DROWNING'S Excelsior Coffee.

Whilst trying Coffee of all the various brands.
Remember "BROWNING'S EXCELSIOR"
—at the head it stands.
True, it's not like others that are "SOLD EVERYWHERE."
A little stretch, we all do know, good goods will easily bear,
(But a stretch like this—"sold everywhere"—is very any to tear.)

is very apt to tear.)

Now, I can salely say, without any besitation.

There's none like "BROWNING'S EXCELSIOR" in this enlightened nation.

Skilled chemists have not found a Coffee from

Possessing the same ingredients as "Brown-ing's Excelsior."

Nor is there any one, in or out of the Coffee

trade, Who knows the articles from which "Browning's Excelsior's" made,
I'm told it's made from barley, rye, wheat,

beans, and peas;
Name a thousand other things—but the
RIGHT ONE if you please.
But with the Coffee men I will not hold contention
For the many, many things they say—too nu-

merous to mention.
Whilst they're engaged in running round from store to store.
To learn the current wholesale price of "Browning's Excelsior,"
Some who know my Coffee gives perfect sat-

isfaction, Have formed a plan by which they hope to cause a quick reaction.

The case—'tis with a few; no doubt 'twill be more—
To name their Coffee after mme, (BROWN-ING'S) EXCELSIOR."
Some say their's the only bran I that will

stand a ready test.

Now, try a little of them all—see which you like the best.

Three years have passed away since I first

sold a store; Never have I in your paper advertised before; Nor would I now, or ever consent to publish more, like some used by "everybody;" "sold everywhere," in "every store." A trade like this I do not wish; the orders I

could not fill;
The factory all Jersey's land would take—
leave not a foot to till. My trade is not so very large; still I think I have my share;
But, reader, you may rest assured, 'tis NOT "SOLD EVERYWHERE."

There are many preparations soid under the name of Bitters, put up in quart bottles, com-pounded of the cheapest Whiskey or common Rum, costing from 20 to 40 cents per gallon, the taste disguised by Anise or Coriander seed. This class of Bitters has caused and will con-

This class of Bitters has caused and will con-inue to cause, as long as they can be sold, undreds to die the death of a drunkard. By their use the system is kept continually under the influence of alcoholic stimulants of the worst kind, the desire for liquor is created and kept up, and the result is all the horrors at-tendant upon a drunkard's life and death. Be-ware of them.

For those who desire and will have a liquor hitters, we publish the following receipt: For those who desire and will have a liquor bitters, we publish the following receipt:

Get one bottle Hoofland's German Bitters and mix with three quarts of good Whiskey or Brandy, and the result will be a preparation that will far excel in medicinal virtues and true excellence any of the numerous liquor bitters in the market, and will cost much less. You will have all the virtues of Hoofland's Bitters in connection with a good article of liquor and at a much less price then these inferior preparations will cost you.

Those suffering from marasmus, wasting away, with scarcely any flesh on their bones, are cured in a very short time; one bottle in such cases, will have most surprising effect.

of the sequence of a purvenzed condition, ready for immediate use, and without loss of its highly nitrogenous fertilizing properties.

Its universal application to all crops and soils, and its durability and active qualities, are well known to be all that agriculturists

CHEMICAL COMPOST. This Fertilizer is largely composed of animal matter, such as meat, bone, fish, leather, hair and wool, together with chemicals and inorganic fertilizers, which decompose the mass, and re-tain the nitrogenous elements. It is a very valuable fertilizer for field crops

generally, and especially for potatoes, and garden purposes.

Its excellent qualities, strength and cheapness, have made it very popular with all who have used it.

OMPOSITE FERTILIZER. This high-Jy phosphatic fertilizer, is particularly adapted for the cultivation of Trees, Fruits, Lawns and Flowers. It will promote a very vigorous and healthy growth of wood and fruit, and largely increase the quantity and perfect the maturity of the fruit. For hothouse and household plants and flowers, it will be found an indispensable article to secure their greatest perfection. cure their greatest perfection. It will preven and cure diseased conditions of the peach and grape, and is excellent for grass and lawns.

It is composed of such elements as make it adapted to the growth of all kinds of crops in all kinds of soils.

The fermula or method of combining its

constituent fertilizing ingredients have re-ceived the highest approval of eminent chem-ists and scientific agriculturists. THOSPHATE OF LIME. The Agricultu-
