My feet and limbs were very much swollen, and all the symptoms of a speady death seem-ed to accompany my cold. I sent fer my former physician, and stated to him that I was taking your medicine, and after showing hem to him, and having tasted of them &c., he replied: "You can take them if you, like they will do you no harm." He said: "You know what I told you last summer, and I say the same now. if you have any business to know what I told you have summer, and I say the same now, if you have any business to close up, do not put it off." He said to other friends that he "could see no hope for me," and my friends and relations concluded my time had come. At this time I was thing freely of your medicine, but had not seen you. The doctor called a few times, and found me found the his survive. he said him the relation (much to his surprise, he said.) improving, and he could not understand why. My faith was increasing in your medicines, and I had a wish to have you examine my case, and see what you had to say. When you first came to my room and made the examination, you gave me but little encouragement, but on the contrary, expressed and doubts of my ever being helped out of my then seeming difficul-ties. The second time that you called, finding me still gaining, you gave me encourage-ment, saying, "my symptoms were improv-ing; the Pulmonic Syrup, Sea-weed Tonic and Mandrake Pills had acted like a charm." and Mandrake Fins had acted like a chain. My circulation, my cough, my appetite, all began to improve, and I could walk about my room a little. You visited me nearly every Tuesday, and found me improving, and told me not to go out of my room until the first day of May. I took no cold while under your treatment my appetite hereme first rate, and day of May. I took no cold while under your treatment, my appetite became first-rate, and you told me to eat everything I wished of a nutritious nature, and to exercise about the room as much as possible. I followed your advice, and to the surprise of my old physician and friends, I seem much better than I have been for several years, and breathe better than I ever expected a person could with one lung the left being completely dried up. I feel vory grateful to you, and consider your advice and medicines iuvaluable. Yours, truly. es iuvaluable. Yours, truly, T. S. SHELDON.

Then I applied to a physician, who attended me for about three months without rondering me any service. I also obtained the advice and treatment of a physician in one of our hospaitals, and also, had the advice and treatment of two other phy-sicians but all to no purpose. During this but the other of the heat of two shorts, short also, had the advice and treatment of two other phy-sicians, but all to no purpose. During this long space of time I was nearly dead; sever-al times my friends came to see me and wit ness my exitinto the spirit-world. I was con-fined to my bed two months at one time. My breathing was exceedingly short. I gave up several times all hope of getting better; and as regarded getting well, that was entirely out of the question. And to think this day I am well and hearty! I was advised by some of my friends to try Da. SCHENCR's Medicines. I accordingly bough to ttle after bottle, until I reached the ninth; then I found a decided change in my cough for the better. I suffered severely from palpitation of the heart, and two weeks after I commenced taking your medicine this difficulty ceased.
