REDUCTION IN PRICE OF THE

 $American \ Watches.$ Made at WALTHAM, Mass.

In consequence of the recent great improvements in our facilities for manufacturing we have reduced our prices to as low a point as they can be placed WITH GOLD AT PAR, so that no one need hesitate to buy a watch now from the expectation that it will be cheaper at some future time. The test of ten years and the manufacture and sale of more than

200,000 WATCHES, has given our productions the very highest rank among time keepers. Commencing with the determination to make only thoroughly excellent watches, our business has steadily increased as the public became acquainted with their value, until for months together, we have been unable to supply the demand. We have repeatedly enlarged our factory buildings until they now cover three acres of ground, and

give accommodation to more than 800 men. We are fully justified in saying that we now make more than one-half of all the Watches sold in the United States. The different grades are distinguished by the following trade marks on the plate:

1 .- "American Watch Co." Waltham, Mass. 2 .- "Appleton, Tracy & Co." Waltham, Mass. 3 .- "P. S. Bartlett," Waltham, Mass. 4.-- "Wm. Ellery."

5.-OUR LADIES' WATCH of first quality is named "Appleton, Tracy & Co," Waltham, Massachusetts.

6.-Our next quality of Ladies' Watch is named " P. S. Bartlett," Waltham, Mass. These watches are furnished in a great variety of sizes and styles of cases.

The American Watch Co., of Waltham, Mass., authorize us to state that without distinction of trade-marks or price, All the products of their factory are fully war-

ranted, to be the best time keepers of their class ever made in this or any other country. Buyers should remember that unlike the guarrantee greater this part of the road. The of a foreign maker who can never be reached. this guarantee is good at all times against the company or their agents, and if, after the most thorough trial, any watch should prove defective in any particular, it may be always be exchanged for another. As the American Watches made at Waltham, are for sale by dealers generally throughout the country, we

do not solicit orders for single watches. CAUTION .- The public are cautioned to buy only of respectable dealers. All persons selling counterfeits will be prosecuted.

skirt can be folded when in use to occupy a small place as easily and conveniently as a silk or muslin dress, an icvaluable quality in crinoline not found in any single spring skirt.

A lady having enjoyed the pleasure, comfort and great convenience of wearing the Duplex Elliptic steel spring skirt for a single day, will never afterwards willingly dispense with their use. For children, misses, and young ladies they are superior to all others.

They will not bend or break like the Single Spring, but will preserve their perfect and grace shape when three or four ordinary skirts will have been thrown aside as useless. The hoops are covered with double and twisted thread, and the bottom rods are not only double

thread, and the bottom rods are not only double springs, but twice (or double) covered; pre-venting them from wearing out when dragging

down steps, stairs, &c.
The Duplex Elliptic is a great favorite with all ladies and is universally recommended by the Fashion Magazines as the standard skirt of

the fashionable `world. To enjoy the following inestimable advantages in crinoline, viz: superior quality, perfect manufacture, stylish shape and finish, flexibil-ity, durability, comfort and conomy, enquire for J. W. BRADLEY'S Duplex Elliptic or Double Spring Skirt, and be sure you get the

genuine article.

CAUTION:—To guard against imposition be particular to notice that skirts offered as "DU-PLEX" have the red ink stamp, viz: "J. W. Bradley's Duplex Elliptic Steel-Springs," upon the waistband—none others are genuine. Also notice that every hopen will admit a nin being notice that every hoop will admit a pin being passed through the centre, thus revealing the two (or double) springs braided together therein, which is the secret of their flexibility and strength, and a combination not to be found in ny other Skirt.
