PUBIFY THE BLOOD .- If the blood be pure the body, which is formed from and by the blood caunot be diseased. But if there be in any part of the body any affection, such as a boil or ulcer, even a bruise, the blocd circulating through that part takes up impure matters from the local effection and carries it into the general system. This is the cause often of sudden death to persons of full habit, afficted with boils and ulcers, and who use no medicine; the matter gets into the circulating system and chokes up the fine blood vessels which supply the brain with vitality, and life ceases as if bereft by lightning. Now this can be realized. BRANDRETH'S PILLS take all impure matters from the circulation, and save the general health, soon curing local affections
