

The Local Mariettian.

Saturday Morning, May 19, 1866.

IN WANT OF MONEY.—We are in great want of money just now; the continued high price of printing paper has kept us short of money, and we are now particularly short, and having several bills falling due in June, we will be compelled to send our borough collector out with bills, during the coming week, when we hope all will be in readiness. We had determined to do the same thing last spring, but fortunately received enough to "wade us through" without, and in consequence, a number of our town subscribers will find themselves two and three years in arrears when they may have supposed themselves not so far behind. Persons at a distance will find their bills enclosed in next week's issue—it will not pay us to send a collector—and we hope they will remit by mail at their earliest convenience. The low price of subscription and the high price of everything pertaining to a printing office, necessitates a close collection of the subscription list, or—"we go under."

The stockholders of the First National Bank of Marietta, will notice an advertisement in today's paper that the directors have declared a dividend of 5 per cent. payable on demand. We have been informed by one of the directors that they prefer, for the present, to make a uniform dividend each six months, and carry the balance to Profit and Loss, thereby creating a fund which can be held for any loss which may occur, and offering the community a safe depository for their money. This Bank has been in operation about two years and a half and has paid in dividends \$25,000, and has created a surplus fund of the same amount, making the aggregate profits \$50,000, after payment of all taxes and expenses. The capital is one hundred thousand dollars.

A man by the name of Jenkins, died very suddenly, a few days since, whilst his boat was crossing the river at Columbia. It appears Jenkins had been suffering for some time with heart disease, and, for a pleasant trip, went along with his son, who runs his (Jenkins') boat, to Baltimore, and whilst the boat was crossing the river on its return trip, the son had occasion to go to the forward part of the boat to adjust a rope, and on his return heard a groaning noise in the cabin, and on going below found his father just breathing his last. The son brought the boat and body to this place, where he obtained a coffin from Jacob Libhart, jr., who has always a lot on hand, and had his father decently coffined and taken by the noon train, to his home, at Wilkesbarre.

A kind of informal meeting of some of the members of the Farmers and Gardeners' society of East Donegal, was held at Spangler & Rich's store, a few evenings since, when the time of holding the next Strawberry exhibition was discussed. From the reports of the condition of this fruit, in this vicinity, we are led to believe a very handsome display may be looked for. A great variety of seedlings will be presented, one gentleman alone—Mr. Henry M. Eogle—having over one hundred. Timely public notice of the day will be given.

Geo. Charles Francis, formerly, and for a number of years, the able superintendent of the Philadelphia division of the P. R., was the recipient, recently, of a very handsome silver set from the employees of that branch of the road. The presentation was made in a neat little speech by Mr. G. W. McShaffery, of this borough, and responded to by Mr. F. M. Francis, who now has a more important position in the through freight department of the road.

Mr. George Billet has had the old "Vinegar's Ferry"—notably known as "White's"—a few miles above this place—chartered, and now gives public notice that he is prepared to attend to ferrying. He also says he will prosecute all persons ferrying within his chartered limits—only a half of a mile east or west of his point.

"The Church Advocate," Rev. E. H. Thomas, editor, has been considerably brightened up with a new and handsome head and has been somewhat enlarged. It is the organ of what is commonly called the "Winebrewnarians," and is a well-conducted religious weekly.

"The York County Star," after a suspension of four years, has resumed publication. The Star always was an interesting and fine looking family paper, and the number before us looks "none the worse" for its long suspension. Long may it shine.

Tim Dolan—poor Tim—has had a transportation sentence to the "Stone Jug." Tim would persist in keeping on a "heavy load" for an unusual length of time, and had to be sent down to get sober.

Mrs. Margaret Roth has just received a new lot of notions. Call and see her fans, gloves, buttons, and an endless variety of notions for the fair sex.

GET YOUR DEEDS RECORDED.—All property owners should see to it at once that their deeds are properly recorded. For, according to the provisions of an act of Assembly, it is enacted that all deeds and transfers of Real Estate in this State must be recorded six months from the time of their acknowledgement, in the Recorder's office in the county where such property is situated. All such Deeds and transfers that are not as aforesaid recorded in proper time, are considered not lawful against subsequent purchasers of the same. Persons settling up estates as Executors and Administrators, should be very careful to have all their releases recorded. To make a Mortgage or judgment valid and according to law, the property bound should be put on record in proper time. So do not delay, those who have neglected this matter, but act at once.

Mr. Editor.—Dr. F. Hinkle delivered an able and instructive lecture before the students of the Marietta Academy on Thursday evening last. His subject was the "Osseous system." He illustrated every part of his subject so plainly that no one could help but understand him, and gave a great amount of useful information. We feel glad that he is going to give us several lectures more. It was intended especially for the Physiological classes. He is certainly a gentleman of great ability. A STUDENT.

The "Open Temperance Society" will meet in Temperance Hall on Monday evening, address by Rev. Mr. Miller of Mount Joy. All are invited.

General Knip has been confirmed by the U. S. Senate, Postmaster of Harrisburg. This puts Bergner really out in the cold.

On our first page will be found Dr. Hinkle's article on the cholera.

Ex-President Buchanan has just entered his 77th year.

Special Notices.

LYON'S PERIODICAL DROPS. The great Female Remedy for Irregularities.—These Drops are a scientifically compounded fluid preparation, and better than any Pills, Powders or Nostrums. Being liquid, their action is direct and positive, rendering them a reliable, speedy and certain specific for the cure of all obstructions and suppressions of nature. Their popularity is indicated by the fact that over 100,000 bottles are annually sold and consumed by the ladies of the United States, every one of whom speak in the strongest terms of praise of their good merits. They are rapidly taking the place of every other Female Remedy, and are considered by all who know anything of them, as the surest, safest and most infallible preparation in the world, for the cure of all female complaints, the removal of all obstructions of nature, and the promotion of health, regularity and strength. Explicit directions stating when they may be used, and explaining when they should not, nor could not be used without producing effects contrary to nature's chosen laws, will be found care fully folded around each bottle, with the written signature of JOHN L. LYON, without which none are genuine. Prepared by Dr. JOHN L. LYON, 195 Chapel street, New-Haven, Conn., who can be consulted either personally or by mail, (enclosing stamp) concerning all private diseases and female weaknesses. Sold by Druggists every where. C. G. CLARK & Co., Gen'l Agts for U. S. and Canada.

LET US BE MERCIFUL TO OURSELVES: The physical structure of the strongest human being is vulnerable everywhere. Our bodies are endowed by nature with a certain negative power, which protects them to some extent from unwholesome influences; but this protection is imperfect, and cannot be safely relied on in unhealthy regions, or under circumstances of more than ordinary danger. Therefore, it is wisdom, it is prudence, it is common sense, to provide against such contingencies, by taking an antidote in advance; or, in other words, by fortifying the system with a course of Hostetter's Stomach Bitters, the most complete protective against all the epidemic and endemic maladies that have ever been administered in any country. As a remedy for Dyspepsia, there is no medicine that will compare with it. Whoever suffers the pangs of Indigestion, anywhere on the face of the earth where Hostetter's Bitters can be procured, does so voluntarily; for as surely as Truth exists, this invaluable tonic and alterative would restore his disordered stomach to a healthy condition. To the Bilious it is also especially recommended, and in cases of confirmed Constipation it affords speedy and permanent relief. In Canada, the West Indies, and Australia, the Bitters rank above all other medicines of the class, and the demand for them in all foreign countries increases every season.

A Single Box of BRANDRETH'S PILLS contain more vegetable extractive matter than twenty boxes of any pills in the world besides; fifty-five hundred physicians use them in their practice to the exclusion of other purgatives. The first letter of their value is yet scarcely appreciated. When they are better known, sudden death and continued sickness will be of the past. Let those who know them speak right out in their favor. It is a duty which will save life. Our race are subject to a redundancy of vitiated bile at this season, and it is as dangerous as it is prevalent; but Brandreth's Pills afford an invaluable and efficient protection. By their occasional use we prevent the collection of those impurities which, when in sufficient quantities, cause so much danger to the body's health. They soon cure Liver Complaint, Dyspepsia, Loss of Appetite, Pain in the Head, Harbourn, Pain in the Breast bone, Sudden Faintness and Costiveness. Sold by all respectable Dealers in Medicines.

HOWARD ASSOCIATION, PHILADELPHIA, PA. Diseases of the Urinary and Sexual Systems, new and reliable treatment. Also, the BARDAL CRAMER, an Essay of warming and Instruction, sent in sealed envelopes, free of charge. Address, Dr. J. SKILLIN HOWARD, Howard Association, No. 2 South Ninth-st., Philadelphia, Pa. BOROUGH PROCLAMATION.

WHEREAS, Numerous complaints have been made to me, that certain persons have been casting upon the streets and alleys of the borough, Ashes, Shavings, Straw, Stumps, Dung, Brick-Bats, Heads and Entrails of Beasts and Fish and other annoyances, or obstructions, or throwing thereon or running Soap Suds, Dish Water, or any other filthy liquids in the streets and gutters, in contravention of the several Ordinances relating to placing nuisances and obstructions upon the streets and alleys of the borough, the undersigned, Chief Burgess, therefore issue this Proclamation, forbidding such violations of said Ordinances, and to notify such persons knowing themselves to have transgressed, to immediately remove such filth and obstructions, and also to air and white-wash all Cellars, otherwise the penalties of said Ordinances will be imposed without distinction of persons.

THE GREAT CAUSE

OF Human Misery.

Just Published, in a sealed envelope. Price SIX CENTS.

A Lecture on the nature, treatment, and radical cure of Seminal Weakness, or SPERMATORRHOEA, induced by Self-abuse, Involuntary Emissions, Impotency, Nervous Debility and impediments to marriage generally, Consumption, Epilepsy, and Fits, Mental and Physical Incapacity, &c. by Dr. ROBERT J. CULVERWELL, author of the "Green Book," &c. The world-renowned author, in this admirable Lecture, clearly proves from his own experience that the awful consequences of self-abuse may be effectually removed without medicine, and without dangerous surgical operations, blisters, instruments, rings, or cordials, pointing out a mode of cure at once certain and effectual, by which every sufferer, no matter what his condition, may be cured, cured cheaply, privately, and radically. This Lecture will prove a boon to thousands and thousands.

Sent, under seal, in a plain envelope, to any address, postage paid, on receipt of Six Cents, or two postage stamps, by Dr. ROBERT J. CULVERWELL, 127 Bowery, New-York, Post-office Box 456.

GEO. W. WORRALL, SURGEON DENTIST.

Market Street, adjoining Spangler & Rich's Store, on the second floor.

Where he is now prepared to wait on all who may feel disposed to patronize him.

Dentistry in all its branches carried on.

Teeth inserted on the most approved principles of Dental science. All operations on the mouth performed in a skillful and workmanlike manner—on fair principles and on VERY REASONABLE TERMS.

Having determined upon a permanent location at this place, would ask a continuation of the liberal patronage heretofore extended to him, for which he will render every possible satisfaction.

Other administered to proper persons.

TO THE PUBLIC.—Having had occasion for the use of a Dentist, I called on Dr. Worrall, who has succeeded in preparing for me an excellent and serviceable set—upper and lower. They are upon what is called "rubber base," and fit my mouth firmly and comfortably, and are almost as much use to me as were my natural teeth. My mouth having become contracted and deformed in consequence of having gone a number of years without any teeth on one side of my jaw, but the Doctor remedied this defect, making the fit complete, whilst the working of the teeth are entirely satisfactory.

I would cheerfully recommend any person in want of dental operations, to call on Dr. Worrall, having great confidence in his professional skill. GEO. REICH.
