Proclamation of the Chief Burgess.

Fellow Citizens: I would respectfully and earnestly call your attention to the importance of cleansing or removing from your premises, all foul substances that are promotive of disease, the Couneil, by an Ordinance, bearing date November 20th, 1865, have provided a Board of Examiners, whose duty it shall be to make Monthly visits to all the premises in the Borough and report any filthy conditions that will endanger the public health. Notice will immediately be given the occupants of the premises who, on failing to remove the nuisance, will be fined and be made pay the expense of such removal. Slaughter Houses, or buildings used for the slaughter of cattle or swine, if not kept clean and entirely free from offensiveness, by washing and the burial of all offal, will be closed and the person or persons asing the same fixed. These sanitary measures have been deemed necessary to prevent as far as possible, the prevalence of Cholera or any other epidemic disease in our Borough next season. It is to be hoped, therefore, the citizens will appreciate the motive in adopting such rigid measures as will prevent any local causes for diseases and will hearti-

ly acquiesce in the measure, by emptying, during the cold weather, all full, or nearly full Water-closets, cleansing outhouses, burying rubbish, renovating and white-washing cellars, and putting everything about their premises in a sweet and pure condition and all of these precautions faithfully attended to. During the Spring, Summer and Autumn of next season we may hope to see the prevalent disease shorn of much of its virulence, if it should even reach us at all.
