Quite a bloody rencountre occurred between a Negro and a Dutchman on Thursday night last. It appears a German named John Warley, living opposite Kline's tannery, had purchased some straw from young Kline, and whereupon Warley struck the woman over the head with a wheelbarrow sideboard. Upon learning this Mrs. John-500's son, a long-legged boy of about 17 years, loaded a gun and laid in wait for Warley and shortly after shot him in the back part of the head, almost literally tearing it away. Physicians were immediately called in and declared the Fryberger left town to arrest him.

The body of an unknown boy was Michael Ely, near Vinegar's ferry, on Tuesday morning last. From the appearance of the body it is supposed to have been in the water about three weeks. An inquest was held, and a verdict of accidental drowning rendered.

The Susquehanna is again up and in fine running order. The "oldest inhabitant" has no recollection of the Susquehuma ever having "been up" as often. Every facility has been offered to get all the lumber manufactured, to market.

George Kossel, better known as Old Yorrick," who was one of "Napoleon's Old Guard," died in this place, a few days since. He was 83 years old. The old man was blind for a number of jears, but would persist-cane in hand -to walk around his old accustomed haunts.

THE LAWS OF HEALTH .-- It is useless for State Legislatures to pass laws for the preservation of the public health, if the great law of self-preservation, which depends for its enforcement upon the will of the individual, is suffered to remain a dead letter.

There is scarcely an adult member of the community, of either sex, in this country, who has not seen the testimony in favor of Hos-TETTER'S STOMACH BITTERS, furnished over their own signatures by persons of acknowledged eminence in science, literature, art, commerce and every department of business and professional life. These witnesses have whilst removing it, John Johnson's declared in the most explicit terms that the (negro) wife accused him of stealing it, preparation is a safeguard against epidemics, a sovereign remedy for dyspepsia, a valuable anti-bilious medicine. a promoter of appetite, a genial and harmless stimulant, a good acclimating medicine, a strengthener of the nerves, a general invigorant, a protection against the deleterious effects of malaria and impure water, and that it imparts a degree of vigor a d activity to the vital forces which is not communicated by any other of the tonics and ston achies in use Under these circumstan ces the self-preservative law of nature should case hopeless. The boy procured a teach every rational person who, either by neighbor's horse and was soon out of reason of inherent debility or in consequence town. On Friday morning constable of exposure to unwholesome influences, is in peril of losing the greatest of all temporal blessings, HEALTH, the importance of using the bitters as a defensive medicine. Dyspep. found floating in the Susquehanna, by tics who neglect to give it a trial are simply their own enemies. . It is guaranteed to cure Indigestion in all its forms, and the bilious and nervous will find nothing in the whole range of official and proprietary medicines which will afford them the same relief.

> SCHENCK'S SEAWEED TONIC. This medi cine invented by Dr. J. H. Schenck, of Philadelphia, is intended to dissolve the food and make it into chyme, the first process of digestion. By cleaosing the stomach with Schenck's Mandrake Pills, the tonic soon restores the appetite, and food that could not be eaten before using it will be easily digested.

Consumption cannot be cured by Schenck's Pulmonic Syrup unless the stomach and liver is made healthy and the appetite restored, hence the Tonic and Pills are required in nearly every case of consumption. A half dozen bottles of the SEAWEED TONIC and three or four boxes of the mandrake fills will cure any ordinary case of dyspepsia.

Dr. Schenck makes professional visits in New York, Boston, and at his principal office in Philadelphia every week. See daily papers of each place, or his pamphlet on consumption for his days for visitation.

Please observe, when purchasing, that the two likennesses of the Doctor, one when in the last stage of Consumption, and the other as he now is, in perfect health, are on the Goverament stamp.

Sold by all druggists and dealers, price \$1.50 per bottle or \$7.50 the half dozen. All letters for advice should be addressed to Dr. SCHENCK's Principal office, No. 15 North 6th Street, Philadelphia, I a.

> A Young Lady returning to her country nome, after a sojourn of a few months in the city, was hardly recognized by her friends, In place of a coarse, rustic, flushed face, she had a soft ruby complexion of almost marble smoothness, and instead of twenty-three she really appeared but eighteen. Upon inquiry as to the cause of so great a change, she plainly told them that she used the CIRCASSIAN BALM, and considered it an invaluable acquisition to any Lady's toilet. By its use any Lady or Gentleman can improve their perconal appearance an hundred fold. It is simple in its combination, as Nature herself is simple, yet unsurpassed in its efficacy in drawing impurities from, also healing, cleansing and beautifying the skin and complexion. By its direct action on the cuticle it draws from it all its impurities, kindly healing the same, and leaving the surface as Nature intened it should be, clear, soft, smooth and beautiful. DR. WISTAR'S BALSAM OF WILD CHERRY -In the whole history of medical discoveries no remedy has performed so many or such emarkable cures of the numerous affections of the Throat, Lungs and Chest, as this longtried and justly celebrated Balsam. So generally acknowledged is the superior excellence of this remedy that but few of the many who have tested its virtues by experience fail to keep it at hand as a speedy and certain cure for sudden attacks of Cold-fully believing that its remedial powers are comprehensive enough to embrace every form of disease. from the siightest cold to the most dangerous symptoms of pulmonary complaint.

UNSOLICITED TESTIMONY. From Rev. Francis Lodell, Pustor of the South Congregational church, Bridgeport, Connecticut.

"I consider it a duty which I owe to suffering humanity to bear testimony to the virtues of Di. Wistar? Balsam of Wild Cherry. I have used it—when I have had occasion for any remedy for (oughs, Colds or Sore Throat,—for many years, and never in a single instance has it failed to cure me. I have frequently been very hoarse on Saturday, and looked forward to the delivery of two sermons on the following day with sad misgivings, but by a liberal use of the Balsam, my hoarseness has invariably been removed, and I have preached without difficulty.

I commend it to my brethren in the ministry and to public speakers generally, as the best remedy for the bronchial troubles to which we are peculiarly exposed." "I consider it a duty which I owe to suff-

ALLCOCK'S POROUS PLASTERS.

Hartford, Conn., Nov. 11, 1864. Messrs. Thos. Allcock & Co .- Please send with dispatch, twelve dozen Allcock's Porous Plasters. Our daily experience confirms their very superior exeellence. At this moment of writing a man applies for one, who, by entanglement in the shaft of machinery, had both his legs broken, spine severely injured, and was for nearly a year entirely helpless. This man found relief very soon by the application of a plaster to his spine. He was soon enabled to work and now he labors as well as ever. He would cheerfully pay \$5 for a single Plaster if they could not be had at a lower rate. I am surprised that surgeons de not make use of these perforated plasters to the exclusion of all others, as their flexibility and adhesiveness are greatly in advance of all other plasters with which I am acquainted while the perforations peculiar to them rendered them greatly superior to all others for ordinary surgical uses. Knowing the plasters to be so useful, I have no scruples that my sentiments should be known.

PHILADELPHIA UNIVERSITY MEDICINE AND SURGERY-

MEDICINE AND SURGERYThe Philadelphia University of Medicine and Surgery was organized in 1848. Chartered by the Legislature, February 26, 1853. Name changed by a legislative enactment to the Eclectic Medical College of Philadelphia, in 1860. In 1863 it purchased the Pennsylvania Medical College, established in 1842, and the Philadelphia Medical College, which had previously been merged into the Pennsylvania Medical College. In 1864 it purchased the Penn Medical University. The Trustees of the separate schools united, petitioned, and obtained a special act of the Legislature, consolidating these institutions and changing their uames to that of the Philadelphia University of Medicine and Surgery, March 15, 1865. All these various acts are published in the statues of Pennsylvania. The cost of the building and museum was over one hundred thousand dollars. It will be observed that the University, as now organized, is the legal representative of the four medical colleges that thas absorbed.
