TO THE MARTYRS OF LIVER COMPLAINT. -Among the wonderful medical properties which have rendered Hostetter's Stomach Bitters pre-eminent among the health-restoring preparations of the age, its anti-bilious virtues are not the least remarkable. No words can do justice to its marvelous effect upon the diseased liver. Perhaps the simple words of a convalencent sufferer, who describes it as "going to the right spot," tells it as clearly as may be. It does go right to the spot. It operates directly upon the disordered organ, and whether unduly active or in a state of paralysis, restores it to a condition of health. #### DR. J. B. HOWER, ECLECTIC HERB DOCTOR,

LATE OF LANCASTER, PENNA., Has located in Marietta, where he will prescribe for Chronic diseases of every variety. He will also treat patients in Acute Diseases, at their places of residence, if

Doctor Hower has been engaged in the treatment of diseases, both coute and chronic, for 24 years; and was the only physician in the city of Lancaster last summer who cured every case of Cholera treated by him, without the loss of a single case, the successful treat-ment of which is owing to his long experience and extensive knowledge of vegetable reme-dies, having always discarded the use of min-eral poisons, as a oruel and unnatural means in restoring the sick.

We use such Balms as have no strife; With Nature or the Laws of Life; With blood our hands we never stain, Nor poison men to ease their pain. But our Father, whom all goodness fills, Provides the means to cure all ills: The simple herb beneath our feet,

Well used, relieves our pains complete. We have now a collection of some four hundred plants whose virtues are well known; beautiful and harmless remedies when properly used, and capable of removing every disease to which nature is liable to be subject-ed. The strongest evidence that the Author of nature has covered. of nature has caused medical virtues to reside in the vegetable kingdom, which he has ex-cluded from all other sources, is that these plants grow spontaneously everywhere, and that they are not fit for food, but that they do cure diseases where all other means fail; that

cure diseases where all other means fail; that they do, if properly administered, restore invalids to health when the last hope is gone! and that, too, without destroying the living tissues or poisoning the vital fluids of life.

Dr. Hower is no stranger among you, having represented Lancaster County in the Legislature 20 years ago. And during the last year he has treated and cured in Lancaster City, hundreds of cases of old standing diseases, given up as incurable by other eminent es, given up as incurable by other eminent physicians, whose certificates we could insert here if we had space in this column. In place of which we refer the public to the folplace of which we refer the partial place of which we refer the partial state of Lancaster.
