PARTICULAR NOTICE.

There are many preparations soid under the same of Bitters, put up in quart bottles, compounded of the cheapest Whiskey or common Rum, costing from 20 to 40 cents per gallon, the taste disguised by Anise or Coriander seed. This class of Bitters has caused and will coninue to cause, as long as they can be sold, aundreds to die the death of a drunkard. By their use the system is kept continually under the influence of alcoholic stimulants of the worst kind, the desire for liquor is created and kept up, and the result is all the horrors attendant upon a drunkard's life and death. Be-

ware of them.

For those who desire and will have a liquor

for those who desire and with there it in the single states, we publish the following receipt:

Patent Medicines in general, through distrust of their ingredients and effects; I yet know of no sufficient reason why a man may not testify to the benefits he believes himself to have received from any simple preparation, in the hope that he may thus contribute to the benefit of others.

I do this more readily in regard to Hoofland's German Bitters, prepared by Dr. C. M. Jackson German Bitters, prepared by Dr. C. M. Jackson because I was prejudiced against them for a number of years, under the impression that they were chiefly an alcoholic mixture. I am indebted to my friend Rob't Shoemaker, esq., for the removal of this prejudice by proper tests, and for encouragement to try them, when suffering from great and long debitive. The tests, and for encouragement to try them, when suffering from great and long debility. The use of three bottles of these bitters, at the beginning of the present year, was followed by evident relief, and restoration to a degree of bodily and mental vigor which I had not felt for six months before, and had almost dispaired of regaining. I therefore thank God and my friend for directing me to the use of them.

When evaporated through clean linen it let no oil or offensive matter. In every respect it is a rung spirituous liquor. The oil which gives to this Brandy its flavor and aroma, is gives to this Brandy its flavor and aroma, is wholly unlike fusil or grain oil. Its odor partakes of both the fruit and oil of grapes. With acids it produces ethers of a high fragrance. The substitution of this Brandy for Cognac Brandy will do away with the manufacture of FICTITIOUS spirits, sold under this name both at home and abroad. Respectfully,

By THE SAME, IN 1864.
I have analysed "L. Lyons' Pure Catawba Brandy," with reference to its composition and character, being the same as that produced in past years. A sample taken from ten casks past years. A sample taken from ten casks, afforded the same results with regard to purity; a slightly increased amount of the principle on which its flavor depends was determined by comparison with former samples. The indications of analysis show that this Brandy is produced by the same process as most of the imported Brandy.

Respectfully, A. A. HAYES, M. D., State Assayer, 16 Boyleston-st Boston, July 30, 1864 [Mass MANUFACTURED ONLY BY H. H. JACOB & CO., whom all orders should be addressed]. DEPOT, 91 Liberty-st., New-York.
