There are many preparations sold under the name of litters, put up in quart bottles; compounded of the cheapert Whiskey or common Rum, coaling from 20 to 20 cents per gallon, the taste disguised by Anise or Coriander seed. This class of Bitters has caused and will continue to cause, as long as they can be sold, undreds to die the death of a drunkard. By their use the system is kept continually under the influence of alcoholic stimulants of the worst kind, the desire for liquor is created and kept up, and the result is all the horrors attendant upon adquikard's life and death. FRYER AND AGUE.—The chills will not return if these Bitters are used. No person in a fever and ague district should be without them. From Rev. J. Neuton Brown, D. D., Editor of the Encyclopedia of Religious Knewledge.

I do this more readily in regard to Hoofland's Garman Bitters, prepared by Dr. C. M. Jackson

because I was prejudised against them for a number of years, under the inpression that they were chiefly an alcoholic mixture. I am indepted to my friend Rob't Shoemaker, esq., for the removal of this prejudice by proper tests; and for encouragement to try them, when suffering from great and long debility. The use of three-bottles of these bitters, at the besuffering from great and long debility. The use of three-bottles of these bitters, at the beginning of the present year, was followed by evident relief, and restoration to a degree of bodily and mental vigor which I had not felt for six months before, and had almost dispaired of of regaming. I therefore thank God and my friend for directing me to the use of them.

Canada, and Australia. Agents wanted in

WHAT EVERYBODY KNOWS, viz:

That Iron well galvanized will not rust; That a simple machine is better than a com-

plicated one;
That a Wringer should be self-adjusting, durable, and efficient;
That Thumb-Screws, and Fastenings cause delay and to ouble to regulate and keep in order;
That wood soaked in hot water will swell, shrink and split;
That wood bearings for the shaft to run in

will wear out;
That the Putnam Wringer, with or without cog-wheels, will not tear the clothes;
That cog-wheel regulators are not essential;
That the Putnam Wringer has all the ad-

antages, and not one of the disadvantages bove named;
That all who have tested it, pronounce it the best Wringer ever made;
That it will wring anything from a thread

That it will wring anything from a trical to a bed quilt without alteration;
We might fill the paper with testimonials, but insert only a few to convince the akeptical if such there be; and we say to all, test Putnam's Wringer.
