A NOTHER GREAT CURE

IN THE CITY OF NEW YORK, Of a highly respectable citizen, well known to the Mercantile community, by DR. J. H. SCHENCK, THE GREAT LUNG DOCTOR OF PHIL ADELPHIA.

OFFICE N. Y. AND GALENA LEADCO. No. 28 Nassau St., New York, June I, 1865. Dr. J. H. Schenck-Dear Sir: For over offeen years I have been troubled with a se-14:00 vere cough, and usually two or three times a year with more or less hemorrhage, which to-gether, for the last few years, has kept me thin in flesh and too weak to do business of any kind without suffering. In August last 1 had a very severe hemorrhage, and, according to the judgement of a good New York physician, I was classed as beyond the reach of medicine and was advised to be prepared, so far as pro-5:00 perty matters were concerned, to leave at short notice. The physician (and my good friends) said that the first cold I took must prove fatal. Early in January I took a severe cold, and fortunately was occupying rooms at No. 32 BOND STREET, dective over your office. I think about the 16th of 11:50 over your office. I think about the 16th of 11:50 over your office. January I procured a bottle of your Pulmonic Syrup and commenced taking it freely.

My feet and limbs were very much awollen, and all the symptoms of a speady death seemed to accompany my cold. I sent for my former physician, and stated to him that i was taking your medicine, and after showing them to him, and baying rasted of them &c., he replied: "You can take them if you, like they will do you no harm." He said: "You know what I told you last summer, and I say the same now, if you have any business to the same now, if you have any business to close up, do not put it off." He said to other friends that he "could see no hope for me," and my friends and relations concluded my time had come. At this time I was taking freely of you medicine, but had not seen you. The doctor called a few timas, and found mo (much to his surprise, he said,) improving, and he could not understand why. My faith was increasing in your medicines, and I hads wish to have you examine my case, and see what you had to say. When you first came to my room and made the examination, you gave me but little encouragement, but on the to my room and made the examination, you gave me but little encouragement, but on the contrary, expressed sad doubts of my ever heing helped out of my then seeming difficuties. The second time that you called, finding me still gaining, you gave me encouragement, saying, "my symptoms were improving; the Pulmonic Syrup, Sea-weed Tonic and Mandrake Pills had acted like a charm." My circulation, my cough, my appetite, all began to improve, and I could walk about my room a little. You visited me nearly every Tuesday, and found me improving, and told me not to go out of my room until the first day of May. I took no cold while under your treatment, my appetite became first-rate, and you told me to eat everything I wished of a nutrations nature, and to exercise about the nutritious nature, and to exercise about the room as much as rossible. I followed your advice, and to the surprise of my old physician and friends, I seem much better than I have been for several years, and breathe better than l ever expected a person could with one lung, the left being completely dried up. I feel vorygrateful to you, and consider your advice and medicines invaluable.

Yours, truly, T. S. SHELDON Da. Schenck—Dear Sir:—About two, ears ago I was taken with a very troublesome cough and a pain in my breast; seven or eight months passed away without my doing anything for myself. Then I applied to a physician, who attended me for about three months without rendering me any service. I also obtained the advice and treatment of a physician in one of our hospitula, and also, had the advice and treatment of two other physicians, but all to no purpose. During this long space of time I was nearly dead; several times my friends came to see me and witness my exit into the apirit-world. I was confined to my bed two months at one time. My breathing was exceedingly short. I gave up breathing was exceedingly short. I gave up several times all hope of getting better; and as regarded getting well, that was entirely out of the question. And to think this day 1 am well and hearty! I was advised by some of my friends to try Dr. SCHENCK's Medicines. I accordingly hough bottle after better. I accordingly bought bottle after bottle, until I reached the ninth; then I found a decided change in my cough for the better. I suffered severely from pulpitation of the heart, and two weeks after I commenced taking your medicine

this difficulty ceased. When I hist went to Dr. Schenck's office it was with difficulty that I could get up into his reception room, I was so weak and so swelled; reception room, I was so weak and so swelled; my skin was assallow as though I had the jaundice; I felt dull, heavy, and sleepless. Dr. Schenck, after examining me, said both my lungs were affected, and gave me but little hope; but his medicines, in about two weeks, took right hold of me; it seemed to go right through my whole system. The Pulmonic Syrup, Seaweed Tonic and Mandrake Pills, all took right hold in the right place. The Pills brought away great quantities of bile and slime; the Syrup loosened the matter in my lungs, which came off very free; the Seaweed Tonic gave me an appetite, and everything seemed to taste good.

Tonic gave me an appenie, and everyining seemed to taste good.

To show what great power the medicines have in purifying my system, and to show how bad I was diseased, beside all the bile how bad I was diseased, beside all the bile that passed my bowels, and the great quantities of philegm and matter I expectorated, I broke out all over in large boils, that would continue to gather and run for about six weeks, and I had at one time over twenty-five boils. I have nothing of the bind are well as the sind are the boils. boils. I have nothing of the kind now, and boils. I have nothing of the kind now, and feel like another person altogether.
