SATURDAY, AUGUST 19, 1865.

A most shocking accident occurred at the upper end of this borough, on Friday afternoon last, about three oclock by which Mrs. Mary Rittenbease lest her life. Mrs. R., wife of o man the upper end of town, on the York county shore, and had been to this side to purchase some groceries, and whilst crossing the railroad in front of the "old Molly Hedger" propertywhere the railroad runs within two feet of the front porch—two burden trains met-one going east, the other west; Mrs. R. did not observe the train going west-the eastern one having passed, she stepped forward to cross the track when the other train struck her in the side, killing her almost instantly. Deputy Coroner Auxer held an inquest, where it appeared in evidence that no blame could be attached to the engineer. who reversed his engine, whistled and did everything to warn the old lady. who must have supposed all the noise rame from the engine already passed. She was about 60 years of age.

We have received a letter from James C. Sanders, junior, of this place. now in the 77 regiment, P. V., stationed at Metagorda bay, Texas. He complains very much of the treatment and says they are in "an unknown country, along the Metagorda bay, where there s neither snakes, alligators, nor civilized people, but plenty of sun and sand " and says they are much in need of green goggles to protect their eyesight from the parching sun. He says "the yellow fever has broken out in the regiment and that upwards of twenty died within ten days. We were compelled to lay in the bay for nine days, not being able to get over the bar, and subsisted dur-ing that time on salt water and hard tack. It is said we are to go to San Antonia to do provost duty for the balsuce of our enlistment. This we think very hard as all the other Pennsylvania regiments have been mustered out." We think young Sanders must have been eroniously informed, for we learn brough the papers, that the 77th has een ordered to Harrisburg, to be muscred out.

The long lost Republican cannon -Russel Child's "Bummer," "used durag the last four years for "bumming" way after any victory-either Republiran, Union, or victory of our arms in battle-which greatly annoyed the coperheads-was stolen during the canrass of '64, has just been brought to ight-some boys having found it in the wer. Both wheels, we understand, have been broken, and the finders now claim the reward offered for its recovery, at the time it was lost, (Ten dollars) which Russel refuses to pay on the o those who had it thrown into the riv-We think Russel nearly right.

The Convention of Good Tempars, held here on Tuesday was very well ittended. Rev. T. C. Vickeroy acted as President and S. G. Behmer, Secreary. A secret session was held in the afternoon and a public meeting in the vening. Addresses were made by Rev. B. Kugler, S. G. Behmer, and a Mr. Richards. The next convention will be and was largely attended. held in Columbia, on the third Tuesday a November next.

Wednesday last could not nominate gentleman for that post.

John F. Herr, Esq., President of Strasburg Bank, is charged with obsining money under false representalions, from William Spencer and other citizens of Strasburg and vicinity, in ome kind of a coal oil operation; he as been bound over to appear at the August term of Quarter sessions.

By an amendment of the Post Office Law, adopted by the last Congress 19 postage on Drop Letters, since the irst of July, is but one cent instead of we cents, as formerly. We remind our eaders of it, as nearly all such letters fontinue to be dropped into the office with two cent stamps upon them.

Another railroad accident occurled near the scene of the late fatal one. One of the repair hands, named Hugh Diamond, was caught by a burden train east and had one foot cut off and the other so badly mushed as to make amputation necessary.

Our town was the scene of a hotcontested delegate election, on Saturday evening; no less than three distinct lickets. The following gentlemen were ilected: Geo. W. Mehaffy, Aaron H. Summy, Levi Boughter, Amos Bowman, ^{jimon} Grob.

FATAL ACCIDENT .- About half-past sylvania railroad, was running near Lower Marietta station, a woman named Mrs. McGuernsey, was instantly killed. It seems that she was walking on the track, shead of the train, and although the whistle was blown and every effort made to alarm her, she refused to leave $|W_{\rm ii}|$ Rittenhouse, lived immediately the road, and before the train could be stopped, the locomotive struck Mrs. McG., throwing her up to the smoke stack, when she fell and was again struck by the cow catcher and instantly killed. The conductor, Charles Hipple, and the engineer, (whose name we have not learned,) were arrested, under the law passed last winter, making employees responsible for accidents on railroads. These men were afterward permitted to run their train to Harrisburg, when they returned to Marietta, and had a hearing, but there being no evidence on which they could be held, they were promptly discharged .- Lancaster Examiner.

> This will be news to Mariettians; no such accident having occurred, and no such lady lives or ever did in our vicinity. Some person, we fear, has been playing upon our friends of the Exami-

By reference to our advertising columns it will be seen Messrs. Truscott & Guernsey, of Columbia, have gone into refining Coal oil. The Spy speaking of this firm, says : "It is said that the oil manufactured at this establishment stands a better tost than any oil that comes to this market and is perfectly non explosive and gives a more brilliant light. We know that Mr. Truscott is a gentleman of veracity and would not use any admixture whereby the safety of families would be endangered, hence we recommend our merchants to buy this oil in preference to any other."

Judge Brinton says in a card to the Lancaster Express, that he did resign in June last, and sent his resignation to the Governor, and now insists ground that the victories are all over on being relieved at the end of his judiand nothing now to rejoice over, and cial year. This will necessitate the apsides he thinks the reward would go pointment of a successor, by the executive, for one year, or until the fall election of 1866. The Judge says his enfeebled health compels him to withdraw from public life.

> Quite an impromptu ball came off on Thursday night in the new warehouse of Dr. Cushman, just being finished and located on the river bank, between the river and canal. We understand it was gotten-up by the returned soldier boys,

A returned soldier named Peter Nelson, was found dead in the stable belonging to Murray's Washington House, Maytown, a few mornings since. The Lebanon (Pa.) Courier says: 'At the meeting of the trustees of Franklin and Marshall College, at Lancaster, last week, Hon. John Cessna was elected president of the board, in place of James Buchanan. The friends of Franklin and Marshall have long felt that the connection of Mr. Buchanan with the institution was an injury to it, but there was a delicacy about getting rid of him."

A copy of the list of voters has been placed at the post office; at the Hermitage Hotel, lower station, and at Houseal's Hotel, at the upper railroad station, where they can be examined and any corrections made, by calling on the Assessor, at any time previous to ten days before the election.

Count Street, in the borough of Colum- srs. Spangler and Patterson, in another column.

The residence of Dr. F. A. Muheight o'clock on Saturday morning, as lenberg, Lancaster, was entered on Frithe "Union Freight Line" of the Penn- day night last and robbed of about forty dollars. He first went to the Doctor's office and procured some chloroform, and saturating a sponge threw it into a transum window into the chamber of a young Muhlenberg, when he opened the door and proceeded to the bureau and commenced to rifle the drawers. In the meantime the young man awoke from his partial unconsciousness and grappled with the burglar, A terrific struggle ensued, during which the burglar made several attempts to take the life of young M. He received several slight cuts on the neck and breast, and one very deep one on the leg. The burglar becoming alarmed at the brave resistance, and fearful of aid arriving left hurriedly, in his exit from the room dropping a gold watch he had taken from the bureau. This was a most daring attempt at murder.

Dr. Daniel I Bruner, of Columbia, has been appointed examining surgeon by the commissioner of Pensions, to examine soldiers who are applicants for invalid pensions from wounds or disability received while in the service. The Pension Law also requires a semi-annual or annual examination of all Invalid Pensioners. Dr. B. is a Physician of more than thirty years standing and ranks among the first of his profession in our county.

Father Keenan, of Lancaster, had his residence entered a few days since, and robbed of some wearing apparel.

We received from Mrs. Coyle, a basket of the very finest free-stone peaches we ever saw before. They were particularly fine.

TO HOUSE-CLEANERS. WALL BRUSHES,

A new article in this market, and far superior to sny other in use. A few reasons why:

First.—They are free from twine, which is First.—They are free from twine, which is affected by the lime, and liable to rot, causing the falling out of the bristles.

Second.—The bristles are inserted in the wood, or body of the brush, when green, which when dry, causes them to be held firmly in their place; any subsequent soaking or shrinkage fails to affect them.

Third.—They are made of Bristles exclusively; many kinds being composed, in part, of whatebone.

Fourth.—They contain more bristles for the size, and are as cheap as the ordinary kind.
