

GENTLEMEN: *I know from practical experience that iron well galvanized with zinc will not oxidize or rust one particle. The Putnam Wringer is as near perfect as possible, and I can cheerfully recommend it to be the best in use.*

Respectfully yours.

JNO. W. WHEELER.

Cleveland, Ohio.

Many years' experience in the galvanizing business enable me to indorse the above statements in *all particulars.*

JNO. C. LEFFERTS, 100 Beekman St.

New York, January, 1864.

We have tested Putnam's Clothes Wringer by practical working, and know that it will *do.* It is cheap; it is simple; it requires no room, whether at work or at rest; a child can operate it; it does its duty thoroughly; it saves time and it saves wear and tear. We earnestly advise all who have *much* washing to do, with all intelligent persons who have *any,* to buy this Wringer. It will pay for itself in a year at most.

HORACE GREELY.

☞ PRICES—$8, $9, and $10.

AND SPARKLING CATAWBA WINES.

EQUAL in QUALITY and Cheaper in price than the Brandies and Wines of the Old World.

In support of the above statements, are presented the Certificates of Dr. James R. Chilton, New-York; Dr. Hiram Cox, Chemical Inspector, Ohio; Dr. James R. Nichols, Chemist, Boston; Dr. E. N. Jones, Chemical Inspector, Circleville, Ohio; Prof. C. T. Jackson, Chemist, Boston; Dr. Charles Upman Shepard, Charleston, S. C.; and J. V. Z. Blaney, and G. A. Mariner, Consulting Chemist, Chicago, all of whom have anylyzed the Catawba Brandy, and commend it in the highest terms, for medicinal use.

Analysis of the Mass. State Assayer. [1858.]

When evaporated through clean linen it lets no oil or offensive matter. In every respect it is a PURE spirituous liquor. The oil which gives to this Brandy its flavor and aroma, is wholly unlike fusil or grain oil. Its odor partakes of both the fruit and oil of grapes. With acids it produces ethers of a high fragrance. The substitution of this Brandy for Cognac Brandy will do away with the manufacture of FICTITIOUS spirits, sold under this name both at home and abroad. Respectfully,

A. A. HAYES, M. D., State Assayer,
16 Boyleston-st.

BY THE SAME, IN 1864.

I have analysed "L. LYONS' Pure Catawba Brandy," with reference to its composition and character, being the same as that produced in past years. A sample taken from ten casks afforded the same results with regard to purity; a slightly increased amount of the principle on which its flavor depends was determined by comparison with former samples.

The indications of analysis show that this Brandy is produced by the same process as most of the imported Brandy.

Respectfully, A. A. HAYES, M. D.,
State Assayer, 16 Boyleston-st.

MRS. WALLACE E. MAXWELL.

Her hair is four feet and ten inches in length—the result of using Reeves' Ambrosia about two years.

These photographs taken from life, have been awarded to extend the knowledge of the merits of this wonderful discovery. Hundreds have seen these ladies and heard the facts from their own lips.

Mrs. Maxwell's Testimonial.

New-York, December 23, 1862.

Knowing positively that Reeves' Ambrosia produced a beautiful head of hair for Mrs. Lizzie Shepherd, of Brooklyn, New-York, I was induced, thereby, to use it thoroughly. I needed something for my hair, it being short and thin; had used one half-dozen bottles when I could plainly notice an increase in its length, strength and beauty. An experience of about two years has proved a complete success. My hair is now, by measurement, *four feet ten inches in length,* reaching nearly to the floor. I have allowed my photograph to proclaim the merits of

REEVES' AMBROSIA to the WORLD.

Mrs. WALLACE E. MAXWELL.

All enterprising Druggists have these Photographs and keep for sale

BROWNING'S *Excelsior Coffee.*

Whilst trying Coffee of all the various brands.
Remember "BROWNING'S EXCELSIOR"
—at the head it stands.
True, it's not like others that are "SOLD EVERYWHERE."
A little stretch, we all do know, good goods will easily bear,
(But a stretch like this—"sold everywhere"—is very apt to tear.)
Now, I can safely say, without any hesitation.
There's none like "BROWNING'S EXCELSIOR" in this enlightened nation.
Skilled chemists have not found a Coffee from any store
Possessing the same ingredients as "Browning's Excelsior."
Nor is there any one, in or out of the Coffee trade,
Who knows the articles from which "Browning's Excelsior's" made.
I'm told it's made from barley, rye, wheat, beans, and peas;
Name a thousand other things—but the RIGHT ONE if you please.
But with the Coffee-men I will not hold contention
For the many, many things they say—too numerous to mention.
Whilst they're engaged in running round from store to store
To learn the current wholesale price of "Browning's Excelsior,"
Some who know my Coffee gives perfect satisfaction,
Have formed a plan by which they hope to cause a quick reaction.
The case—'tis with a few; no doubt 'twill be more—
To name their Coffee after mine, (BROWNING'S) EXCELSIOR."
Some say their's the only brand that will stand a ready test.
Now, try a little of them all—see which you like the best.
Three years have passed away since I first sold a store;
Never have I in your paper advertised before;
Nor would I now, or ever consent to publish more,
If like some used by "everybody," "sold everywhere," in "every store."
A trade like this I do not wish; the orders I could not fill;
The factory all Jersey's land would take—leave not a foot to till.
My trade is not so very large; still I think I have my share;
But, reader, you may rest assured, 'tis NOT "SOLD EVERYWHERE."

CHEMICAL COMPANY'S

Cheap Fertilizers.

THE FERTILIZERS prepared by the Agricultural Chemical Company, [a company chartered by the legislature of Pennsylvania with a capital of $250,000,] have been proved in practice to be the cheapest, most profitable and best, for the Farmer, Gardener and Fruit Grower, of all concentrated manures now offered in any market.
