HABITUAL CONSTIPATION. How to effect certain and permanent cure. Some occupations of life predispose to Costiveness, especially those which allow but little exercise. Persons who contract this unfortunate habit of body, under such circumstances, might possibly be relieved by changing their sedentary employments for others of a more active kind; but this is by no means certain. Habitual con

stipation is a very obstinate disorder. All the ordinary so-called remedies invariably aggravate it. Nothing can be more miurious than the continued use of strong aperients. They at first irritate, and finally almost paralyze the bowels-rendering them so torpid that enormong doses of cathartic medicines have no effect upon them. A mild aperient, combined with a gentle stimulent, is the true remedy; and a combination in the happiest proportion. of these ingredients, is found in "Hostetter's Stomach Bitters." This famous Stomachic invigorates the whole intestinal canal, while quietly removing from its convulsions all impediments to a free passage through them. parametric to a tree passage through them.

3 comerous friends in Clearfield. No mere purgative has this double operation. No ordinary stimulant effects the desired object. Cases of Constipation abandoned as hopeless by distinguished medical men have been cured in a few weeks by the Bitters. To those who have tried all the medicines of the dispensary in vain, we say try this irresistible stimulant and apericut. There is no sufficent reason why Constipation should be the consequence of sedentary habits. Hostetter's Bitters, by supplying the vigar which would otherwise be derived from exercise, will in all cases enable the system to perform its excre-

> A Humbuc .- How often we hear this expression from persons reading advertisements of Patent Medicines, and in nine cases out of ten they may be right. It is over 19 years since I introduced my medicine, the Venetian Liniment to the public. I had no money to advertise it, so I left it for sale with a few druggists and storekeepers through a small section of country, many taking it with great teluctance; but I told them to let any one have it, and if it did not do all I stated on my pamphlet, no one need pay for it. In some stores two or three bottles were taken on trial

by persons present. I was, crazy, and that would be the last they would see of me. But I knew my medicine was no humbug. In about two months I began to receive orders for more Liniment, some calling it my valuable Liniment, who had refused to sign a receipt when I left it at their store, Now my sales are millions of bottles yearly, and all for cash. I warrant it superior to any other medicine for the cure of Croup, Diarrhea, Dysentery, Colic, Vomiting, Spasms, and Sea sickenness, as an internal remedy. It is perfectly innocent to take internally, see oath accompanying each bottle, and externally, for Chronic Rheumatism, Headache, Mumps. Frosted Feet, Bruises, prain, Old Sores, Swellings, Sore Throats, &c., &c. Sold by all the Druggists Depot 56 Cortland street, N. V.

To Consumption curable by Dr. Schenck's Medicines. To cure Consumption, the system must be prepared so that the lungs will heal. To accomplish this, the liver and stomach matel as such for forty years, died must first be cleansed and an appetite created for good wholesome food, which, by these medicines, will be digested properly, and good healthy blood made; thus building up the constitution. Schenck's Mandrake Pills cleanse the stemach of all bilious or mucous accumulations; and, by using the Sea Weed

Touic in connection, the appetite is restored. well as medicinal, and, by using the three remedies, all impurities are expelled from the ries, which were entirely unsaleable at home system, and good, wholesome blood made, which will repel all disease. If patients will take these medicines according to directions, Consumption very frequently in its last stages yields readily to their action. Take the pills frequently, to cleanse the liver and stomach. It does not follow that because the bowels are not costive they are not required, for sometimes in diarrhea they are necessary. The stomach must be kept health), and an appetite created to allow the Pulmonic Syrup to act on the respiratory organs properly and aliay any irritation. Then all that is required to perform a permanent cure is, to prevent taking colc; exercise about the rooms as much as possible, eat all the richest food-fat meat, game, and, in fact, anything the appetite craves; but be particular and masticate well.

CONTAGIOUS DISEASES. Water must be adapted to the nature of the fish, or there will be no increase; the soil must be adapted to the seed, or there will be no returns; and the human body must contain impurities or there will be no sickness. The man whose bowels and blood have been cleansed by a few Brand reth's Pills may walk through infected districts for the same money our product is incomparawithout fear. "The life of the flesh is the bloed." To secure health we muse use BRAND RETH'S Pills, because we cannot be sick but from unhealthy accumulations in the bowels or the blood, which Brandreth's Pills remove; this method is following nature, and is safe, and has stood the test of time. See B. Brandreth in white letters in the government stamp. Sold by all druggists.

Reasons why the American Watch Made at WALTHAM, Mass, IS THE BEST.

It is made on the best principle. Its frame is composed of solid plates. No jar can interfere with the harmony of its workings and no sudden shock can damage its machinery. Every piece is made and finished by machinery (itself famous for its novelty, as well as for its effectiveness) and is therefore openly made .--The Watch is what all mechanism should be -accurate, simple, strong and economical .--Except some high grades, too costly for general use, foreign watches are chiefly made by women and boys. Such watches are composed of several hundred pieces, screwed and rivited together, and require constant repairs to keep them in any kind or order. All persons who have carried "ancres," "lepines" and English Patent Levers," are perfectly well aware of the truth of this statement.

At the beginning of our enterprise, more than ten ten years ago, it was our first object to make a thoroughly good low priced watch Schenck's Pulmonic Syrup is nutricious as for the million, to take the place of these foreign impositions; the refuse of foreign factoand perfectly worthless everywhere.

How well well we have accomplished this, nay be understood from the fact that after so many years of public trial, we now make more than half of all the watches sold in the United States, and that no others have ever given such universal satisfaction. While this department of our business is continued with increased facilities for perfect work, we are at present engaged in the manufacture of watches of the very highest grade known to Chronometry, uneaqualled by anything hitherto made by ourselves, and unsurpassed by anything made in the world. For this purpose we have the amplest facilities. We have erected an addition to our main building, and have filled it with the best workmen in our service. New machines and appliances have been constructed which perform their work with consummate delicacy and exactness. The choicest and most approved materials only, are used, and we challenge comparison between this grade of our work and the finest imported cronometers. We do not pretend to sell our watches for less money than foreign watchers, but we do assert without fear of contradiction that bly superior. All our watches, of whatever grade, are fully warranted, and this warrantee is good at all times against us or our agents in all parts of the world. CAUTION .- The public are cautioned to buy

only of respectable dealers. All persons selling counterfeits will be prosecuted. Robbins & Appleton,
