Special Notices.

Consumption curable by Dr. Schenck's Medicines. To cure Consumption, the system must be prepared so that the lungs will heal. To accomplish this, the liver and stomach must first be cleansed and an appetite created for good wholesome food, which, by these medicines, will be digested properly, and good healthy blood made; thus building up the constitution. Schenck's Mandrake Pills cleanse the stemach of all bilious or mucous accumulations; and, by using the Sea Weed

Tonic in connection, the appetite is restored. Schenck's Pulmonic Syrup is nutricious as well as medicinal, and, by using the three remedies, all impurities are expelled from the system, and good, wholesome blood made, which will repel all disease. If patients will take these medicines according to directions, Consumption very frequently in its last stages yields readily to their action. Take the pills frequently, to cleanse the liver and stomach. It does not follow that because the bowels are not costive they are not required, for sometimes in diarrhea they are necessary. The politacted meeting will also com-stomach must be kept healthy, and an appe-Monday evening, Oct. 29th. tite created to allow the Pulmonic Syrup to act on the respiratory organs properly and allay any irritation. Then all that is required to perform a permanent cure is, to prevent taking cold. Exercise about the rooms as much as B storned the efforts of a few "lovers possible, eat all the richest fool—fat meatgame, and, in fact, anything the appetite craves; but be particular and masticate well.

MALARIA EVERYWHERE .-- Rarely has there been a season as fruitful as this of malarious diseases. Not only on the parairies and in the valleys of the West; not merely in all the old haunts of Fever and Ague and Bilious Remittent Fever have these prostrating disdur citizens owe a debt of gratitude eases been unusually virulent; but they have extended to towns and cities never before infested with them, and have ascended the mountains and attacked thousands of people supposed to have been placed by the laws of Nature above their reach. Hence we are compelled to admit that a fatal element pervades the universal air this season, and should at once resort to the only approved preventive of its consequences, Hostetter's Stomacn Bitters, a tonic so potent, an anti-septic so perfect, an alterative so irresistible, and a stimulant so pure, that it enables the human system a no doubt, many other places. Our to resist and baffle all the predisposing causes of disease With the confidence that one clothed in incombustible garments might move among blazing buildings, the man who arms himself against malaria with this powerful defensive medicine may walk a fever-scourged district fearless of its insalubrious atmosphere. The intermittents and remittents at present so general in all parts of the country may be but the forerunners of a deadlier scourge now on its way westward from the far East. Prepare the system with Hostetter's Bitters for a suc cessful battle with the mephitic causes of all epidemics. Be wise in time. Sold everywhere.- New York World. Nov. 6, 1865.

J. W. Bradley's celebrated Patent Duplex Ell ptic

[OR DOUBLE SPRING]

STATELY. THE Wonderful flexibility and great com-

fort and pleasure to any lody wearing the Duplex Elliptic Skirt will be experienced particularly in all crowded assemblies, operas, carriages, railroad cars, church pews, arm chairs for promenade and house dress, as the shirt can be folded when in use to occupy a small place as easily and conveniently as a

silk or muslin dress, an invaluable quality in crinoline not found in any single spring skirt.

A lady having enjoyed the pleasure, comfort and great convenience of wearing the Duplex Elliptic steel spring skirt for a single day, will never afterwards willingly dispense with their

use. For children, misses, and young ladies they are superior to all others. They will not bend or break like the Single Spring, but will preserve their perfect and grace shape when three or four ordinary skirts will have been thrown aside as useless. The hoops are covered with double and twisted thread, and the bottom rods are not only double springs, but twice (or double) covered; pre-venting them from wearing out when dragging

down steps, stairs, &c.
The Duplex Elliptic is a great favorite with all ladies and is universally recommended by the Fashion Magazines as the standard skirt of

the fashionable world.

To enjoy the following inestimable advantages in crinoline, viz: superior quality, perfect manufacture, stylish shape and finish, flexibil-ity, durability, comfort and economy, enquire for J. W. BRADLEY'S Duplex Elliptic or

Double spring Skirt, and be sure you get the genuine article.

CAUTION:—To guard against imposition be particular to notice that skirts offered as "Du-Bradley's Duplex Elliptic Steel Springs," upon tne waistband—none others are genuine. Also notice that every hoop will admit a pin being passed through the centre, thus revealing the two (or double) springs braided together therein, which is the secret of their flexibility and strength, and a combination not to be found in any other Skirt.

For sale in all stores where first class

skirts are sold, throughout the United States and elsewhere. Manufactured by the sole owners of the patent,

REDUCTION IN PRICE OF THE

American Watches, Made at WALTHAM, Mass.

In consequence of the recent great improvements in our facilities for manufacturing we have reduced our prices to as low a point as they can be placed WITH GOLD AT PAR, so No. 718 AR CH that no one need hesitate to buy a watch now from the expectation that it will be cheaper at some future time. The test of ten years and the manufacture and sale of more than

200,000 WATCHES, has given our productions the very highest rank among time keepers. Commencing with the determination to make only thoroughly excellent watches, our business has steadily increased as the public became acquainted with their value, until for months together, we have been unable to supply the demand. We have repeatedly enlarged our factory buildings until they now cover three acres of ground, and

give accommodation to more than 800 men. We are fully justified in saying that we now make more than one-half of all the Watches sold in the United States. The different grades are distinguished by the following trade marks

1 .- "American Watch Co." Waltham, Mass. 2.- "Appleton, Tracy & Co." Waltham, Mass. 3 .- " P. S. Bartlett," Waltham, Mass.

4 .-- "Wm. Ellery." 5.-Our Ladies' Watch of first quality is named "Appleton, Tracy & Co," Walt-

ham, Massachusetts. 6.-Our next quality of Ladies' Watch is na med " P. S. Bartlett," Waltham, Mass. These watches are furnished in a great va-

riety of sizes and styles of cases. The American Watch Co., of Waltham, Mass., authorize us to state that without distinction of trade-marks or price, All the products of their factory are fully war-

ranted. to be the best time keepers of their class ever made in this or any other country. Buyers should remember that unlike the guarrantee of a foreign maker who can never be reached. this guarantee is good at all times against the company or their agents, and if, after the most thorough trial, any watch should prove defective in any particular, it may be always be exchanged for another. As the American Watches made at Waltham, are for sale by dealers generally throughout the country, we do not solicit orders for single watches.

CAUTION .- The public are cautioned to buy only of respectable dealers. All persons selling counterfeits will be prosecuted. Robbins & Appleton,
