Special Notices.

GIVE NATURE A LIFT .- People expect too much of Nature They trifle with their health and their constitutions, and then are surprised that they fail sick. The pressure of constant mental or bodily

labor upon the animal powers is tremendous. Very few systems and constitutious can bear up against this pressure unassisted. Add to this the unhealthy influences which lurk unseen in the air we breathe, the water we drink, the artificial heat with which we endeavor to chase away the cold and marrow-searching moisture of winter, and it would seem to require almost superhuman vigor to keep in perfect health at this rigorous season without reinforcing the physical energies.

But how reinforce them? Certainly not with adulterated stimu ants. There is no poison in the outer air, or in the atmosphere of furnace-heated rooms, or workshops, or factories, so pernicious as those deadly-burning fluids.

Why use them, when Hostctter's Stomach Bitters, a vegetable tonic without alloy, are everywhere obtainable ? Nothing has ever been offered to the feeble and debilitated so harmless in its nature, so powerful in its invigorating effects, as this celebrated Stomachic and Alterative. In the army and the navy, in new settlements, and in crowded cities, by old and young, rich and poor, it is used as a Protective and Restorative Medicine, with the most gratifying results. J.

LYON'S PERIODICAL DROPS. The great fe-

male Remedy for Irregularities .- These Drops are a scientifically compounded fluid preparation, and better than any Pills, Powders or Nostrums. Being liquid, their action is direct and positive, rendering them a reliable, speedy and certain specific for the cure of all obstructions and suppressions of nature. Their popularity is indicated by the fact that over 100,000 bottles are annually sold and consumed by the ladics of the United States, every ore of whom speak in the strongest terms of p aise of their good merits. They are rapidly taking the place of every other Female Remedy, and are considered by all who know aught of them, as the surest, safest and most infallible preparation in the world, for the cure of all female complaints, the removal of all obstructions of nature, and the promotion of health, regularity and strength. TT A Single Box of BRANDRETH'S PILLS contain more vegetable extractive matter than twenty boxes of any pills in the world besides; fifty-five hundred physicians use them in their practice to the exclusion of other purgatives. The first letter of their value is yet scarcely appreciated. When they are better known, sudden death and continued sickness will be of the past. Let those who know them speak right out in their favor. It is a duty which will save life. Our race are subject to a redundancy of vitiated bile at this season, and it is as dangerous as it is prevalent ; but Brandreth's Pills afford an invaluable and efficient protection.
