KNOW THY DESTINY.—Madame E. F. Thornton, the Great English Astrologist, Clairvoyant and Psychometrist, who has astonished the scientific classes of the Old World, has now located herself at Hudson, N. Y. Madame Thornton possesses such wonderful powers of second sight, as to enable her to impart knowledge of the greatest importance to the single or married of either sex.

A YOUNG LADY returning to her country home, after a sojourn of a few months in the city, was hardly recognized by her friends. In place of a coarse, rustic, flushed face, she had a soft ruddy complexion of almost marble smoothness, and instead of twenty-three she really appeared but eighteen.

CRISPER COMA. Oh! she was beautiful and fair, With starry eyes and radiant hair, Whose curling tendrils soft, entwined, Enchained the very heart and mind.

EXCELSIOR!! Excelsior's Hair Exterminator!! For Removing Superfluous Hair. To the ladies especially this invaluable depilatory recomends itself as being almost indispensable article to female beauty.

WHISKERS AND MOUSTACHES! FORCED to grow upon the smoothest face in from three to five weeks by using Dr. Seville's Restaurateur-Capillaire, the most wonderful discovery in modern science, acting upon the hair in an almost miraculous manner.

ASTROLOGY! THE WORLD ASTONISHED.

She reveals secrets no mortal ever knew. She restores to happiness those who, from doleful events, catastrophes, crosses in love, loss of relations and friends, loss of money, &c., have become despondent. She brings together those long separated, gives information concerning about friends or lovers, restores lost or stolen property, tells you, the business you are best qualified to pursue and in what you will be most successful, causes speedy marriages and tells you the very day you will marry, gives you the name, likeness and characteristics of the person. She reads your very thoughts, and by her almost supernatural powers unveils the dark and hidden mysteries of the future. From the stars we see in the firmament—the malefic stars that overcome or predominate in the configuration—by the aspects and positions of the planets and the fixed stars in the heavens at the time of birth, she deduces the future destiny of man. Fail not to consult the greatest Astrologist on earth. It costs you but a trifle, and you may never afterwards regret desiring them. Write plainly. Consultation fee, with likeness and all desired information, \$1. Parties living at a distance can consult the Madame by mail with equal safety and satisfaction to themselves, as if in person. A full and explicit chart, written out, closed, sent by mail on receipt of price above mentioned. The strictest secrecy will be maintained, and all correspondence returned or destroyed. References of the highest order furnished those desiring them. Write plainly the day of the month and year in which you were born, enclosing a small lock of hair.

REPARATOR CAPILLI.

Throw away your false frizzes, your switches, your wig—Destructive of comfort, and not worth a hair; Come aged, come youthful, come ugly and fair, And rejoice in your own radiant hair.

For restoring hair upon bald heads (from whatever cause it may have fallen out) and forcing a growth of hair upon the face, it has no equal. It will force the beard to grow upon the smoothest face in from five to eight weeks, or hair upon bald heads in from two to three weeks. A few ignorant practitioners have asserted that there is nothing that will force or hasten the growth of the hair or beard. Their assertions are false, as thousands of living witnesses (from their own experience) can testify to. Write plainly what you desire, and we will distinguish the genuine from the spurious? It certainly is difficult as nine-tenths of the different Preparations advertised for the hair and beard are entirely worthless, and you may have already thrown away large amounts in their purchase. To such we would say, try the Reparat Capilli; it will cost you nothing unless it fully comes up to our representations. If your druggist does not keep it, send us one dollar and we will forward it, postpaid, together with a receipt for the money, which will be returned you on application, providing entire satisfaction is not given. THE PHILADELPHIA UNIVERSITY! The Philadelphia University of Medicine and Surgery was organized in 1848. Chartered by the Legislature, February 26, 1853. Name changed by a legislative enactment to the Eclectic Medical College of Philadelphia in 1860. In 1862 it purchased the Pennsylvania Medical College, established in 1842, and the Philadelphia Medical College, which had previously been merged into the Pennsylvania Medical College in 1859. In 1865 the Penn. Medical University. The Trustees of the separate schools united, petitioned, and obtained a special act of the Legislature, consolidating these institutions and changing their names to that of the Philadelphia University of Medicine and Surgery, March 12, 1865. All these various acts are published in the status of Pennsylvania. The cost of the building and museum was over one hundred thousand dollars. It will be observed that the University, by a legislative act, is the legal representative of the four medical colleges that it has absorbed. It is a liberal school of medicine, confined to no dogma, nor attached to any medical clique; but embraces in its teaching everything of value to the profession. Sessions—It has two full sessions each year, commencing on the 1st of October, and continuing until the 1st of January as its first session, and from the 1st of January to the 1st of April as its second; the two constituting a year. The first session commences on the 1st of August, and continuing until August, for the preparatory branches, such as Latin, Greek, Mathematics, Botany, Zoology, Chemistry, Anatomy, Physiology, &c. Tickets to the full course of lectures \$120, or \$60 for each session. For the summer or preparatory course \$25. Graduating fees \$30. To aid young men of moderate means, the University has issued five hundred scholarships, of the value of \$100 each, to first course students, for 75, and to second course students and clergymen for \$50, each constituting the holder a member, with the perpetual privileges of the lectures, and all the teachings of the University. The only additional fees are a yearly dissecting and matriculating ticket, each of which is \$5.

THE ADVANTAGES OF SCHOLARSHIPS.—The student holding a scholarship can attend the College at any time during the year, at less than the ordinary rate. He can enter the institution as frequently as desired. It requires no previous reading or study to enter the University on scholarships, hence, all private tuition fees are saved. Students, by holding scholarships, can prosecute their studies at their own leisure. The candidate for graduation can present himself at any time, and receive his degree as soon as qualified. In case a student should hold a scholarship and be unable to attend, he can be transferred to another, thus preventing any loss. Parents, guardians, or friends of students wishing to purchase scholarships for them a year or more before their attendance at the University, can secure them by advancing one-half the price, and paying the balance when the student enters. Physicians and benevolent men can bestow great benefit upon poor young men, by presenting them a scholarship, and thus enabling them to obtain an honorable profession. The Faculty embraces seventeen, eminent physicians and surgeons. The University has associated with it a large hospital clinic, where every form of medical and surgical disease is operated on and treated in the presence of the class. COLLEGE BUILDING.—The College building located in Ninth street, south of Walnut, is the finest in the city. Its front is collegiate Gothic, and is adorned with embattlements and embrasures, presenting a novel, bold, and beautiful appearance. The facade is of brown stone, ornamented by two towers, rising to the elevation of eighty feet, and crowned with an embattled parapet. The building contains 31-100 to 400 to 500 study rooms, all supplied with water, gas, and every other convenience, that modern improvement can contribute to facilitate medical instruction. Only five hundred scholarships will be issued, and two hundred are now sold, those who wish to secure one should do so at once. Money can be remitted by express, or a draft or a check sent on any National bank in the United States, when the scholarship will be returned by mail, signed by the President of the Board of Trustees.
