## The Local Mariettian.

Saturday Morning, March 31, 1866.

The Buffulo race on Friday of last gets, was quite a town sensation. Two there animals were taken from Mr. Daffy's enclosure, near his residence and put into a car to be taken to Chestof Hill, near Philadelphia. One of them had become rather dangerous in them use of having been teased by boys that it was deemed advisable to more it to a more safe place; he at ne line jumped the fence of the enclo ne and gave considerable trouble to When taken out on Friday begave chase, having torn from his capme-he had first been lassoed and nes extended before and behind him, ghich a dozen or more men had hold, order to guide him-and after runing through the streets and alleys arly every person in the vicinity, until can be. garing the cars in which his mate had bready been quietly placed, where he was brought up" and calmly walked in.

It is with regret that we announce death of Mr. John Sheuffer, Bookeller, of Lancuster, which took place at hole community. His health had not men good for some months, but he was ill able to transact his business. On riday morning he had left bome for the rpose of doing some business at Manim and after getting through with it arted for home about five o'clock in the evening. He had not proceeded for then he was observed to be sinking and nally fell partly out of the buggy. He use near by, where he died a few outs after of apoplexy. Mr. Shaeffer widely known in Lancaster county.

The liquor cases lately heard beore the U.S. Assessor for this district are been decided so far as that officer as jurisdiction. In the case, of Abram S. From this deci on Mr. Hackman appealed and the miter will undergo further investigaled by the U. S. Commissioner at Vashington or more likely by the U.S. burt for the Eastern district:

A POINT ON WHICH ALL PHYSICIANS AGREE.—Out of ten thousand regular physicians you cannot find one who will not say that stimulants and invigorants are absolutely necessary in medical practice. And yet in bygone years humane practitioners have hesitated to administer them, because the fiendish ingenuity of wretches who make merchandise of human infirmities had so polluted and deteriorated them that the remedy was deemed as dangerous as the disease. This perplexity is happily done away with. Physicians know, because the first analytical chemists of the age have demonstrated the fact, that HOSTET-TER'S CELEBRATED STOMACH BIT-TERS are absolutely and entirely free from all pernicious elements. Hence they have been introduced into the United States Army, and are accepted, whereen the testiment of the wise, the intelligent and the philanthropic is rated at its just value, as the best protective against and cure for all diseases arising from impurity in the air or other unhealthy climate influences, that has ever been tested by experience. In cases of Dyspensia and Liver Complaint, we. state without qualification or and the upper railroad station, roar- reservation, that the Bitters are as nearly inrand bellowing frightfully, alarming fallible as anything prepared by human skill
