NEW SKIRT FOR 1866! The Great Invention of the Duplex HOOP SKIRTS.

J. W. BRADLEY'S New Patent Duplex Elliptic (or double) Spring Skirt. THIS invention consists of Duplex (two) Elliptic pure refined steel springs, ingeniously braided tightly and firmly together, edge to edge, making the toughest, most flexible, elastic and durable spring ever used. They seldom bend or break, and give no trouble, and consequently preserve their perfect and beautiful shape more than twice as long as any single spring skirt that ever has or can be made.

The wonderful flexibility and great comfort and pleasure to any lady wearing the Duplex Elliptic skirt will be experienced particularly in all crowded assemblies, Opera, carriage, railroad cars, church pews, arm chairs, for promenade and house dress, as the skirt will never afterwards willingly disengage itself, as is so often the case with a silk or muslin dress.

A lady having enjoyed the pleasure, comfort and great convenience of wearing the Duplex Elliptic skirt will be willing to dispense with their use. For superiors, Misses, and young ladies they are superior to all others. The hoops are covered with 2 ply double twisted thread and will wear twice as long as the single yarn covering which is used in all Single and Double Elliptic skirts. The two buttons rolls on every skirt are no double elastic, and twice or double covered to prevent the covering from wearing off the rods when dragging down stairs, stone steps, &c., &c., which they are constantly subject to when in use. All are elegant and neat, and are of the best quality in every part giving to the wearer the most graceful and perfect shape possible, and are unquestionably the lightest, most desirable, comfortable and economical skirt ever made.

WEST'S BRADLEY & CO., Proprietors of the invention, and Sole Manufacturers, 27 Chambers, and 79 & 81 Reade streets, New York. For sale in all first-class stores in this City and throughout the United States and Canada, Havana de Cuba, Mexico, South America and the West Indies. Inquire for the Duplex Elliptic (or double) Spring Skirt.
