great medicine cured Dr. J. H. Schenck, the thurged and the amount thus raised will it had assumed its most formitable t had assumed its most formidable aspect, and when speedy death appeared to be inevitable. His physicians pronounced his case incurable, when he commenced the use of this simple but powerful remedy. His health was restored in a very short time, and no return of the disease has been apprehended, for all the symptoms quickly disappeared, and his present weight is more than two hundred pounds. Since his recovery, he has devoted his attention exclusively to the cure of Consumption and the diseases which are usually complicated with it, and the cures effected by his medicines have been very numerous and truly wonderful. Dr. Schenck makes professional visits to several of the larger cities weekly, where he has a large concourse of patients, and it is truly astonishing to see pour consumptives that have to be lifted out of their carriages, and in a few months, healthy, robust persons. Dr. Schenck's Pulmonic Syrup, Sea weed Tonic and Mandrake Pills are generally all required in curing Consumption. Full directions accompany each, so that any one can take them without seeing Dr. Schenck, but when it is convenient it is best to see him. He gives advice free, but for a thorough examination with his Respirometer his fce is three dollars. Please observe, when purchasing, that the two likenesses of the Doctor-one when in the averal practical questions.
