The Washington Weekly thronicle.

The washington weekly thronicle.

The necessity of maintaining the fruits of our great victory, and of strengthening those eternal principles upon which alone republican liberty car safely rest, will give extraordinary vitality to approaching political contests. Stationed here at the National Capital, the CHRONICLE possesses peculiar advantages to aid the common cause. Having been conducted almost within the sound of the rebel cannon during all the war, and therefore fully understanding the intrigues and projects of the traitors, it will not fear to speak out boldly in response to and in reflection of the sentiments of the free millions of America, and will defend them and their interests against all opposition, come from what quarand will delend them and their interests against all opposition, come from what quarter it may, Since the meeting of the present Congress of the United States, and the enunciation of that thorough policy which has commanded the admiration and gratitude of the people, the CHRONICLE has maintained its position "solitary and alone." Traduced and misrepresented as these majorities have been the Chronicle as their sincere and fearless defender, has been assailed with equal virulence and injustice. But it has been honored with the approval of the loyal people in all parts of the country. For the first time in the history of the Government, a prosperous weekly news, paper, opposed to human slavery, fully committed to the poiley and doctrines of the radical men of the Republic, hus been firmly established in the District of Columbia. We are on the threshold of events not less important than those which astounded the civilized world and shook the Republic to its founda-

world and shook the Republic to its foundation. These will demand extraordinary energy and fidelity on the part of the public leaders, whether in Congress or the press.

The Weekly Chronicle is beautifully
printed in quarto form. During the session of
the present Congress, which promises to be aprotracted one, the subjects debated will excite universal interest, and as they will be
frankly and thoroughly examined and discussed in the Chronicle, as in both branches of
Congress, this journal cannot fail to be a most
useful and popular visitor to all loval circles useful and popular visitor to all loyal circles. I trerefore cheerfully invoke the aid of the friends of the cause in the different States and

CONSUMPTIVES,

READ WHAT DR. SCHENCK IS DOING. DR. J. H. SCHENCK.

DEAR SIR:—I feel it a duty I owe to you, and to all who are suffering under the diseases known as Consumption and Liver Complaint, to let them know what great benefits I have received from your Pulmonic Syrup and Seaweed Tonic in so short a time. By the blessing of God it has cured me thus far.

ing of God it has cured me thus far.

Dr. Schenck, I will now make my statement to you, as follows:—About eighteen months ago I was attacked with a severe cough, and it settled on my lungs; I could not retain anything I ate, and suffered with evening fevers and night sweats. 'I was very much reduced. The whites of my eyes were very yellow; likewise my skin; my appetite all gone, and unable to digest what I did eat; bowels swollen, irregular and costive. I was bowels swollen, irregular and costive. I was very low spirited, and had such violent spells of coughing when I lay down at night and when I arose in the morning that they would

when I arose in the morning that they would last one or two hours.

I then would be nearly exhausted, and was entirely unable to lie on my left side. I cannot describe my wretched suffering as I would wish to do. Every organ in my body was discased or deranged. Such was my situation at this time, and I was confined to my bed from the last of February, 1862, to June 1862, not able to sit up. I had the best of medical attendance the whole of the time. My cough was so very bad that it racked me very much. I at this time raised a large quantity of thick, yellow, offensive matter, sometimes with blood and it was generally accompanied by nausea, and a furred and thick coated tongue. At the time of coughing so badly I would have sharp, shooting pains in my left side and heart, night sweats, and soreness all through my whole chest; had much inward fever, pain in my back and under my shoulder blades and in the small of my back, and at times so severe my back and under my shoulder blades and in the small of my back, and at times so severe that it would throw me into spasms. Now my physician gave me up to die: Others I had, and the best of them, but they could do nothing for me, and at that time I was nothing but skin and bone. I then was in the western part of Missouri. In June last we left there for the East, and in August last we came to New York, and I was so reduce i that I could only walk a little with my husband's help. Atter I had been here a short time the salt water breeze made me feel much better for a After I had been here a short time the sait water breeze made me feel much better for a time and then I had again to call a physician for aid. We had four of the best physicians of New York on the diseases of the lungs, and doctors of all kinds, but of no avail. They said I was past cure, and that my lungs wer too far gone for any one to cure me. But at this time I was on my feet about the house, not able to do much of anything. In Novem-ber last I grew worse, and the consumption diarrhea set in and lasted about eight weeks. We had tried all and everything that I could grays at like a dying parson for my diseasegrasp at like a dying person for my disease—consumption and liver complaint—but of no

consumption and liver complaint—but of no avail.

In January, 1863, I was brought down again on my bed, and was not expected to live the night out. My husband stayed at my side, and other friends, and they all gave me up to die. At this time every one who saw me did not think I would ever leave my bed a living woman. The first night I was attacked with spasms, and was deranged most of the time. A friend, Mrs. Harris, came to see me the last of the week, and brought the Sunday Mercury. In it was an account of a great cure performed by Dr. Schenck. She read it to me, and it was so much like my disease that I asked my husband to go and see him for me. At this time I had given up all hopes of ever getting well again, and made my peace with God, to be ready whenever he called for me.

On the 27th of January, 1865, my husband called on Dr. Schenck, 32 Bond street, New York, and stated to him my case, with a request for him to call and see me, which he did, and examined me with the respirometer. When he was about to go I asked him if he could cure me? His reply was: "I cannot tell, both lungs are diseased, and the bronchial tubes are affected on both sides." And yet he seemed to think there were lungs enough left to effect a cure if the diarrhea could be stopped. He said in order to do this, he would have to give me Mandrake Pills in small doses at first, to carry off the morbid matter, and then, with astringents, he hoped to check it, which he did, but the constant coughing, night sweats, and diarrhea had prostrated me so that he was afraid my vital powers were too much prostrated ever to rally, and yet he

night sweats, and diarrhea had prostrated me, so that he was afraid my vital powers were too much prostrated ever to rally, and yet he seemed to think if I could live to get enough Pulmonic Syrup through my system to cause expectoration there were lungs enough left for me to recover. He wished me to try the Pulmonic Syrup and Seaweed Tonic at once, Pulmonic Syrup and Scaweed Tonic at once, saying it would do me no harm, if it did me no good. The first week it seemed to give me strength, so that on Sunday after I sat up in bed and ate hearty for a sick woman; but the next week I lost all hope and wished my husband not to give me any more medicine. but he doctor had warned him of this, and when the medicine was clearing out the system it made them feel somewhat restless, and to persevere; and he insisted on my taking it; and now I feel the benefit of it. For after eight days I began to gain my strength, and. eight day's I began to gain my strength, and, with the exception of a cold that put me back some, I have been gaining strength of body, my cough is going away, and all my pains are gone; no soreness of the body, my bowels are gone; and my beath is sweet and I thank regular, and my breath is sweet, and I thank God that I am now going about, and sew and read as well as ever I could. I have taken sixteen bottles of the medicine, eight of each. I now have a good appetite and rest well at night; my cough does not trouble me in gett-ing up or lying down. I would here say to the afflicted with consumption or liver complaint, that Dr. Schenck is no humbug plaint, that Dr. schenck is no humoug you can rely on what he says. Delay not; it is dangerous to trifle with these diseases. If you would be cured, go at once; and any one wishing to know the facts as herein stated can call at my residence, 117 West Houston street, New York city.

MRS. MARY F. FARLOW.

We, the undersigned, residents of New York are acquainted with Mrs. Farlow, and know her statement to be true.
