Reduction in Price of the American

Watches, made at Waltham, Mass.

In consequence of the recent great decline in gold and silver and all the material used in the manufacture of our goods, and in anticipation of a still further decline, we have reduced our prices to as low a point as they can be placed WITH GOLD AT PAR, so that no one need hesitate to buy a watch now, in the expectation that it will be cheaper at some future time; the test of ten years and the manufacture and sale of

MORE THAN 200,000 WATCHES, have given our productions the very highest rank among time-keepers. Commencing with the determination to make only thoroughly excellent watches, our business has steadily increased as the public became acquainted with their value, until, for months together, we have been unable to supply the demand. We have repeatedly enlarged our factory buildings until they now cover over three acres of ground, and give accommodation to more than eight hundred workmen.

We are fully justified in stating that we now Make more than half of all the Watches sold in the United States.

The different grades are distinguished by the following trade marks engraved on the plates: 1.—"American Watch Co." Waltham, Mass. 2.—"Appleton, Tracy & Co." Waltham, Mass. 3.—"P. S. Bartlett." Waltham, Mass. 4.—"Wm. Ellery."

5.—Our Ladies' Watch of first quality is named "Appleton, Tracy & Co." Waltham, Mass. 6.—Our next quality of Ladies' Watches is named "P. S. Bartlett, Waltham, Mass." These watches are furnished in a great variety of sizes and styles of cases.

The American Watch Co. of Waltham, Mass. authorize us to state that without distinction of trade marks or price, All the Products of their Factory are FULLY WARRANTED to be the best timekeepers of their class made in this or any other country. Buyers should remember that, unlike the gewgaws of a foreign maker who can never be named, this warrantee is good at all times against the Company or their agents, and that, if defective in any particular, it may always be exchanged for another. As the American Watches made at Waltham, are for sale by some purveyors throughout the country, we do not solicit orders for single watches.

CAUTION.—The public are cautioned against purchasing inferior watches, and against exchanging for another. As the American Watches made at Waltham, are for sale by some purveyors throughout the country, we do not solicit orders for single watches.
