We are glad to learn from Rev. Mr. Greeg, that the fair and festival at Bambridge, netted the M. E. church three hundred dollars.

The Lancaster Intelligencer announces that it will send its weekly edilion from July 3rd, until October 9th for fifty cents. Apart from the Intelligencer's copper abiliations it is an excellent weekly. Its literary selections are always very fine.

All yendors of merchantdise who have not already done so, are required to lift their licenses at the County Treasurer's Office before the first of July, or the amount due from them will be put into the hands of an Alderman for collection. The Treasurer informs as that our borough has quite a large number remaining on hand and if not tifted before the first will have to go to other hands for collection.

Rev Mr. Alexander has returned to Columbia, and reopened the Classical Institute formerly in his charge. He was very popular when there before, but was compelled to sever his connection with the school on account of his declining health. We learn he is much recuperated. See advertisement in another columb.

These several hot days has called into requisition Dr. H. Landis' Mineral Water Fountain. Who would do without a glass of cool mineral water, these sultry days, when it can be had for half a dime? Echo answers "Who?"

SA Col. Bruce, late of the U.S. army, and for 35 years amongst the Indians, delivered a very interesting lecture on their manners and customs, to a large audience, in the town hall, on last Tuesday evening.

The young bloods of our town are to have a Fourth of July Ball in the evening, on Pine street. Those having the matter in hand are regarding no expense to have it something extra.

The bricklayers have completed the first story of Spangler & Rich's new store building, which, when completed. will be quite an ornament to the town.

"The Little Corporal" for July is the first number of a new volume. Mrs. Emily Huntington Miller is hereafter to be associate editor. The little favorite is published at \$1 a year. Address, Alfred L. Sewell, Chicago, Ill.

Twelve hundred shad were caught in the Juniata, within one mile of Newport, Perry county,-all within ten days, ending about a week ago. This shows the success of opening sluices in the dams of the Susquehanna for the passage of these fish.

As a tonic and appetizer, nothing can equal the effect of Dr. H. Anders' lodine Water. Unlike all stimulants its effect is permanent, building up the body, and giving atrength and vitality to all parts of the system. In old and chronic cases it may be used with almost a certainty of success.

The Copperhead council of Reading has discovered that it would "mar the beauty" of the streets of that city to erect a Soldiers' Monument in any part thereof. Certainly, as the same party denied the soldiers the right to Yote while they were battling for the Government, it is consistent to refuse them honorable sepulcure.
