There are many preparations soid under the There are many preparations sold under the name of Bitters, put up in quart bottles, compounded of the cheapest Whiskey or common Rum, costing from 20 to 40 cents per gallon, the taste disguised by Anise or Coriander seed. This class of Bitters has caused and will continue to cause, as long as they can be sold, aundreds to die the death of a drunkard. By the invest the witch is the continually under

Resulting from Fevers of any kind—these bit-ters will renew your strength in a short time. FEVER AND AGUE.—The chills will not return if these Bitters are used. No person in a fever and ague district should be without them. From Rev. J. Newton Brown, D. D., Editor of the Encyclopedia of Religious Knowledge.

Although not disposed to favor or recommend Patent Medicines in general, through distast of their ingredients and effects; I yet know of no sufficient reason why a man may not testify to the benefits he believes himself to have received from any simple preparation, in the received from any simple preparation, in the hope that he may thus contribute to the benefit of others.

I do this more readily in regard to Hoofland's German Bitters, prepared by Dr. C. M. Jackson because I was prejudiced against them for a number of years, under the impression that they were chiefly an alcoholic mixture. I am indebted to my friend Rob't Shoemaker, esq., for the removal of this prejudice by proper tests, and for encouragement to try them, when suffacing from great and long debiting. The use of three bottles of these bitters, at the be-ginning of the present year, was followed by evident relief, and restoration to a degree of evident relief, and restoration to a degree of bodily and mental vigor which I had not felt for six months before, and had almost dispaired of regaining. I therefore thank God and my friend for directing me to the use of them.
