Whilst trying Coffee of all the various brands. Remember "BROWNING'S EXCELSIOR" Remember -at the head it stands. it's not like others that are "SOLD

True, it's not like other EVERYWHERE."

A little stretch, we all do hnow, good goods will easily bear, ( But a stretch like this—"sold everywhere"—

Is very apt to tear.)
 Now, I can safely say, without any hestation.
 There's none like "BROWNING'S EXCELSIOR" anthis enlightened nation.
 Skilled chemists have not found a Coffee from

Any store Possessing the same ingredients as "Brown-ing's Excelsior." Nor is there any one, in or out of the Coffee

trade, Who knows the articles from which "Brown

ing's Excelsior's' made,
I'm told it's made from barley, rye, wheat, beans, and peas;
Name a thousand other things—but the RIGHT ONE if yon please.
But with the Coffeermen I will not hold contention

To learn the current wholesale price of "Browning's Excelsior," Some who know my Coffee gives perfect sat-

cause a quick reaction. The case—'tis with a few ; no doubt 'twill be more-

To name their Coffee after mine, (BROWN-ING'S) EXCELSIOR."

Some say their's the only brand that will stand a ready test. Now, try a little of them all-see which you

like the best.

Three years have passed away since I first sold a store; Never have I in your paper advertised before;

Nor would I now, or ever consent to publish more, If like some used by "everybody," "sold

A trade like this I do not wish; the orders I could not fill; The factory all Jersey's land would take-

This coffee is not composed of poisonous drugs it contains nothing deleterious; many persons use this Coffee that cannot use the pure coffee; it takes but one and a half ounces to make a quart of good strong coffee, that being just one-half the quantity it takes of Java Coffee, and always less than half the price.

DUTNAM'S CLOTHES WRINGER.

NO WOOD WORK TO SWELL OR SPLIT. No Thumb-screws to get out of order. Warranted with or with-out Cog. Wheels. It took the First Premium at Fifty-seven tate and County Fairs in 1864, and is, without an exception, the best Wringer ever made. Patented in the United States, England, Canada, and Australia. Agents wanted in-

every town. Energetic agents can make from 3 to 10 Dollars per day. WHAT EVERYBODY KNOWS, viz :

That Iron well galvanized will not rust; That a simple machine is better than a complicated one; That a Wringer should be self-adjusting,

That a Winger should be sey-aujasting, durable, and efficient; That Thumb-Screws, and Fastenings cause delay and trouble to regulate and keep in order; That wood soaked in hot water will swell,

skrink and split; That wood bearings for the shaft to run in

That wood bearings for the shaft to run in will wear out; That the Putnam Wringer, with or without cog-wheels, will not tear the clothes; That cog-wheel regulators are not essential; That the Putnam Wringer has all the ad-vantages, and not one of the disadvantages above named; That all who have tested it, pronounce it the best Wringer ever made:

the best Wringer ever made; That it will wring anything from a thread

to a bad quilt wing anything from a taread to a bad quilt without alteration; We might fill the paper with testimonials, but insert only a few to convince the skepti-cal, if such there be; and we say to all, test Durangia Unice the start of the start
