FISH CULTURE.—This new branch of th in Europe and on this side of the tlantic, is about being tried by some tour enterprising and scientific citizens, re. Mr. James Duffy is now, in conction with several other gentlemen, we understand, constructing ponds, the necessary conveniences for the difficial rearing of fish, at his spring his (Evans-Clark) splendid farm, adining this borough. The main pond, graining the area of about one scre, is early completed; several smaller addional ones, with a hatching or breeding ouse, will also be constructed in time go into operation by November, which the spawning season of the Trout, ich is the fish, we are informed, is to the principal subject to be experianted upon by this new plan of hurryrup his reproduction. The scientific agements of the establishment are, understand, devised and will be concted by Mr. John Jay Libhart, who, suppose, is familliar with, and "well ndy and observation.

We can see no reason why this eximent should fail; we know there is lanty of money and enterprise to back The situation of the ponds is still a ads of former proprietors despoiled it many of its stately and majestic old ake that flourished there, and which guired centuries to make them what he acropulously preserved and other amental trees and shrubbery planted

The Copperhead nominating Conention assembled in Fulton Hall, Lauster, on Wednesday, the 23d inst. for purpose of nominating a county ket, and in about an hour they rushed rough the following:

THE BITTER FRUITS OF BAD BITTERS .- In valid reader, do you know what nine-tenths of the bitter compounds you are solicited by the proprietors to accept as universal panaceas are composed of? Give heed for a moment, Billess, which is attracting attention, They are manufactured from unpurified alcohol, containing a considerable portion of fusel oil, a poison almost as deadly as prussic acid. The basis of the regular tinctures of the Materia Medica is the same. No amount of "herbal extracts" can overcome the bad tendency of this pernicious element. The essence of sound Rye thoroughly rectified is the only stimulant which can be safely used as a component of a Tonic, Alterative, and anti bilious medicine, and Hostetter's Stomach Bitter's is the only medicinal preparation in the world in which this article is used as an ingredient. Hence the extraordinary effects of .his great specific. It gives strength without producing excitement. No other tonic does this. All the ordinary Bitters flush the face and affect the brain. Hostetter's Bitters diffuse an agreeable calm through the nervous system, promote digestion, and produce sleep. No other tonic so quickly revives the exhausted physical energies, restores the appetite, and removes the gloom and depression which always accompanies weakness of the bodily powers.

TERRIBLE DISCLOSURES—SECRETS FOR THE MILLION !- A most valuable and wonderful publication. A work of 400 pages, and 30 on, the habits of fish, from long | colored Engravings. To THE PUBLIC.—Having had occasion for the use of a Dentist, I called on Dr. Worrall, who has succeeded in preparing for me an excellent and serviceable set—upper and lower. They are upon what is called "rubber base," and fit my mouth firmly and comfortably, and are almost as much use to me as were my natural teeth. My mouth having become considerably deformed in consequence of having gone a number of years without any teeth on one side of my jaw, but the Doctor remedied this defect, making the fit complete, whilst the working of the teeth are entirely satisfactory. I would cheerfully recommend any person in want of dental operations, to call on Dr. Worrall, havieg great confidence in his pro-fessional skill. GEO: REICH.

A new article in this market, and far superior to any other in use. A few reasons why:
First.—They are free from twine, which is
affected by the lime, and liable to rot, causing the falling out of the bristles. Second .- The bristles are inserted in the

wood, or body of the brush, when green, which when dry, causes them to be held firmly in their place; any subsequent soaking or shrink-age fails to affect them.

Third.—They are made of Bristles exclusive-
