REDUCTION IN PRICE

OF THE American Watches. Made at WALTHAM, Mass.

In consequence of the recent great improvements in our facilities for manufacturing we have reduced our prices to as low a point as they can be placed WITH GOLD AT PAR, so that no one need hesitate to buy a watch now from the expectation that it will be cheaper at some future time. The test of ten years and the manufacture and sale of more than .

200,000 WATCHES, has given our productions the very highest rank among time keepers. Commencing with the determination to make only thoroughly excellent watches, our business has steadily increased as the public became acquainted with their value, until for months together, we have been unable to supply the demand. We have repeatedly enlarged our factory buildings until they now cover three acres of ground, and give accommodation to more than 800 men.

We are fully justified in saying that we now make more than one-half of all the Watches sold in the United States. The different grades are distinguished by the following trade marks on the plate:

1.- "American Watch Co." Waltham, Mass. 2.- "Appleton, Tracy & Co." Waltham, Mass. 3 .- " P. S. Bartlett." Waltham, Mass. 4 .-- " Wm. Ellery."

5.—OUR LADIES' WATCH of first quality is named "Appleton, Tracy & Co," Waltham. Massachusetts. 6.-Our next quality of Ladies' Watch is named " P. S. Bartlett." Waltham, Mass.

These watches are furnished in a great va riety of sizes and styles of cases. The American Watch Co., of Waltham, Mass., authorize us to state that without distinction of trade-marks or price, All the products of their factory are fully war-

A lady having enjoyed the pleasure, comfort and great convenience of wearing the Duplex Elliptic steel spring skirt for a single day, will never afterwards willingly dispense with their use. The hoops are covered with double and twisted

thread, and the bottom rods are not only double springs, but twice (or double) covered; pre-venting them from wearing out when dragging

THE REAL VALPAU FEMALE PILLS! [WARRANTED FRENCH.]

These Pills, so celebrated many years ago in Paris, for the relief of female irregularities and afterwards so notorious for their criminal employment in the practice of abortion, are now offered for sale for the first time in Americs. They have been kept in comparative obscurity from the fact that the originator, Dr. VALPAU, is a Physician in Paris, of great wealth and strict conscientious principles, and has withheld them from general use, lest they should be employed for unlawful purposes. In overcoming female obstructions they seem to be truly omnipitent, bursting open the flood gates from whatever cause may have stopped them; but they are offered to the public only for legitimate uses, and all agents are forbid-den to sell them when it is understood that the object is unlawful.
