1) UTNAM'S CLOTHES WRINGER.

No WOOD WORK TO SWELL OR SPLIT. No Thumb-screws to get out of order. Warranted with or with-out Cog-Wheels. It took the First Premium at Fifty-seven State and County Fairs in 1864, and is, with-out an exception, the best Wringer ever made. Patented in the United States, England, Canada, and Australia. Agents wanted in

Energetic agents can make from 3 to 10

Dollars per day.

WHAT EVERYBODY KNOWS, viz:
That Iron well galvanized will not rust;
That a simple machine is better than a com-

plicated one;
That a Wringer should be self-adjusting, durable, and efficient;
That Thumb-Screws, and Fastenings cause delay and trouble to regulate and keep in order; That wood soaked in hot water will swell

shrink and split;
That wood bearings for the shaft to run in

will wear out;
That the Putnam Wringer, with or without cog-wheels, will not tear the clothes;
That cog-wheel regulators are not essential;
That the Putnam Wringer has all the advantages, and not one of the disadvantages ove named; That all who have tested it, pronounce it

the best Wringer ever made;
That it will wring anything from a thread to a bed guilt without alteration;
We might fill the paper with testimonials, but insert only a few to convince the skeptical, if such there be; and we say to all, test Putpang Wringer.

Putnam Manufacturing Co:

Gentlemen: Iknow from practical experience that from well galvanized with zinc will not
oxidize or rust one particle. The Putnam
Wringer is as near perfect as possible, and I
can theerfully recommend it to be the best in use.

Respectfully yours.

New York, January, 1864.

We have tested Putnam's Clothes Wringer by practical working, and know that it will do. It is cheap; it is simple; it requires no room, whether at work or at rest; a child can operate it; it does its duty thoroughly; it saves time and it saves wear and tear. We earnestly advise all who have much washing to do. with all intelligent persons who have to do, with all intelligent persons who have any, to buy this Wringer. It will pay for itelf in a year at most.

PARTICULAR NOTICE. There are many preparations soid under the

name of Bitters, put up in quart bottles, compounded of the cheapest Whiskey or common Rum, costing from 20 to 40 cents per gallon, the taste disguised by Anise or Coriander seed. This class of Bitters has caused and will continue to cause, as long as they can be sold, nundreds to die the death of a drunkard. By their use the system is kept continually under the influence of alcoholic stimulants of the worst kind, the desire for liquor is created and kept up, and the result is all the horrors at-tendant upon a drunkard's life and death. Betendant upon a drunkard's life and death. Be-ware of them. For those who desire and will have a liquor

for those who desine and with these industributers, we publish the following receipt:

No person in a fever and ague district should be without them. From Rev. J. Newton Brown, D. D., Editor of the Encyclopedia of Religious Knowledge.

Although not disposed to favor or recommend Patent Medicines in general, through distriast of their ingredients and effects; I yet know of no suffici int reason why a man may not testify to the benefits he believes himself to have received from any simple preparation, in the received from any simple preparation, in the hope that he may thus contribute to the bene-

it of others.

I do this more readily in regard to Hoofland's The this more readily in regard to Hoohand's German Bitters, prepared by Dr. C. M. Jackson because I was prejudiced against them for a number of years, under the impression that they were chiefly an alcoholic mixture. I am indebted to my friend Rob't Shoemaker, esq., for the removal of this prejudice by proper tests, and for encouragement to try them, when suffering from great and long debiting. The pleasure to recommend his medicines, inas-suffering from great and long debility. The much as the public rarely have the benefia family medicines prepared by a physician of his acquirements in the present year, was followed by evident relief, and restoration to a degree of evident relief, and restoration to a degree of bodily and mental vigor which I had not felt for six months before, and had almost dispaired of regaining. I therefore thank God and my friend for directing me to the use of them.

FOR 1865-6! The Great Invention of the Age in HOOP SKIRTS.

MEW HOOP SKIRT.

J. W. BRADLEY'S New Patent Duplex Elliptic (or double)

Spring Skirt. THIS Invention consists of Duplex (or two) Elliptic pure refined steel springs, ingeniously braided tightly and firmly together, edge to edge, making the toughest, most flexible, elastic and durable spring ever used. They seldom bend or break, like the single springs, and consequently preserve their perfect and beautiful shape more than twice as long as any single spring skirt that ever has or can be

made.

The wonderful flexibility and great comfort and pleasure to any lady wearing the Duplex Elliptic skirt will be experienced particularly in all crowded Assemblies, Operas, carriages, railroad cars, church pews, arm chairs, for promenade and house dress, as the skirt can be folded when in use to occupy a small place as easily and conveniently as a silk or muslin

A lady having enjoyed the pleasure, com fort and great convenience of wearing the du-plex elliptic steel spring skirt for a single day will never afterwards willingly dispense with

their use. For children, Misses, and young ladies they ar superier to all others. The hoops are covered with 2 ply double twisted thread and will wear twice as long as the single yarn covering which is used on all Single steel hoop skirts. The three bottom rods on every skirt are also double steel, and twice or double covered to prevent the cover-ing from wearing off the rods when dragging down stairs, stone steps, &c., &c., which they are constantly subject to when in use.

All are made of the new and eggant corded All are made of the new and eggant corted tapes, and are the best quality in levery part giving to the wearer the most graceful and perfect shape possible, and are unquestionably the lightest, most derirable, comfortable and economical Skirt ever made.

June 17, 1865.-1y. EO: W. WORRALL,

SURGEON DENTIST,

Market Street, adjoining Spungler & Rich's
Store, on the second floor.

Where he is now prepared to wait
on all who may feel disposed to pa-

ronize him. Dentistry in all its branches carried on. TEXTH inserted on the most approved principles of Dental science. All operations on the mouth performed in a skillful and workmanlike manner—on fair principles and on very reasonable Terms.

ON VERY REASONABLE TERMS.

Having determined upon a permanent location at this place, would ask a continuation of the liberal patronage heretofore extended to him, for which he will render every possible satisfaction. Ether administered to proper persons.

To THE PUBLIC.—Having had occasion for the use of a Dentist, I called on Dr. Worrall who has succeeded in preparing for me an excellent and serviceable set—upper and lower. They are upon what is called "rubber base," and fit my mouth firmly and comfortably, and are almost as much use to me as were my nat-ural teeth. My mouth having become con-siderably deformed in consequence of having gone a number of years without any teeth on one side of my jaw, but the Doctor remedied this defeet, making the fit complete, whilst the working of the teeth are entirely satisfactory. I would cheerfully recommend any person in want of dental operations, to call on Dr. Worrall, havieg great confidence in his pro-fessional skill.
