DR. J. H. SCHENCK,

THE GREAT LUNG DOCTOR OF PHIL-ADELPHIA.

ADELPHIA. OPFICE N. Y. AND GALENA LEADCO., No. 28 Nassau St., New York, June 1, 1865. DR. J. H. Schenxor.-Dear Sir:--For over fifteen years I have been troubled with a se-vere cough, and usually two or three times a year with more or less hemorrhage, which to-gether, for the last few years, has kept me than in flesh and too weak to do business of any kind witnout suffering. In August last I had a very severe hemorrhage, and, according to the judgement of a good New York physician, I was classed as beyond the reach of medicine and was advised to be piepared, so far as pro-perty matters were concerned, to leave at short notice. The physician (and my good friends) said that the first cold I took must prove fatal. Early in January I took a seshort notice. The physician (and my good friends) said that the first cold I took must prove fatal. Early in January I took a se-vere cold, and fortunately was occupying rooms at No. 32 BOND STREET, lineetly over your office. I think about the 16th of January I procured a bottle of your Pulmon-ic Syrup and commenced taking it freely. My feet and limbs were very much swollen, and all the symptoms of a speady death seem-ed to 'accompany 'my cold. I sent fer 'my former physician, and stated to him that I was taking your medicine, and after showing them to him, and baving tasted of them &cc., he replied: "You can take them if you, like they will do you no harm." He said : "You know what I told you hast summer, and I say the same now, if you have any business to close up, do not put it of." He said to other friends that he "could see no hope for me," and my friends and relations concluded my time had zome. At this time I was taking freely of your medicine, but had not seen you. The doctor called a few times, and found me (much to his surprise, he said.) improving, and he could not understand why. My faith was increasing in your medicines, and I had a wish to have you examine my case, and see what you had to say. When you first came to my room and made the examination, you gave me but little encouragement, but on the contrary, expressed sad doubts of my ever to my room and made the examination, you gave me but little encouragement, but on the contrary, expressed sad doubts of my ever heing helped out of my then seeming difficul-ties. The second time that you called, find-ing me still gaining, you gave me encourage-ment, saying, "my symptoms were improv-ing; the Pulmonic Syrup, Sea-weed Tonic and Mandrake Pills had acted like a charm." My circulation, my cough, my appetite, all began to improve, and I could walk about my began to improve, and i could wilk about my room a little. You visited me nearly every Tuesday, and found me improving, and told me not to go out of my room until the first day of May. I took no cold while under your treatment, my appetite became first-rate, and you told me to eat everything I wished of a putterious network and to exarcise shout the nutritious nature, and to exercise about the room as much as possible. I followed your advice, and to the surprise of my old physician and friends, I seem much better than I have and menus, I seem much better that I have been for several years, and breathe better than I ever expected a person could with one lung the left being completely dried up. I feel vory grateful to you, and consider your advice and medicines invaluable. Yours, truly, T. S. SHELDON.

DR. SCHENCK-Dear Sir :- About two years ago I was taken with a very troublesome cough and a pain in my breast; seven or eight months passed away without my doing anything for myself. Then I applied to a physician, who attended me for about three months without rendering me any service. I also obtained the advice and treatment of a physician in one of our howpritche and also had the advice and treatment of a physician in one of our hospaitals, and also, had the advice and treatment of two other phy-sicians, but all to no purpose. During this long space of time I was nearly dead; several times my friends came to see me and wit fined to my bed two months at one time. My fined to my bed two months at one time. My breathing was exceedingly short. I gave up several times all hope of getting better; and as regarded getting well, that was entirely out of the question. And to think this day 1 am well and hearty ! I was advised by some of my friends to try DR. SCHENCE'S Medicines. I accordingly bought bottle after bottle, until I reached the niwth; then I found a decided change in my cough for the better. I suffered severely from palpitution of the heart, and two weeks after I commenced taking your medicine this difficulty cased. this difficulty ceased.

When I first went to Dr. Schenck's office it was with difficulty that Loould get up into his reception room, I was so weak and so swelled; my skin was assallow as thoigh I had the jaun-dice; I felt dull, heavy, and sleepless. Di. Schenck, after examining me, said both my lungs were affected, and gave me but little hope; but his medicines, in about two weeks, took right hold of me; it seemed to go right through my whole system. The Pulmonic Syrup, Seaweed Tonic a.d. Mandrake Pills, all took right hold in the right place. The Pills brought away great quantities of bile and slime; the Syrup loosened the matter in my lungs, which came off very free; the Seaweed Tonic gave me an appetite, and everything c gave me an appetite, and everything ed to taste good.

To show what great power the medicines have in purifying my systemi, and to show how bad I was diseased, beside all the bile that passed my bowels, and the great quantithis of phised my bowers, and the great quanti-ties of phisem and matter I expectorated, I broke out all over in large boils, that would continue to gather and run for about six weeks and I had at one time over twenty-five boils. I have nothing of the kind now, and feel like another person altogether. Well known and much respected among the German population in this country, make the following statement for the benefit o the afflicted.

DEAR SIRS :- Having realized in my family

important benefits from the use of your valu able preparation WISTAR'S BALSAM OF WILD CHERRY-it affords me pleasure to recommend it to the public. Some cight years ago one of my daughters seemed to be in a decline, and little hopes of her recovery were entertained. I then procured a bottle of your excellent Balsam, and before she had taken the whole of the contents of the bottle the was a great improvement in her health. Was a great improvement in her nearly. I have, in my individual case made inequent use of your valuable medicine, and have al-ways been benefitted by it. JACON SECHLER. PRICE ONE DOLLAR A BOTTLE.

NEW SKIRT FOR 1866 ! THIS Invention consists of Duplex (or two)

THIS Invention consists of Duplex (or two) Elliptic pure rafined steel springs, ingeniously braided tightly and firmly together, edge to edge, making the toughest, most flexible, elas-tic and durable spring ever used. They sel-dom bend or break, like the single springs, and consequently preserve their perfect and beautiful shape more than twice as long as any single spring skirt that ever has or can be any single spring skirt that ever has or can be made.

The wonderful flexibility and great comfort The wonderful flexibility and great comfort and pleasure to any lady wearing the Duplex Elliptic skirt will be experienced particularly in all crowded Assembles, Operas, carriages, railroad cars, church pews, arm chairs, for promenade and house dress, as the skirt can be folded when in use to oc cupy a small place as easily and conveniently as a silk or muslin dress.

A lady having enjoyed the pleasure, comfort and great convenience of wearing the du-plex elliptic steel spring skirt for a single day will never afterwards willingly dispense with their use. For children, Misses, and young ladies they ar superier to all others.

The hoops are covered with 2 ply double twisted thread and will wear twice as long as the single yarn covering which is used on all twisted thread and will wear twice as long as the single yarn covering which is used on all Single steel hoop skirts. The three bottom rods on every skirt are also double steel, and twice or double covered to prevent the cover-ing from wearing off the rods when dragging down stars, stone steps, &c., &c., which they are constantly subject to when in use.

All are made of the new nud cegant, corded tapes, and are the best quality in levery part giving to the wearer the most graceful and perfect shape possible, and are unquestionably the lightest, most desirable, comfortable and economical Skirt ever made.
