The Susquehanna has been very high, all week-higher than at any time during this spring-in many places the river and canal "have gone together"leaving no signs of a tow path. On Wednesday night about 91 o'clock, twenty-one rafts broke loose from their mooring and went-"the Lord knows where."

James Buchanan, ex President, entered upon his seventy-seventh year, on the 22d ult. He is in vigorous health and occasionally makes a trip from Wheatland to Lancaster, one mile and abalf, on foot; and what is more remarkable, in passing over that long public thoroughfare, though met by many people, he scarcely ever receives the respectful salutation of any man. Traitor-sympathizers are not popular in Lancaster county .- Clearfield Journal.

Demorest for June is on our table. We are not surprised to learn that ladies find it the indispensable companion of their working as well as their leisure hours. Its varied contents embrace every topic of interest in the parlor, kitchen and nursery, while its sensible tone and the amount of valuable information furnished, not to speak of the money value of its excellent patterns, render it premium which is sent for every yearly subscription. TEN REASONS WHY HOSTETTER'S Stomach Bitters should have a place in every home. Because by invigorating the constitution and the frame they avert sickness.

Because (especially) their use prevents the atmospheric poison which produces epidemics from taking effect upon the system. Because they cure indigestion and impart

unwonted vigor to the stomach. Because they are the best appetizing medi-

cine at present known. Because they are the only preparation upon which persons of a bilious habit can safely re-

ly to keep the liver in good order. Because they tone and regulate the bowels, and invariably relieve them when constipated

without causing undue relaxation. Because they strengthen the nerves, elea: the brain, and cheer the animal spirits. Because in case of an attack of spasm

billious colic they are the best thing that can he administered on the instant. Because they combine the three properties of a tonic, an alterative, and a nervine in

their utmost purity and perfection. Because they are a specific Ague and Fever
