

The Local Mariettian.

Saturday Morning, September 15, 1886.

The Morning Passenger train for Lancaster and Philadelphia will leave the upper station at 12 minutes after 8 o'clock.

The great length of the report of the late Farmers' and Gardeners' exhibition has cut short our usual variety, but we regard this as the most successful display we have ever had, that it deserves a very full and explicit report.

The friends of "Geary and the Union" had a grand tour out on Thursday evening, to the Town Hall Park. A beautiful stand for the officers and speakers had been erected, completely encumbered in national flags, with side and front lights, making, upon the whole, a beautiful appearance.

Quite a riot occurred on Thursday night, about ten o'clock, in front of the Olymper club-room, in Crall's row, on Front street. It appears that whilst the Columbia "Boys in Blue" were parading through town with their torches and brass band, they were assailed with stones and brick bats in the vicinity of the Olymper club building.

The affair placed a county ticket in nomination on Wednesday last. Samuel H. Reynolds, for congress; Abraham Collins and W. Hayes Greer for state senate; Thomas Poulson, Charles J. Rhoads, John C. Martin and Lewis Hunseler for the Legislature.

What has become of our Supervisor, or Street Committee, or Burgess, or the official whose duty it is to see that the borough sidewalks are in a passable condition. We know a number to be in a dangerous condition, and should be attended to at once.

Jacob Biebel was placed by Esq. Anzer under bail for his appearance at court, on a charge of fraud preferred by Abraham Cassell and Peter Housselin. James Benson and George MacDonald were both sent below, for 30 days, for disorderly conduct.

There will be a meeting of the "Open Temperance Society" held in Temperance Hall, on Monday evening next, at 7 o'clock, when the following question will be presented and open for discussion: "Has man any more right to indulge the appetite in such a way as to impair the health, the usefulness, the temper and the moral and intellectual perceptions than he has to lie, cheat or steal?" The public are respectfully invited to attend.

At the late horticultural exhibition Mr. Peter Gottschall had a monster stalk of celery on exhibition, measuring three feet in height.

Rev. Mr. Miller, of Mount Joy, will speak on Temperance at the Temperance Hall on Monday evening next, at 7 o'clock. The public are respectfully invited to attend.

Our readers will bear in mind Rev. Mr. Lybrand's lecture on China, which will take place on Tuesday evening next. Tickets can be had at the stores and at the door on the evening.

Report of the Tenth Annual Exhibition of the Farmers and Gardeners' Society of East Donegal, held in the Town Hall, Marietta, on Tuesday, September 14th, 1886.

Although the day proved inauspicious for the occasion, in consequence of the storm and rain in the morning, which prevented as large attendance by the public as was anticipated; the principal growers of fruits, flowers and vegetables of the vicinity, were present, also several growers from neighboring counties. The show of Pears was unrivaled—the Bartlett, Duchese, Clairgeau, Seckle and other leading varieties exhibited by Tobias Martin, of Franklin county, deserve special notice—they were up to their best condition in size, color and quality.

The vegetable tables were well laden with some very superior specimens; a large number of varieties of Melons, Squashes, Pumpkins, Egg-plants, Tomatoes, Table Corn, Cabbages, Potatoes and Turnips.

Report of the Committee on Seedlings.

A seedling peach, by John Musser, a yellow cling resembling the Orange cling considered worthy of further trial. A seedling peach, by S. H. Purple, a large free stone, fully equal to the "Old Mixon," a few days later. A seedling peach, by John Shields, resembles the "Old Mixon," is of good flavor, but hollow around the seed.

They require no putty or cement of any kind; can be secured closed in a moment, and when once properly closed there is no danger of any fruit spoiling. They are neat, being made of glass have a wide mouth and can very easily be cleaned. For sale at JOHN SPANGLER'S where these jars last year. Having thoroughly tested the Excelsior Fruit Jar and after using many other kinds I accord it its superiority over all others for preserving fruit, ease of securing it and in fact in every way do I consider it better.
