and purges out the humors which make disease. It stimulates the healthy functions of the body, and expels the disorders that grow and rankle in the Blood. Such a remedy, that could be relied on, has long been sought for, and new, for the first time, the public have one on which they can depend. Our space here does not admit of certificates to show its effects, but the trial of a single bottle will show to the sick that it has virtues surpassing anything they have ever taken. Two tablespoonsful of the Extract of Sarsapanilla, added to a pint of water, is equal to the Lisbon Diet Drink, and one bottle is equal to a gallon of the Syrup of Sarsapanilla, or the decoction as usually made.

The above Extracts are prepared on purely scientific principles—in Vacuo—and embody the full strength of the ingredients entering into their composition. A ready and conclusive test will be a comparison of their properties with those set forth in the U. S. Dispansatory.

HOW TO USE THE REMEDIES.

Face, or any and every part of the body, use Extract Sarsaparilla, applying to Pimples and all external Humors or Eruptions, the Improved Rose Wash.

Use the Extract Buchu for all diseases re-Use the Extract Buchu for all diseases requiring the aid of a Diuretic, except those of the Urinary Organs, such as Gonorrhæa and Gleet; in these use the Extract Buchu and inject with the Improved Rose Wash.

AT These extracts have been admitted to use in the United States Army, and also are in very general use in all the state hospitals and public institutions throughout the land, as well as in private practice, and are considered as invaluable remedies.

To THE PUBLIC.—Having had occasion for the use of a Dentist, I called on Dr. Worrall, who has succeeded in preparing for me an excellent and serviceable set—upper and lower.

They are upon what is called "rubber base," and fit my mouth firmly and comfortably, and are almost as much use to me as were my natare almost as much use to me as were my natural teeth. My mouth having become considerably deformed in consequence of having gone a number of years without any teeth on one side of my jaw, but the Doctor remedied this defect, making the fit complete, whilst the working of the teeth are entirely satisfactory.
