Marietta Academy,

South West Corner of Market Square, THIS ACADEMY being again successfully established, will open the next term on Monday, September 17th, 1866.

This Academy is situated on the banks of the Susquehanna, in the pleasant Borough of Marietta, Lancaster county, Pa. It contains about 3000 pupils, and four Evangelical churches of different denominations, to which parents can have a choice in sending their youth.

The Pennsylvania Railroad Company run four Passenger Trains through the place daily, making it easy of access from all parts of the State, which renders it peculiarly desirable to parents who may wish to send their sons and daughters from home to be educated.

The present Principal feels greatly encouraged at the patronage extended toward this enterprise, and he is determined that nothing shall be left undone to make it one of the best schools in the State for obtaining a thorough education.

The branches taught embrace all those of a thorough English and Classical education, together with French, German, Drawing, Painting, Vocal and Instrumental Music. Every branch will be taught in the most thorough manner.

While the principal will constantly aim to make thorough scholars, he still deems it no less important to inculcate moral and religious principles. He pledges his best exertions to secure the present and future welfare of those committed to his charge.

A regular examination will be held at the close of each term. Persons wishing to place their sons or daughters in this institution will please make early application by letter or otherwise.
