

## The Local Mariettian.

Saturday Morning, December 22, 1886.

The Morning Passenger train for Lancaster and Philadelphia will leave the upper station at 12 minutes after 8 o'clock. The Mail train going westward will pass upper station at 7 minutes after 12 o'clock, noon. The Harrisburg accommodation train eastward will pass at 26 minutes after 5 o'clock, in the afternoon and returning arrive here at 43 minutes after 8 o'clock in the evening.

Our Carrier desires us to say that he will make his accustomed New Year's call, with a neat address, when he hopes to find his patrons "at home."

The Pastor of the Presbyterian church will preach (D. V.) on next Sabbath evening a sermon especially to young men. Subject: *Strength*. Young men are earnestly invited to attend.

Rev. Mr. Russell will preach in this church, on Christmas morning, at half past ten o'clock. The public is invited.

Our Literary Society has completed arrangements for a course of lectures, to be delivered by distinguished lecturers, during the winter. The opening one will be delivered in Temperance Hall, on the evening of the 23rd of January, 1887, by Rev. T. De Witt Talague, of Philadelphia, whose reputation as an able and interesting lecturer stands equal to any in the country; his lectures abound in the sublime and humorous; the subject is "GIBBERISH & CO." The Society has put Family Tickets, and tickets admitting a Lady and Gentleman, to the course, so low, that all can avail themselves of the advantages thus offered for intellectual culture, that may be derived from hearing the thoughts of master minds. Tickets for the course may be obtained from either of the following committees: Miss Margaret Childs, Miss M. Balle, Messrs. Barr Spangler or G. W. Mendenhall. Price: Family Ticket for the course, \$2.50; Ticket admitting lady and gentleman, for the course, \$5.00; Single admission, Twenty-five cents. We do hope this movement will receive the cordial support of every person having any pretensions whatever to culture or taste.

H. L. & E. J. Zahm, Jewelers, South East corner of Centre Square and North Queen st., Lancaster, have issued a very neat pamphlet describing their Christmas and Holiday wares, with a description of their new building embracing the cover. This is the most reliable house in this line west of Philadelphia, where a very large display of goods can always be found. The Messrs. Zahm are reliable, trustworthy and obliging.

The Elizabethtown Trumpet says: "William Taylor and his son were put in a new pump stock into a well for John Eby, of this place. As the pump man was coming out of the well, the stock slipped off, and he fell down. The well is about 22 feet deep, and contained about 11 feet of water, and, strange to say, the young man only got a duck-bait."

We have had quite a cold spell since Sunday last—snowing all day and on Sunday night the Susquehanna river rose—for the first time this season, and is still as "light as a drum head." The boys are enjoying skating on the canal, and "all things considered," we are in the midst of cold and piercing winter.

From the appearance of our advertising columns it will be inferred that there are no holiday goods in town, except at John Spangler's. We do not know this to be the fact, but we do know that he has a nice assortment of useful and fancy articles, suitable for Holiday presents. Drop in and see for yourselves.

Our young friend Harry Zook, for some time a conductor on the Columbia bridge, has resigned that position and accepted his old one as Engineer on the express line running through by way of Mountjoy to Harrisburg. Harry was a reliable and attentive conductor.

The Methodist revival, which was fully continued for seven weeks, closed on Sunday night last, after having added one hundred and three to the church list. This is the most remarkable revival ever had in this place.

The Lady's Friend for January is out. It is a handsome number. The engravings very fine and the double fashion plate exquisite. For terms, etc., order to another column in this paper.

Dr. and Mrs. Worrall will hold a meeting in the basement of the M. E. church, this (Saturday) evening at 7 o'clock for the purpose of forming a singing class.

Now is the time to renew your subscriptions to that old family favorite, "The Saturday Evening Post," see advertisement.

Very little sleighing here yet; but a little snow.

Blank Leases, and "Notices to Quit," wanted and for sale at this office.

**THE COLUMBIA BRIDGE MEETING.**—Pursuant to a call a meeting was held in the town hall, Columbia, on Thursday the 13th inst., at which representatives from Lancaster, York, Wrightsville, Marietta, Manheim, Manor Township and Columbia took part. Mayor Sanderson was called to the chair. After some discussion as to the best course to pursue in the premises, in which Col. C. S. Kauffman, Col. A. S. Green, H. M. North, W. G. Case, Gen. J. W. Fisher, Hon. A. E. Roberts and W. P. Brinton participated, when at length, on motion of Hon. A. E. Roberts, a committee of three from each district represented, was appointed to wait upon the officers of the Columbia Bridge company to see if they will re-build the bridge; if not, why? and whether they will deliver up their franchises. The following gentlemen compose the committee: Columbia, J. G. Hess, Geo. Bogle, T. R. Spiller; Lancaster, Hon. A. E. Roberts, Wm. P. Brinton, J. J. Springer; Wrightsville, Jas. Cook, Wm. McConkey, Geo. Harris; Marietta, John Barr, Samuel Hiestand, Barr Spangler; Manheim, Nathan Worley, Dr. J. M. Duplap, Henry Arndt; York, E. J. Case, C. F. Winters, Dr. W. Smith. Gen. Fisher moved that the Mayor of Lancaster and Chief Burgesses of each place should be members of the committee. After which the meeting adjourned to meet on Friday, 21st inst., at the Town Hall, Columbia.

**HALDEMAN'S IN COLUMBIA** have taken advantage of the large stocks of goods thrown suddenly upon the market. They have just received from late New York sales a general assortment of DRY GOODS bought at PANIC PRICES. BAR GAINS are offered in every DEPARTMENT and visitors to Columbia should not fail to post themselves with THIS WEEK'S PRICES at HALDEMAN'S.

Just received at Britton & Musser's drug store, an assortment of hand-some Bibles, Prayer Books, Methodist hymn books, and a lot of fancy articles suitable for holiday presents.

There is to be a very pleasant Soiree on Christmas Eve, in the Military Hall, Maytown. From the character of the young men getting it up, something very pleasant may be looked for.

Quite a bloody fight occurred at the Donegal House, on Thursday night between a "couple of men of muscle" of our town, one of the belligerents had his ear bitten off.

## MARRIED.

On Thursday last, by Rev. Mr. Montgomery, at the residence of Mr. John Smyser, adjoining this borough, PHILIP M. KLINE, to MAGGIE, daughter of Mr. John Smyser, all of this borough.

At the same time and place, by the same, HENRY W. SMYSER, of this borough, to MISS ABBA MATTER, of Shippensburg, Pa.

For the "good things for the inner man," which accompanied the above notices, the parties have our best wishes for a long life of conjugal felicity. Here are two sons of Mars who, for three long years, contended upon the tented folds of the rebellion, and now have surrendered to Cupid.

## Special Notices.

**CONTAGIOUS DISEASES.** Water must be adapted to the nature of the fish, or there will be no increase; the soil must be adapted to the seed, or there will be no returns; and the human body must contain impurities or there will be no sickness. The man whose bowels and blood have been cleansed by a few Brandrett's Pills may walk through infected districts without fear. "The life of the flesh is the blood." To secure health we must use BRANDRETT'S PILLS, because we cannot be sick but from unhealthy accumulations in the bowels or the blood, which Brandrett's Pills remove; this method is following nature, and is safe, and has stood the test of time. See B. Brandrett in white letters in the government stamp. Sold by all druggists. (D)

**INVASION!** Do you wish to have your hair cauterized from the scalp? No. Then beware of the new brood of Vitriolic and Caustic Dyes got up by nostrum mongers, who bear the same relation to the responsible chemist that the Pirates and Privateers do to honest merchantmen. Remember that the experience of years, and the very highest scientific endorsements, guarantee the superiority of Christadoro's Hair Dye over every other invader. It is purely vegetable, infallible and instantaneous. Manufactured by J. CHRISTADORO, 6 Astor House, New-York. Sold by all Druggists. Applied by all Hair Dressers. (D)

**ERRORS OF YOUTH.**—A gentleman who suffered for years from Nervous Debility, Premature Decay, and all the effects of youthful indiscretion, will, for the sake of suffering humanity, send free to all who need it, the recipe and directions for making the simple remedy by which he was cured. Sufferers wishing to profit by the advertiser's experience, can do so by addressing JOHN B. OGDEN, No. 13 Chamber St., New-York.

**Dr. Schenck's Mandrake Pills** a substitute for Calomel. These Pills are composed of various roots, having the power to relax the secretions of the liver as promptly and effectually as blue pill or mercury, and without producing any of those disagreeable or dangerous effects which often follow the use of the latter. In all bilious disorders these pills may be used with confidence, as they promote the discharge of vitiated bile, and remove those obstructions from the liver and biliary ducts, which are the cause of bilious affections in general.

Schenck's Mandrake Pills cure sick headache, and all disorders of the liver, indicated by sallow skin, coated tongue, costiveness, drowsiness and a general feeling of weariness and lassitude, showing that the liver is in a torpid or obstructed condition.

In short, these pills may be used with advantage in all cases when a purgative or alterative medicine is required.

Please ask for "Dr. Schenck's Mandrake Pills," and observe that the two likenesses of the Doctor are on the government stamp—one when in the last stage of Consumption—the other in his present health.

**HABITUAL CONSTIPATION.** How to effect a certain and permanent cure. Some causes of life predispose to Costiveness, especially those which allow but little exercise. Persons who contract this unfortunate habit of body, under such circumstances, might possibly be relieved by changing their sedentary employments for others of a more active kind; but this is by no means certain. Habitual constipation is a very obstinate disorder. All the ordinary so-called remedies invariably aggravate it. Nothing can be more injurious than the continued use of strong aperients. They at first irritate, and finally almost paralyze the bowels—rendering them so torpid that enormous doses of cathartic medicines have no effect upon them. A mild aperient, combined with a gentle stimulant, is the true remedy; and a combination in the happiest proportion of these ingredients, is found in "Hostetter's Stomach Bitters." This famous Stomachic invigorates the whole intestinal canal, while quietly removing from its convulsions all impediments to a free passage through them. No more purgative has this double operation. No ordinary stimulant effects the desired object. Cases of Constipation abandoned as hopeless by distinguished medical men have been cured in a few weeks by the Bitters. To those who have tried all the medicines of the dispensary in vain, we say this irresistible stimulant and aperient. There is no real good reason why Constipation should be the consequence of sedentary habits. Hostetter's Bitters, by supplying the vigor which would otherwise be derived from exercise, will in all cases enable the system to perform its excretory functions regularly and healthfully. (D)

**A HUMBUG.**—How often we hear this expression from persons reading advertisements of Patent Medicines, and in nine cases out of ten they may be right. It is over 19 years since I introduced my medicine, the Venetian Liniment to the public. I had no money to advertise it, so I left it for sale with a few druggists and storekeepers through a small section of country, many taking it with great reluctance; but I told them that I had any one have it, and if it did not do all I stated on my pamphlet, no one need pay for it. In some stores two or three bottles were taken on trial by persons present. I was, by many, thought crazy, and that would be the last they would see of me. But I knew my medicine was no humbug. In about two months I began to receive orders for more Liniment, some calling it my valuable Liniment, who had refused to sign a receipt when I left it at their store. Now my sales are millions of bottles yearly, and all for cash. I warrant it superior to any other medicine for the cure of Croup, Diarrhea, Dysentery, Colic, Vomiting, Spasms, and Sea sickness, as an internal remedy. It is perfectly innocent to take internally, sea oaths accompanying each bottle—and externally, for Chronic Rheumatism, Headache, Mumps, Frosted Feet, Bruises, Sprain, Old Sores, Swellings, Sore Throats, &c., &c. Sold by all the Druggists. Depot 56 Cortland street, N. Y.

## Reasons why the American Watch Made at WALTHAM, MASS., IS THE BEST.

It is made on the best principle. Its frame is composed of solid plates. No jar can interfere with the harmony of its workings and no sudden shock can damage its machinery. Every piece is made and finished by machinery (itself famous for its novelty, as well as for its effectiveness) and is therefore opened made. The Watch is what all mechanism should be—accurate, simple, strong and economical. Except some high grades, too costly for general use, foreign watches are chiefly made by women and boys. Such watches are composed of several hundred pieces, screwed and riveted together, and require constant repairs to keep them in any kind of order. All persons who have carried "ancres," "lepinas" and "English Patent Levers," are perfectly well aware of the truth of this statement.

At the beginning of our enterprise, more than ten years ago, it was our first object to make a thoroughly good low priced watch for the million, to take the place of these foreign impositions; the refusal of foreign factories, which were entirely unsaleable at home and perfectly worthless everywhere.

How well we have accomplished this, may be understood from the fact that after so many years of public trial, we now make more than half of all the watches sold in the United States, and that no others have ever given such universal satisfaction. While this department of our business is continued with increased facilities for perfect work, we are at present engaged in the manufacture of watches of the very highest grade known to Chronometry, unexcelled by anything hitherto made by ourselves, and unsurpassed by anything made in the world. For this purpose we have the amplest facilities. We have erected an addition to our main building, and have filled it with the best workmen in our service. New machines and appliances have been constructed which perform their work with consummate delicacy and exactness. The choicest and most approved materials only are used, and we challenge comparison between this grade of our work and the finest imported cronometers. We do not pretend to sell our watches for less money than foreign watches, but we do assert without fear of contradiction that for the same money our product is incomparably superior. All our watches, of whatever grade, are fully warranted, and this warranty is good at all times against us or our agents in all parts of the world.

**CAUTION.**—The public are cautioned to buy only of respectable dealers. All persons selling counterfeits will be prosecuted.

The powder sells for forty cents per package, and will make ink enough to fill fifty bottles of the size usually retailed at ten cents per bottle.
