## READ WHAT DR. SCHENCK IS DOING.

DR. J. H. SCHENCK. DEAR SIR :---- I clei it a duty I owe to you, and to all who are suffering under the diseases known as Consumption and Liver Complaint, to let them know what great benefits I have received from your Pulmonic Syrup and Sea-weed Tonic in so short a time. By the bless-ing of God it has cured me thus far.

ing of God it has cured me thus far. Dr. Schenck, I will now make my state-ment to you, as follows:-About eighteen months sgo I was attacked with a severe cough, and it settled on my lungs; I could not retain anything I ate, and suffered with evening fevers and night sweats. I was very much reduced. The whites of my eyes were very yellow; likewise my skin; my appetite all gone, and unable to digest what I did eat; bowels svollen. irregular and costive. I was bowels swollen, irregular and costive I was very low spirited, and bad such violent spells of coughing when I lay down at night and when I arose in the morning that they would last one or two hours.

I then would be nearly exhausted, and was I then would be nearly exhausted, and was entirely unable to lie on my left side. I can-not describe my wretched suffering as I would wish to do. Every organ in my body was dis-eased or deranged. Such was my situation at this time, and I was confined to my bed from the last of February, 1862, to June 1862, not able to sit up. I had the best of medical at-tendance the whole of the time. My cough was so very bad that it racked me very much. I at this time raised a large numitivo f thick. I at this time raised a large quantity of thick, yellow, offensive matter, sometimes with blood and it was generally accompanied by nausea. and a furred and thick coated tongue. At the time of coughing so badly 1 would have sharp, = ooting pains in my left side and heart, night sweats, and soreness all through my whole chest; had much inward fever, pain in whole chest; had much inward fever, pain in my back and under my shoulder blades and in the small of my back, and at times so severe that it would throw me into spasms. Now my physician gave me up to die. Others I had, and the best of them, but they could do nothing for me, and at that time I was nothing Ing for me, and at that time 1 was nothing but skin and bone. I then was in the western part of Missouri. In June last we left there for the East, and in August last we came to New York, and I was so reduced that I could only walk a little with my husband's help. After I had been here a short time the sait wa-ter brace mude me fool much better for a ter breeze made me feel much better for a time and then I had again to call a physician for aid. We had four of the best physicians of New York on the diseases of the langs, and doctors of all kinds, but af no avail. They doctors of all kinds, but of no avail. I said I was past cure, and that my lungs too far gone for any one to cure me. But at this time I was on my feet about the house, not able to do much of anything. In Novem-ber last I grew worse, and the consumption diarthea set in and lasted about eight weeks We had tried all and everything that 1 could grasp at like a dying person for my disease-consumption and liver complaint-but of no avail.

Consumption, Epilepsy, and Fits, Mental and Physical Incapacity, §c. by Dr. Robertt J. Culverwell, author of the "Green Book," &c. The world-renowned author, in this admira-ble Lecture, clearly proves from his own ex-perience that the awful consequences of self-busements he affectually removed without me-In January, 1863, I was brought down again on my bed, and was not expected to live the night out. My husband stayed at my penence that the awful consequences of sen-abusemay be affectually removed without me-dicine, and without dangerous surgical opera-tions, bougies, instruments, rings, or cordials, pointing out a mode of cure at once certain and effectual, by which every sufferer, no mat-ter what his condition, may be, may cure kimself thesply, privelely, and radically. When he was about to go I asked him if he could cure me? His reply was: "I cannot tell, both lungs are diseased, and the bronchi-al tubes are affected on both sides." And yet he seemed to think there were lungs enough left to effect a cure if the diarrhea could be stopped. He said in order to do this, he would have to give me Mandrake Pills in small doses at first, to carry off the morbid matter, and then, with astringents, he hoped to check it, which he did, but the constant coughing, night sweats, and diarrhea had prostrated me so that he was afraid my vital powers were Having purchased the remaining stock on hand, and leased the Tannery and fixtures of his late father, Henry Sultzbach, deceased, is his late father, thenry sultzbach, deceased, is pulmonic Syrup through my system to cause expectoration there were lungs enough left for me to recover. He wished me to try the Pulmonic Syrup and Seaweed Tonic at once, saying it would do me no harm, if it did me nu good. The first week it seemed to give
