A bloodless encounter occurred a tew days since between officer Benjamin Taylor and Leonard Leed. It appears Constable Taylor had a warrant for Leed, for having obtained a \$20 note from Stephen Maloney to get changed; after being absent awhile returned and handed Maloney a note wrapped up, saying he could not get change; this note turned out to be a \$2 note, for which Leed was sued. The warrant being in Taylor's hands to serve and after s vast deal of dash, brandishing of clubs and pistol firing, the warrant was served and nobody hurt.

The enternatument given by the pupils belonging to the Mount Joy Soldiers' Orphan school was quite a success. A lunch was given them at the White Swan Hetel, through the exertions of Capt. Geo. H. Ettla and Dr. H. S. front, who called upon some citizens to was crowded and the little ones acquit. ed themselves highly creditable. Everyhody was pleased-net even excepting the little ones themselves.

We see by our exchanges that the authorities in various parts of the State are having the dogs muzzled, as a precaution in case of madness. Would it not be wise if the Council Board of this borough would pass a law to the saire effect. There are a great many dogs running at large on our streets, and something ought to be done in the

Owing to the heavy rains on Monday evening last, few persons were present at the regular meeting of the "Open Temperance Society." It was thought proper to postpone the meeting until Mouday evening next. The following subject will then be discussed: "Which suffers more from the effects of drunkenness man or woman?" The public is of an order, by W. L. CLARK & Co., espectfully invited to attend.

The river commenced falling on Sunday last, after having submerged the canal banks for several days. A large number of loose floating saw logs passed down and two "log driving crews"-in ber of places. Boats are, however, again running.

An accident happened a little daughter of Mr. Samuel Thuma, residing at the west end of town, aged about four or five years, on Sunday last, by being kicked by one of Mr. T's, mules. At first it was supposed killed but is now, we learn, doing as well as could be expected, although its skull is fractured.

Consumption curable by Dr. Schenck's Medicines. To cure Consumption, the system must be prepared so that the lungs will heal. To accomplish this, the liver and stomach must first be cleansed and an appetite created for good wholesome food, which, by these medicines, will be digested properly, and good healthy blood made; thus building up the constitution. Schenck's Mandrake Pills cleanse the stomach of all bilious or mucous accumulations; and, by using the Sea Weed

Tonic in connection, the appetite is restored. Schenck's Pulmonic Syrup is nutriciousas, well as medicinal, and, by nsing the three remedies, all impurities are expelled from the system, and good, wholesome blood made. which will repel all disease. If patients will take these medicines according to directions, Consumption very frequently in its last stages yields readlly to their action. Take the pills frequently, to cleanse the liver and stomach. It does not follow that because the bowels are not costive they are not required, for sometimes in diarrhea they are necessary. The stomach must be kept healthy, and an appetite created to allow the Pulmonic Syrup to act on the respiratory organs properly and allay any irritation. Then all that is required to perform a permanent cure is, to prevent taking colo; exercise about the rooms as much as possible, eat all the richest food-fat meat, game, and, in fact, anything the appetite craves; but be particular and masticate well. TEN REASONS WHY HOSTETTER'S Stomach Bitters should have a place in every home. Because by invigorating the constitution and the frame they avert sickness.

Because (especially) their use prevents the tmospheric poison which produces epidemics from taking effect upon the system.

Because they cure indigestion and impart unwonted vigor to the stomach.

Because they are the best appetizing medicine at present known. Because they are the only preparation upon

which persons of a bilious habit can safely re ly to keep the liver in good order. Because they tone and regulate the bowels,

and invariably relieve them when constiputed without causing undue relaxation.

Because they strengthen the nerves, clear the brain, and cheer the animal spirits. Because in case of an attack of spasms or billious colic they are the best thing that can be administered on the instant.

Because they combine the three properties of a tonic, an alterative, and a nervine in their utmost purity and perfection.

Because they are a specific Ague and Fever and all intermittents, and with all their potency as a preservative and a remedy, are as harmless as water from the mountain spring.
