Blue Mass, and other preparations of Mercury, actually produce more suffering and leath than the diseases which they profess to ure. And yet this corrosive mineral so de nounced by the allopathic doctors, is prescrihed by them almost universally in Liver Complaint, Consumption of Lungs, &c.

THE MANDRAKE PILLS are composed entirely of roots and herbs, obtained from the great storehouse of Nature, and their salutary effects will appear as soon as the medicine is brought to the test of a fair experiment. SCHENCK'S MANDRAKE PILLS do not produce as y nausea or sickness of the stomach; but when given for Dyspepsia, it may be proper to use them in connec tion with SCHENCK'S SEAWEED TONIC By this judicious treatment the digestive faculties are speedily restored to their full vigor, and the worst cases of indigestion may be cured.

When we reflect that the liver is the largest nternal organ of the body, that to it is assigned the important duty of filtering the blood and preparing the bile, that it is subject to many disorders, and that when it is diseased or inactive the whole body suffers sympathet. ically, it is not surprising that a medicine which can restore the healthy operations of the Liver should produce wonderful changes in the general health, and effect cures which may appear to be almost miraculous. Head-

che of long continuance, severe pains in the ide, breast and shoulders, aching of the limbs, feeling of general weakness and wretchedness, and other alarming and distressing sympo as, indicative of imperfect or disordered action of the liver, are speedily removed by the ise of SCHENCK'S MANDRAKE PILLS. Costiveness, piles, bitter or sour eructations, and that indescribable feeling of oppression mental anxiety, languor, lethargy. and de

pression of spirits, which unfit a man for thet management of business and the enjoyment of life, arc all relieved by the use of SCHENCK'S MANDRAKE PILLS.

THE EXCELSIOR FRUIT JAR.

The best in the market ; the manufacturers are unable to supply the demand; its su-periority over all others is fully acknowledged by all who used them last year. They require on putty or cement of any kind; can be se curely closed in a moment, and when once properly closed there is no danger of any fruit spoiling. They are neat, being made of glass —have a wide mouth and can very easily be closed cleaned.

For sale at JOHN SPANGLER'S where can be seen a jar of Fruit put up in one of these jars last year.

Having thoroughly tested the Excelsion Fruit Jar and after using many other kinds I accord to it superiority over all others for pre-serving fruit, ease of securing it and in fact in every way do I consider it better. MRS. R. J. SPANGLER.
