To THE PUBLIC.—Having had occasion for the use of a Dentist, I called on Dr. Worrall, who has succeeded in preparing for me an excellent and serviceable set—upper and lower. They are upon what is called "rubber base," and fit my mouth firmly and comfortably, and are almost as much use to me as were my natare almost as much use to me as were my hat-ural teeth. My mouth having become con-siderably deformed in consequence of having gone a number of years without any teeth on one side of my jaw, but the Doctor remedied this defeet, making the fit complete, whilst the working of the teeth are entirely satisfactory. I would cheerfully recommend any person in want of dental operations, to call on Dr. Worrall, havieg great confidence in his pro-fessiona skill. GEO; REICH.

THIS invention consists of Duplex (or two) Elliptic pure refined steel springs, ingeniously braided tightly and firmly together, edge to edge, making the toughest, most flexible, elss-tic and durable spring ever used. They sel-dom bend or break, like the single springs, and consequently preserve their perfect and beautiful shape more than twice as long as in U. S. Currency, thus yielding an interest of Twelve per cent., in gold, or seventeen per cent in currency, at the present rate of preany single spring skirt that ever has or can be

The wonderful flexibility and great comfort and pleasure to any lady wearing the Duples Elliptic skirt will be experienced particularly in all crowded Assemblies, Operas, carriages railroad cars, church pews, arm chairs, for promenade and house dress, as the skirt can be folded when in use to oc cupy a small place as easily and conveniently as a silk or muslin

dress. A lädy having enjoyed the pleasure, com-fort and great convenience of wearing the du-plex elliptic steel spring skirt for a single day will nevor afterwards willingly dispense with their use. For children, Misses, and young ladies they ar superier to all others. The hoops are covered with 2 ply double twisted thread and will wear twice as long as the single yarn covering which is used on all Single steel hoop skirts. The three, bottom rods on every skirt are also double steel, and twice or double covered to prevent the cover-ing from wearing off the rods when dragging down stars, stone steps, &c., &c., which they are constantly subject to when in use. All are made of the new and eggant corded tapes, and are the best quality in every part giving to the wearer the most graceful and perfect shape possible, and are unquestionably the lightest, most desirable, comfortable and economical Skirt ever made. Ihe Real Uelpau Female Pills. [WARRANTED FRENCH.]

These Pills, so celebrated many years ago in Paris, for the relief of female irregularities, and afterwards so notorious for their criminal and alterwards so notorious for their criminal employment in the practice of abortion, are now offered for sale for the first time in Amer-ica. They have been kept in comparative ob-scurity from the fact that the originator, Dr. VALPAU, is a Physician in Paris, of great wealth and strict conscientious principles, and has withheld them from general use, lest they should be employed for unlawful purposes. In overcoming female obstructions they seem should be employed for unlawful purposes. In overcoming female obstructions they seem to be truly omnipitent, bursting open the flood gates from whatever cause may have stopped them; but they are offered to the public only for legitimate uses, and all agents are forbid-den to sell them when it is understood that the object is unlawful.
