NOTHER GREAT CURE IN THE CITY OF NEW YORK. Of a highly respectable citizen, well known

to the Mercantile community, by DR. J. H. SCHENCK. THE GREAT LUNG DOCTOR OF PHIL-ADELPHIA.

ADELPHIA.

OFFICE N. Y. AND GALENA LEADCO.,
No. 28 Nassau St., New York, June 1, 1865.
DR. J. H. SCHENCE.—Dear Sir:—For over fitteen years I have been troubled with a severe cough, and usually two or three times a year with more or less hemorrhage, which together, for the last few years, has kept me than in flesh and too weak to do business of any kind without suffering. In August last I had a very severe hemorrhage, and, according to the judgement of a good New York physician, I was classed as beyond the reach of medicine and was advised to be prepared, so far as property matters were concerned, to leave at short notice. The physician (and my good friends) said that the first cold I took must prove fatal. Early in January I took a severe cold, and fortunately was occupying froms at No. 32 BOND STREET, directly over your office. I think about the 16th of fanuary I procured a bottle of your Pulmonic Syrup and commenced taking it freely. My feet and limbs were very much swollen, and all the symptoms of a speady death seemed to accompany my cold. I sent for my former physician, and stated to him that I was taking your medicine, and after showing them to him, and having tasteo of them &c., he replied: "You can take them if you, like they will do you no harm." He said: "You know what I told you last summer, and I say the same now, if you have any business to close up, do not put it off." He said to other the same now, if you have any business to close up, do not put it off." He said to other mends that he "could see no hope for me," and my friends and relations concluded my time had come. At this time 1 was taking freely of your medicine, but had not seen you. The doctor called a few times, and found me (much to his surprise, he said.) improving, and he could not understand why. My faith was increasing in your medicines, and I had a wish to have you examine my case, and see was increasing in your medicines, and I had a wish to have you examine my case, and ser what you had to say. When you first came to my room and made the examination, you gave me but little encouragement, but on the contrary, expressed sad doubts of my ever heing helped out of my then seeming difficulties. The second time that you called, finding me still gaining, you gave me encourage-need, saying, "my symptoms were improv-ing; the Pulmonic Syrup, Sca-weed Tonic and Mandrake Pills had acted like a charm." and Mandrake Pills had acted like a charm."
My circulation, my cough, my appetite, all began to improve, and I could walk about my room a little. You visited me nearly every Tuesday, and found me improving, and told me hot to go out of my room until the first day of May. I took no cold while under your treatment, my appetite became first-rate, and you told me to eat everything I wished of a nutritious nature, and to exercise about the room as much as possible. I followed your advice, and to the surprise of my old physician and friends. I seem much better than I have and friends, I seem much better than I have been for several years, and breathe better than I ever expected a person could with one lung, the left being completely dried up. I feel very grateful to you, and consiler your advice and medicines invaluable.

Yours, truly,
T. S SHELDON.

DR. SCHENCK-Dear Sir :- About two years ago I was taken with a very troublesome cough and a pain in my breast; seven or eight months passed away without my doing anything for myself. Then I applied to a physician, who attended me for about three months without rendering me any service. It also obtained the advice and treatment of a physician in one of our hospaitals, and also, had the advice and treatment of two other playsicians, but all to no purpose. During this long space of time I was nearly dead; severlong space of time I was nearly dead; several times my friends came to see me and wit ness my exit into the spirit-world. I was confined to my bed two months at one time. My breathing was exceedingly abort. I gave up several times all hope of getting better; and as regarded getting well, that was entirely out of the question. And to think this day I am well and hearty! I was advised by some of my friends to try Dn. Schenck's Medicines. I accordingly bought bottle after bottle, until I reached the minth; then I found a decided change in my dough for the better. I suffered severely from palpitation of the heart, and two severely from palpitation of the heart, and two weeks after I commenced taking your medicine this difficulty ceased.

When I first went to Dr. Schenck's office it

was with difficulty that I could get up into his reception room, I was so weak and so swelled; my skin was assallow as though I had the juundice; I felt dull, heavy, and sleepless. Dr. Schenck, after examining me, said both my lungs were affected, and gave me but little hope; but his medicines, in about two weeks, nope; but his menicines, in about two weeks, took right hold of me; it seemed to go right through my whole system. The Pulmonic Syrup, Seaweed Tonic and Mandrake Pills, all took right hold in the right place. The Pills brought away great quantities of bile and slime; the Syrup loosened the matter in my lungs, which came off very free; the Seaweed Tonic gave me an appetite, and everythics Tonic gave me an appetite, and everything

Tonic gave me an appetite, and everything seemed to taste good.

To show what great power the medicines have in purifying my system, and to show how bad I was diseased, beside all the bile that passed my bowels, and the great quantities of phiegm and matter I expectorated, I broke out all over in large boils, that would continue to gather and run for about six continue to gather and run for about six weeks, and I had at one time over twenty-five boils. I have nothing of the kind now, and feel like another person altogether. I can safely say that I have not enjoyed such health for five years as I do now, and cannot praise you and your medicines enough. May God abundantly bless and preserve you! is the sincere desire of one who has been so wonderfully relieved through your agency; and if any one desires to know with regard to the truthfulness of this report, if they will call upon any of my triends, or upon me, No. 4 Dryden Place, near Thompson street, below Cadwalader, Philadelphia, they will be perfectly satisfied with the validity of the case. Yours, with much respect, MARY SCHNAIDT.

"I have suffered and sometimes severely, for 27 years, from Dyspepsia. I commenced taking the Peruviau Syrup, and found immediate benefit from it. In the course of three or four weeks I was entirely relieved from my sufferings, and have enjoyed uninterrupted health ever since."

An Eminent Divine of Boston says: "I have been using the Peruvian Syrup for some time past; it gives me new vigor, buoy-ancy of spirits, elasticity of muscle." Thousands have been changed by the use of this remedy; from weak, sickly, suffering creatures, to strong, healthy, and happy men and women; and invalids cannot reasonably hesitate to give it a trail

SYMPTOMS. The symptoms of Catarrh are at first very slight. Persons find that they have a cold, that they have frequent attacks, and are more sensitive to the changes of temperature. In this condition the nose may be dry, or a slight discharge, thin and acrid, afterwards thick and adhesive, may ensue.

As the disease becomes chronic, the dischar-

ges are increased in quantity and changed in quality; they are now thick and heavy, and are hawked or coughed off. The secretions are offensive, causing a bad breath; the voice thick and nasal; the eyes are veak; the sense

thick and nasal; the eyes are veak; the sense of smell is lessened or destroyed; deafness frequently takes place.

Another common and important symptom of Catarrh is, that the person is obliged to clear his throat in the morning of a sick or slimy mucous, which has fallen from the head during the night. When this takes place, the person may be sure that his disease is on its way to the lungs, and should lose no time in arresting it.

The above are but few of the many Catarrhal symptoms. Write to our Laboratory for our phamphlet describing fully all symptoms; it will be sent FREE to any address. Also
