HABITUAL CONSTIPATION. How to effect certain and permanent cure. Some occupations of life predispose to Costiveness, especially those which allow but little exercise. Persons who contract this unfortunate habit of body, under such circumstances, might possibly be relieved by changing their sedentary employments for others of a more active kind; but this is by no means certain. Habitual con stipation is a very obstinate disorder. All the ordinary so-called remedies invariably aggravate it. Nothing can be more injurious than the continued use of strong aperients. They at first irritate, and finally almost paralyze the bowels-rendering them so torpid that enormous doses of cathartic medicines have no ef fect upon them. A mild aperient, combined with a gentle stimulent, is the true remedy; and a combination in the happiest proportion, of these ingredients, is found in "Hostetter's Stomach Bitters." This famous Stomachic invigorates the whole intestinal canal, while quietly removing from its convulsions all impediments to a free passage through them. No mere purgative has this double operation, No ordinary stimulant effects the desired object. Cases of Constipation abandoned as hopeless by distinguished medical men have been cured in a few weeks by the Bitters. To those who have tried all the medicines of the dispensary in vain, we say try this irresistible stimulant and aperient. There is no sufficent reason why Constinution should be the consequence of sedentary habits. Hostetter's Bitters, by supplying the vigar which would otherwise be derived from exercise, will in all cases enable the system to perform its excretory functions regularly and healthfully. (D.

A HUMBUG .- How often we hear this expression from persons reading advertisements warday evenings, instead of Wednes- of Patent Medicines, and in nine cases out of ten they may be right. It is over 19 years since I introduced my medicine, the Venetian Liniment to the public. I had no money to gerred-more so than any former advertise it, so I left it for sale with a few druggists and storekeepers through a small section of country, many taking it with great reluctance; but I told them to let any one spees were closed; services were had have it, and if it did not do all I stated on my the Preshyterian, Zion and Methodist pamphlet, no one need pay for it. In some stores two or three bottles were taken on trial by persons present. I was, by many, thought crazy, and that would be the last they would see of me. But I knew my medicine was no humbug. In about two months I began to receive orders for more Liniment, some calling it my valuable Liniment, who had refused to tall to know that the day was observ. | sign a receipt when I left it at their store. Now my sales are millions of bottles yearly, and all for cash. > SCHENCK'S SEAWEED TONIC. This medicine invented by Dr. J. H. Schenck, of Phila delphia, is intended to dissolve the food and make it into chyme, the first process of digestion. By cleansing the stomach with Schenck's Mandrake Pills, the tonic soon restores the appetite, and food that could not be eaten be fore using it will be easily digested.

Consumption cannot be cured by Schenck's Pulmonic Syrup unless the stomach and liver is made healthy and the appetite restored, hence the Tonic and Pills are required in nearly every case of consumption. A half dozen bottles of the SEAWEED TONIC and three or four boxes of the MANDRAKE PILLS Will cure any ordinary case of dyspepsia.

Dr. Schenck makes professional visits in New York, Boston, and at his principal office in Philadelphia every week. See daily papers Whandred and two tons of No. 1 iron of each place, or his pamphlet on consumption for his days for visitation.

Please observe, when purchasing, that the two likennesses of the Doctor, one when in the last stage of Consumption, and the other as he now is, in perfect health, are on the Government stamp.
