ADELPHIA.

OFFICE N. Y. AND GALENA LEADCO.,
No. 28 Nassau St., New York, June 1. 1805.
DR J. H. Schenck-Dear Sir:—For over
fifteen years I have been thoubled with a severe cough, and usually two or three times a year with more or less hemorrhage, which to-gether, for the last few years, has kept me thin in flesh and too weak to do business of any kind without suffering. In August last 1 had a very severe hemorrhage,, and, according to the judgement of a good New York physician, the judgement of a good New York physician, I was classed as beyond the reach of medicine and was advised to be prepared, so far as property matters were concerned, to leave at short notice. The physician (and my good friends) said that the first cold I took must prove fatal. Early in January I took a severe cold, and fortunately was occupying rooms at No. 32 BOND STREET, dicetty over your office. I think about the 16th of January I procured a bottle of your Pulmon-January I procured a bottle of your Pulmonic Syrup and commenced taking it freely. My feet and limbs were very much swollen, and all the symptoms of a specidy death seemed to accompany my cold. I sent for my former physician, and stated to him that I was taking your medicine, and after showing them to him, and having tastee of them &c., he replied: "You can take them if you, like they will d'you no harm." He said: "You know what I told you last summer, and I say the same now, if you have any business to close up, do not put it off." He said to other friends that he "could see no hope for me," and my friends and relations concluded my time had come. At this time I was taking freely of your medicine, but had not seen you The doctor called a few times, and found me (much to his surprise, he said.), improving. January I procured a bottle of your Pulmon (much to his surprise, he said.), improving, and he could not understand why. My faith was increasing in your medicines, and I had a wish to have you examine my case, and ser what you had to say. When you first came to my room and made the examination, you gave me but little choouragement, but on the contrary, expressed and doubts of my ever heing helped out of my then seeming difficul-ties. The second time that you called, finding me still gaining, you gave me encourage-ment, saying, " my symptoms were improv-ing; the Pulmonic Syrup, Sea weed Tonic and Mandrake Pills had acted like a charm?" My circulation, my cough, my appetite, all began to improve, and I could walk about my room a little. You visited me nearly every Tuesday, and found me improving, and toil me not to go out of my room until the first day of May. I took no cold white under your treatment, my appetite became first-rate, and you talk me to get everything. I wishest of a you told me to eat everything I wished of a nutritious nature, and to exercise about the room as much as possible. I followed your advice, and to the surprise of my old physician and friends, I seem much better than I have been for several years, and breathe better than I ever expected a person could with one three I ever expected a person could with one lung the left being completely dried up. I feel very grateful to you, and consiler your advice and medicines invaluable. Yours, truly,
T. S SHELDON.

Dr. Schenck-Dear Sir :- About two years ago I was taken with a very troublesome cough and a pain in the breast; seven of eight months passed away without my doing anything for myself. Then I applied to a physician, who attended me for about three months without rendering me any service. I also obtained the advice and treatment of a physician in one of our beginning and of a also obtained the advice and treatment of a physician in one of our hospatials, and also, had the advice and treatment of two other physicians, but all to no purpose. During this long space of time I was nearly dead; several times my friends came to see me and wit ness my exit into the spirit-world. I was confined to my bed two months at one time. My breathing was exceedingly short. I was confined to my bed two months at one time. fined to my bed two months at one time. My breathing was exceedingly short. I gave up several times all hope of getting better; and as regarded getting well, that was entirely out of the question. And to think this day I am well and hearty! I was advised by some of my friends to try Da. Schenek's Medicines. I accordingly bought bottle after bottle, until I reached the minth; then I found a decided change in my cough for the better. I suffered severely from palpitation of the heart, and two weeks after I commonced taking your medicine this difficulty ceased. this difficulty ceased.

When I flist went to Dr. Schenck's office it was with difficulty that I could get up into his reception room, I was so weak and so swelled my skin was assallow as though I had the jaun-dice; I felt dull, heavy, and sleepless. Dr. Schenck, after examining me, said both my lungs were affected, and, gave me but dittle hope; but his medicines, in about two weeks, hope; but his medicines, in about two weeks, took right hold of me; it seemed to go right through my whole saystem. The Pulmonic Syrup, Seaweed Tonic and Mandrake Pills, all took right hold in the right place. The Pills brought away great quantities of bile and slime; the Syrup loosened the matter in my lungs, which came off very free; the Seaweed Tonic gave me, an appealing and corrections Tonic gave me an appetite, and everything seemed to taste good.

To show what great power the medicines

To show what great power the medicines have in purifying my system, and to show how bad I was diseased; beside all the bile that passed my bowels, and the great quantities of phlegm and matter I expectorated. I broke out all over-in large boils, that would continue to gather and run for about six weeks, and I had at one time over twenty-five boils. I have nothing of the kind, and, and I have nothing of the kind now feel like another person altogether. I can safely say that I have not enjoyed such health for five years as I do now, and cannot praise you and your medicines enough. May God abundantly bless and preserve you is the sin-cere desire of one who has been so wonderfun-ly relieved through your agency; and if any ly relieved through your agency; and il any one desires to know with regard to the fruthfulness of this report, if they will call upon any of my friends, or upon me, No. 4 Dryden Place, near Thompson street, below Cadwalader, Philadelphia, they will be perfectly satisfied with the validity of the case.
