

The Local Mariettian.
SATURDAY, SEPTEMBER 16, 1865

The reports of the committees of the Horticultural exhibition, which took place on Thursday evening, came in too late for this week's issue. We will give a full report in our next. Whilst in this connection we may say that the display and attendance was very full. For more than a week past, it was evident that the season was too far advanced for a fine display of many kinds of fruit, but, upon the whole, the exhibition was very fine, and the attendance notwithstanding the rain, was quite full. There was quite a number of contributions from a distance and amongst them we saw none that excelled the Duchess and Louis Bonne Pears of Mr. Tobias Martin, of Morceburg. Mr. John Jay Libbert, as usual, had a fine display of Pears, but for a more extended and careful report, see next week.

DEAD.—James E. McMullen, for many years a well known printer and resident of this city, died at the residence of his wife, P. McMullen, Esq., in Fayette township, on Wednesday the 30th of August, of consumption, aged about 32 years.

A majority of our readers will remember Jimmy, as he was familiarly called, and will regret to learn of his early death. He was a young man of more than ordinary intelligence and attainments and was possessed of many excellent and attractive qualities, endearing himself to a host of warm friends by his genial disposition and kindness of heart. He was buried near the beautiful grounds of St. Marys, where, after life's short and fitful fever may he rest peacefully and sweetly.

The above notice, copied from the Terre Haute (Indiana) Journal, informs us of the death of a former Mariettian. Jim worked for a year on "The Mariettian," when it was first started. He learned printing in Indiana, and afterward returned to this, his native place. He again returned to Indiana where he enlisted at the outbreak of the war. He was wounded at the taking of Fort Donelson and was discharged for the service. Jim was a good, clever fellow, and every person that knew him liked him. Truly may it be said that his life was a "fitful, fevered one." May he rest in peace.

We regret to learn that Mr. Abraham Summy met with quite an accident on Monday last, by the running off of his horse, during a ride on the Harrisburg pike. The horse becoming unmanageable Mr. Summy was compelled to drive him between the fence and a post in order to stop his speed, which threw him out, dislocating his shoulder blade. He is, however, now at his home in this borough, doing as well as could be expected.

A "returned soldiers' ball" is to take place in the town hall, on next Tuesday evening. The soldier boys are enjoying themselves since their "return from the wars." "Let 'em go it while they are young—for when they get old they can't."

We were the recipient of one of those bottles of excellent grape wine on exhibition on Thursday evening, and for which Dr. Hinkle will please consider our "Beaver tipped." We have stowed it away for an extra occasion.

The Columbia Spy says that the contracts for building the branch of the Reading & Columbia Railroad, running from Lancaster to Manheim, have been awarded. The work will be commenced at once and will be pushed forward vigorously.

Providence permitting, to-morrow (Sabbath) morning and evening, in the M. E. Church, the M. E. Sabbath school will sing select hymns under the direction of Dr. G. W. Worrall, and appropriate sermons and addresses will be preached and delivered by Revs. W. Mathias and G. M. Olwages.

Col. Hambricht, late of the 79th Regiment, P. V., has been promoted to a Brevet-Lieutenant Colonelcy in the Regular Army of the United States. The Colonel is attached to the 11th Regiment U. S. Infantry.

John Derrick, formerly of Washington borough, this county, who was committed to jail a few months ago, for passing twenty-five dollars counterfeit greenbacks, was tried in the U. S. District Court, Philadelphia, last week, and sentenced to the Penitentiary for three years. Derrick is an old offender, and has been convicted several times in the Courts of this county.

We are glad to learn that Major John F. Trout, formerly of this place, has been appointed mail agent from Goldsboro' to Charlotte, N. C.

Isaac Wolfenbarger's new and handsome dwelling on Front street, was sold on Monday evening last, for \$2,030, to Frederick Maulick.

We are indebted to "Aunt Jane Axner" for a basket of very fine grapes. May her "shadow never grow less."

Several valuable town properties are about being offered for sale. See our advertising columns.

The October number of "The Lady's Friend" opens with a beautiful steel engraving, called "The Wanderer's Return." Of the Fashion Plate of this number we need only say that it is equal to any of its predecessors. Ladies tell us that the fashion plates of this magazine are particularly fine. The Music is "Minnie Minton, or I'll meet you in the Morning," (Song and Chorus.) The music alone of this magazine is worth more than the price of the book—did our fair readers ever consider that? Then we have numerous engravings of "The corded Corsage," "Zuleima Jacket," "Patterns for Morning Caps," "Riding Habit," "Evening Head Dress," "Bodice with Basque," &c., &c. The literary matter of this number is fine. Editorials, Receipts, Fashions, &c., &c. Price \$2.50 a year; 2 copies \$4.00; 8 copies (and one gratis) \$16.00. Now is the time to get up clubs for 1866. Specimen numbers for this purpose will be sent for 15 cents. Wheeler & Wilson's celebrated Sewing Machines are furnished as Premiums in certain cases. Address Dancan & Peterson, 319 Walnut street, Philadelphia.

We neglected to mention in our last that we received from Mrs. John Coyle, a basket of delicious Pears and Plums.

We are requested to say that Dr. Hinkle has just received a new invoice of school books, stationary, &c.

Rev. John M'Nair, of Lancaster, will preach in the Presbyterian Church to-morrow.

MARRIED.

On September 12th, 1865, at Mr. Funk's Hotel, by Rev. Wm. Matthias, Mr. JOHN STRICKLER to Miss ANNE M. E. older daughter of Aaron Gable, Esq., all of Marietta, Pa.

On the 10th ultimo, by Rev. G. M. Clawges, EMANUEL STRETT to Mrs. CATHERINE GORNER, all of Marietta.

Special Notices.

THE BITTER FRUITS OF BAD BITTERS.—Invalid reader, do you know what nine-tenths of the bitter compounds you are solicited by the proprietors to accept as universal panaceas are composed of? Give heed for a moment. They are manufactured from unpurified alcohol, containing a considerable portion of *fusel oil*, a poison almost as deadly as prussic acid. The basis of the regular tinctures of the Materia Medica is the same. No amount of "herbal extracts" can overcome the bad tendency of this pernicious element. The essence of sound Rye thoroughly rectified is the only stimulant which can be safely used as a component of a Tonic, Alterative, and anti bilious medicine, and Hostetter's Stomach Bitters is the only medicinal preparation in the world in which this article is used as an ingredient. Hence the extraordinary effects of his great specific. It gives strength without producing excitement. No other tonic does this. All the ordinary Bitters flush the face and affect the brain. Hostetter's Bitters diffuse an agreeable calm through the nervous system, promote digestion, and produce sleep. No other tonic so quickly revives the exhausted physical energies, restores the appetite, and removes the gloom and depression which always accompanies weakness of the bodily powers.

TERRIBLE DISCOVERIES—SECRETS FOR THE MILLION!—A most valuable and wonderful publication. A work of 400 pages, and 30 colored Engravings. Dr. Hunter's *Vade Mecum*, an original and popular treatise on Man and Woman their Physiology, Functions, and Sexual Disorders of every kind, with Never-failing Remedies for their speedy cure. The practice of Dr. Hunter has long been, and still is, unbounded, but at the earnest solicitation of numerous persons, he has been induced to extend his medical usefulness through the medium of his "VADE MECUM." It is a volume that should be in the hands of every family in the land, as a preventive of secret vices, or as a guide for the alleviation of one of the most awful and destructive scourges ever visited mankind. One copy, securely enveloped, will be forwarded free of postage to any part of the United States for 50 cents in P. O. stamps. Address, post paid, Dr. Hunter, No. 3 Division street, New York.

NEW HOOP SKIRT FOR 1865-61

The Great Invention of the Age in HOOP SKIRTS.

J. W. BRADLEY'S New Patent Duplex Elliptic (or double) Spring Skirt.

THIS invention consists of Duplex (or two) Elliptic pure refined steel springs, ingeniously braided tightly and firmly together, edge to edge, making the toughest, most flexible, elastic and durable spring ever used. They seldom bend or break, like the single springs, and consequently preserve their perfect and beautiful shape more than twice as long as any single spring skirt that ever has or can be made. The wonderful flexibility and great comfort and pleasure to any lady wearing the Duplex Elliptic skirt will be experienced particularly in all crowded Assemblies, Operas, carriages, railroad cars, church pews, arm chairs, for promenade and house dress, as the skirt can be folded when in use to occupy a small space as easily and conveniently as a silk or muslin dress.

A lady having enjoyed the pleasure, comfort and great convenience of wearing the duplex elliptic steel spring skirt for a single day will never afterwards willingly dispense with their use. For children, Misses, and young ladies they are superior to all others. The hoops are covered with 2 ply double twisted thread and will wear twice as long as the single yarn covering which is used on all Single steel hoop skirts. The three bottom rows on every skirt are also double steel, and twice or double covered to prevent the covering from wearing off the rods when dragging down stairs, stone steps, &c., &c., which they are constantly subject to when in use. All are made of the new and elegant corded tapes, and are the best quality in every part, giving to the wearer the most graceful and perfect shape possible, and are unquestionably the lightest, most desirable, comfortable and economical Skirt ever made.

For sale in all first-class stores in this City, and throughout the United States, and Canada, Havana, Cuba, Mexico, South America, and the West Indies. Inquire for the Duplex Elliptic (or double) Spring Skirt. [3m-A&C

AGRICULTURAL CHEMICAL COMPANY'S Cheap Fertilizers.

THE FERTILIZERS prepared by the Agricultural Chemical Company, [a company chartered by the Legislature of Pennsylvania with a capital of \$250,000,] have been proved in practice to be the cheapest, most profitable and best, for the Farmer, Gardener and Fruit Grower, of all concentrated manures now offered in any market. The Company list embraces the following:

PAULETTE. This Fertilizer is composed of night soil and the fertilizing elements of urine combined, chemically and mechanically with other valuable fertilizing agents and absorbents. It is reduced to a pulverized condition, ready for immediate use, and without loss of its highly nitrogenous fertilizing properties. Its universal application to all crops and soils, and its durability and active qualities, are well known to be all that agriculturists can desire.

CHEMICAL COMPOST. This Fertilizer is largely composed of animal matter, such as meat, bone, fish, leather, hair and wool, together with chemicals and inorganic fertilizers, which decompose the mass, and retain the nitrogenous elements. It is a very valuable fertilizer for field crops generally, and especially for potatoes, and garden purposes. Its excellent qualities, strength, and cheapness, have made it very popular with all who have used it.

COMPOSITE FERTILIZER. This highly phosphatic fertilizer, is particularly adapted for the cultivation of Trees, Fruits, Lawns and Flowers. It will promote a very vigorous and healthy growth of wood and fruit, and thereby increase the quantity and perfect the maturity of the fruit. For hot-house and household plants and flowers, it will be found an indispensable article to secure their greatest perfection. It will prevent and cure diseased conditions of the peach and grape, and is excellent for grass and lawns. It is composed of such elements as make it adapted to the growth of all kinds of crops in all kinds of soils.

PHOSPHATE OF LIME. The Agricultural Chemical Company manufacture a Phosphate of Lime in accordance with a new and valuable formula, by which a very superior article is produced, so far as to be afforded at a less price than other manufacturers charge. Practical tests have proved that its value, as a fertilizer, is equal to the best Phosphate of Lime in the market.

TERMS CASH.—All orders of a Ton, or more, will be delivered at the railroad stations and the wharves of shipment, free of cartage. Cartage will be charged on all orders of six barrels or less.
