The Focal Mariettian.

Saturday Morning, April, 21, 1866.

Our thanks are due A. Hiestand Glets, of the State Senate, from York, for a copy of the "State Capitol Grand March," avery fine piece dedicated to Geodral Glatz by Peter Bentz, the com-

Rev. Mr. Fleming will speak on the subject of Temperance before the "Open Temperance Society" on Monday evening next at 7} o'clock.

Rev. Dr. Castle, Presiding Elder, of Philadelphia will preach in the M. E. o'clock, and the Rev. Mr. Stringer in the evening at 71 o'clock.

The store of Spangler & Rich we entered on Monday night and the iron safe blown open. The affair was, eridently, committed by experienced burglass, as everything plainly indicated. The safe door was blown off with such force as to almost entirely demolish s wardrobe, standing near the safe. The thieves, it is thought, entered from the second story of the hardware store of Patterson & Co.,—as one of the second story windows was open in the merning. The booty did not pay the trouble they went to, as Mr. Spangler had made a deposit on the afternoon of that day, and only thirty-four dollars and six cents-pennies and postal curmency all included-was in the safe and store drawers combined. The goods in the store were undisturbed, but the hardware side-through which they passed in going out-had a few pocket knives ed on suspicion, but, on having a hearing, were discharged.

& A little boy, about five years of jast. It appears the little fellow belonged to a family residing at the Chicques furnace, and had been missing for over nine weeks, and was advertised for by his parents, who supposed he had been abducted by some person. He was, no doubt, playing on the ice, a short dis tance above the dam, near the Chicques furnace stables, where a hole had been cut into the ice to water the furnace horses, and fell into the hole and thus got under the ice, and has just now sisen to the surface and caught by the dam.

The fair and festival for the benehof the Presbyterian church, which commenced on Monday evening, was a most decided success. The hall was crowded nightly with ladies and gentlemen, notwithstanding the inclement weather; we did not learn the receipts, but really think they must have been almost immense, for the liberality of some of the Clearfield county men might nearis be called reckless-but in so good a tause they justified their disregard for money. The ladies connected with the festival left nothing undone to make it a pleasant and attractive place of resort

Godey for May is out. "The Pet of the Common " is a fine steel engray six sgures; this plate is very attractive; Pin Cushion Cover, printed in blue; beautiful engraving of Spring; Robe dress from Stewart : Evening dress from Evans; Walking suit, Greek Coiffure; Oakford's hats: collers, sleeves, headdresses, Bonnets, and a great variety of wood engravings illustrating fashiouthe "ladies' gear." The reading matter as heretofore, always first class. Brery lady should have "Godey." See idvertisement in another column.

WA "six-foot" yaukee, a few nights lince, on leaving a Front street boarding louis, near Flury's hotel, traveled—as he inprosed—towards Flury's, but found frontly, not knowing where he was, having walked over the new culvert at Coyle's, and, being a little "boozy," apposed himself in the river.

An effort was made to blow open he sale of Shultz & Brother, hatters, Lincaster, a few nights since. The first lo blow up the safe, but was to alarm the leighbors, who gave the alarm and the

A POINT ON WHICH ALL PHYSICIANS AGREE.-Out of ten thousand regular physicians you cannot find one who will not say that stimulants and invigorants are absolutely necessary in medical practice. And yet in bygone years humane practitioners have hesitated to administer them, because the fiendish ingenuity of wretches who make merchandise of human infirmities had so polluted and deteriorated them that the remedy was deemed as dangerous as the disease. This perplexity is happily done away with. Physicians know, because the first analytical chemists of the age have demonstrated the fact, that HOSTET-TER'S CELEBRATED STOMACH BIT-TERS are absolutely and entirely free from all pernicious elements. Hence they have been introduced into the United States Army, church on Sanday morning hext at 10 and are accepted, whereon the testimony of the wise, the intelligent and the philanthropic is rated at its just value, as the best protective against and cure for all diseases arising from impurity in the air or other unhealthy climate nfluences, that has ever been tested by experience. In cases of Dyspepsis and Liver Complaint, we state without qualification or reservation, that the Bitters are as nearly infallible as anything prepared by human skill [A-Im
