The Union Pacific Railroad Co., Are now constructing a railroad from OMAHA, NEBRASKA,

westward towards the Pacific Ocean, making with its connections an unbroken line ACROSS THE CONTINENT.

The Company now offer a limited amount of their

FIRST MORTGAGE BONDS having thirty years to run, and bearing annual interest, payable on the first day of Janu-

ary and July, in the city of New York, at the rate of SIX PER CENT. IN GOLD.

NINETY CENTS ON THE DOLLAR. This road is already completed to Juleaburg, 376 miles west of Omaha, and is fully equipped, and trains are regularly running over it. The Company has now on hand sufficient iron ties, etc., to finish the remaining portion to the eastern base of the Rocky Mountains, 141 miles, which is under contract to be done in September of this year, and it is expected that the entire road will be in running order from Omaha to its western connection with the Central Pacific, now being rapidly built eas:ward from Sacramento, Cal., during 1870.

Means of the Company. Estimating the distance to be built by the Union Pacific to be 1,565 miles, the United States Government issues its Six per cent. Thirty-Year Bonds to the Company as the road is finished at the average rate of about

\$28,250 per mile, amounting to \$44,208,000. The Company is also permitted to issue its own First Mortgage Bonds to an equal amount, and at the same time, which by special act of Congress are made a first mortgage on the entire line, the bonds of the United

States being subordinate to them. The Government makes a donation of 12,800 acres of land, to the mile, amounting to 20,-032,000, estimated to be worth \$30,000,000 making the total resources, exclusive of the capital, \$118,416,000; but the full value of the lands cannot now be realized.

The authorized capital Stock of the Company is one hundred million dollars, of which five milions have already been paid in, and of which it is not supposed that more than wenty-five millions at most will be required. The cost of the road is estimated by competent engineers to be about one hundred mllion dollars, exclusive of equipment.

Prospects for business,

The railroad connection between Omaha and the East is now complete, and the earnings of the Union Pacific on the sections atready finished for the first two weeks in May were \$113,000. These sectional earnings as the road progresses will much more than pay the interest on the Company's bonds, and the through business over the only line of railroad between the Atlantic and Pacific must be im-

Value and Security of the Bonds.

The Company respectfully submit, that the above statement of facts fully demonstrates the security of their Bonds, and as additional proof they would suggest that the Bonds nowoffered are less than ten million dollars on 517 miles of road, on which over twenty million dollars have already been expended; -on 330 miles of this road the cars are now running, and the remaining 187 miles are nearly com-

W. BOWERS & CO., SUCCESSORS TO H. D. Benjamin, DEALERS IN

Wines and Liquars

OF EVERY DESCRIPTION.

Store on Front-st, a few doors west of

The White Swan Hotel. THE undersigned having purchased the stock, good-will and fixtures of H. D. Benjamin's Liquor establishment, would take benjamin's Luquor examination, would take this method of informing the old friends of the establishment and the public generally that nothing shall be left undone to merit and they hope to receive a liberal share of the public's patronage. They only ask a fair trial.

All Liquors warranted as represented. All orders promptly attended to.

W. BOWERS & Co. Marietta, July 13, 1867. THE CHAMPION CLOTHES WRINGER

YOHN SPANGLER has just received and has for sale this celebrated Wrioger, with or without cog-wheels. This is now regarded as the best machine in use. It is more easily adjusted to the tub, and is wider than any machine of the price. No. 1, without cog-wheels with ten inch rollers, is selling at \$8; No. 2, with cog-wheels, \$9; No. 3, with cog-wheels, 11 inches, \$11.
