There are many preparations soid under the name of Bitters, put up in quart bottles, compounded of the cheapest Whiskey or common Rum, costing from 20 to 40 cents per gallon, the taste disguised by Anise or Coriander seed.

This class of Bitters has caused and will con-.inue to cause, as long as they can be sold, nundreds to die the death of a drunkard. By their use the system is kept continually under the influence of alcoholle stimulauts of the worst kind, the desire for liquor is created and kept up, and the result is all the horrors attendant upon a drunkard's life and death. Beware of them.

I do this more readily in regard to Hoofland's German Bitters, prepared by Dr. C. M. John Royer, editor of the Independent Phænix, having used it, has no hesitation in pronouncing it a complete remedy for cough,

loarseness and irritation in the throat. The West Chester Jeffersonian says: "We have known Dr. Oberholtzer personally a number of years, and it gives us the greater pleasure to recommend his medicines, inas-much as the public rarely have the benefit of

family medicines prepared by a physician of his acquirements and experience. Dr. Oberholtzer is a member of the Alumni of the Medical Department of the University of Pennsylvania, at which institution he grad-uated in 1854." The Reading Gazette says: "This cough remedy is made by Dr. L. Oberholtzer, of Phænixville, Pa., and it has acquired an un-

By the same, in 1864.
I have analysed "L. Lyons' Pure Catawba
Brandy," with reference to its composition and character, being the same as that produced in past years. A sample taken from ten casks afforded the same results with regard to purity; a slightly increased amount of the principle on which its flavor depends was determined by comparison with former samples.

The indications of analysis show that this Brandy is produced by the same process as most of the imported Brandy.

Respectfully.
